Autumn Planting
1944

Thank You

We wish to pay tribute to our customers, old and new, for the understanding and consideration shown us last spring. Not only were your orders of generous proportions, but your understanding of the difficulties under which we are operating due to the war, and consequent shortage of man-power, displayed a tactful consideration which we deeply appreciate.

With the idea in mind of saving both your time and ours, each order for bulbs or Roses, when filled, is accompanied by simple planting instructions. This, in addition to the information contained in the catalog, gives you full and complete knowledge of our plants and tells you all you need ever know about them in order to obtain the maximum rewards in beauty. Thus have we tried to anticipate the questions which might naturally arise in your mind at the time your order is placed.

We deeply appreciate your indulgence and patience and ask that you continue to bear in mind these few thoughts: (1) **Nursery products are always ordered in advance.** (2) **Simple planting instructions accompany each order.** (3) **We ship promptly at planting time.**

And Now —

The autumn planting season is almost upon us. Many orders for delivery this autumn already are on file in our busy office.

THE DEMAND FOR FLOWERS, ROSES, BULBS AND SHRUBS IS GREATER THAN EVER. Thousands of new and eager gardeners are being created throughout the land and their letters tell us how great is their enjoyment derived from the mild exercise, the pleasant relaxation, and the soothing peace that flowers bring to tired minds and bodies. The reason for this desire for beauty in such a world is obvious to you.

It is essential that you place your order NOW for the things you wish to see grow and bloom in your garden in spring to come. This floral beauty must be planned and arranged for in advance. The shortage of man-power has resulted in a serious shortage of supply but, by ordering now, you, your family and friends will be assured the gay patches of gorgeous color in your garden—cheerful, brilliant blossoms that offset the drab days of winter and war.

Send your check with the accompanying order blank in the back of the book. Or, if not convenient, we will gladly send the shipment at planting time, C. O. D.

Our products cannot be surpassed in quality, therefore the demand for them is very great. Join the ranks of our vast number of discriminating and far-sighted customers and place your order NOW—TODAY—while stocks are complete.

Guaranteed Superior Quality

MENTOR, OHIO

You Cannot Afford to Miss Our 1944 Jubilee Daffodil Mixture

Our 1944 Jubilee Mixture is something unique! Nothing like it can be purchased anywhere else in this country! It is composed of over two hundred choice collectors' varieties we cannot any longer continue to grow because of present conditions. In addition it contains all our tested unnamed seedling Daffodils.

It is impractical to introduce or name every one of the thousands of seedlings we raise each year. So after testing the best of the Hybrids for several years only a few are chosen for mass production, the balance, no matter how fine, will be sold in our 1944 Jubilee Mixture. As a result you will find flowers in this mixture which differ only slightly from catalog varieties which sell for \$2.00 or more per single bulb.

The supply of Hybrid bulbs naturally limits the number of bulbs of the Jubilee Mixture we can sell. When the making of this mixture is completed and our Hybrid seedling bulbs are used up, it is not possible to make additional quantities. Needless to say, early ordering is advisable. The never-ending variations in color and form of the flowers in our 1944 Jubilee Mixture will certainly please the most critical Daffodil enthusiast.

Top Size Bulbs Only

25 bulbs for	\$ 4.00
50 bulbs for	7.00
100 bulbs for	12.50
1000 bulbs for	110.00
250 or more bulbs may be had at the 1000 rate.	

The above mixture was offered last year. Several thousand bulbs not large enough to be sold at that time were replanted and are now offered. This is the last available supply; there will be no more after this season.

Our Special Daffodil Mixture

Our Special Mixture is not **grown** as a mixture, but it is made up from more than a hundred favorite and standard varieties. Each variety is carefully selected for its ability to continue blooming and increasing year after year without the necessity of frequent transplanting. Early, medium and late flowering kinds are properly proportioned. This provides a long and satisfactory flowering period. The increase in bulbs from year to year will give you an ever-increasing number of lovely flowers in your garden as well as for cutting. We repeat again our Special Mixture is carefully blended from fine, standard varieties of long life.

25 bulbs for	\$ 3.00
50 bulbs for	5.50
100 bulbs for	10.00
1000 bulbs for	90.00

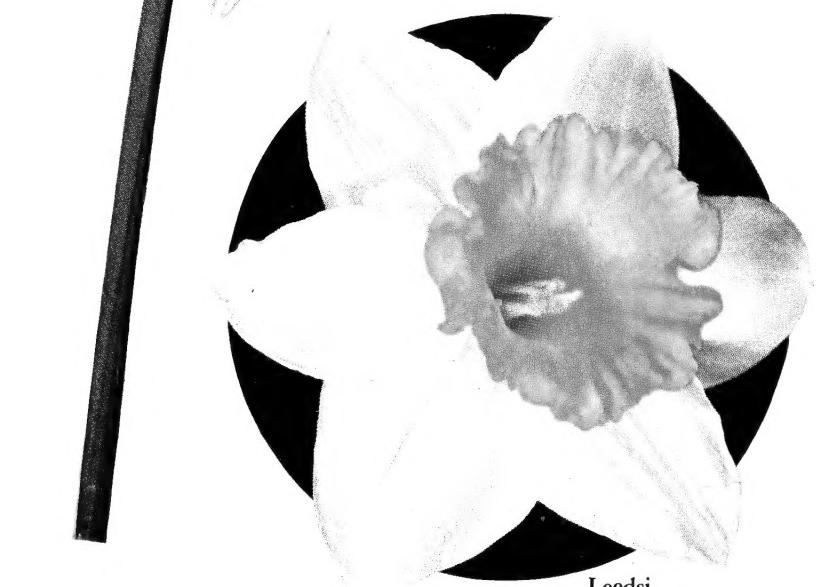

Daffodils Grow Easily

Plant Some This Autumn and They

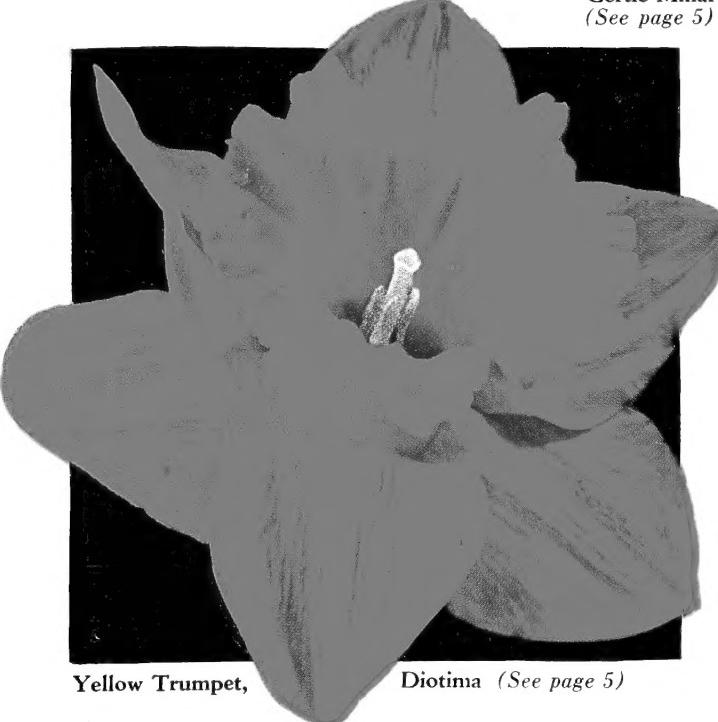

Daffodils announce the arrival of springtime and reward you richly. They grow with little attention and provide quantities of cut flowers. These gay flowers endure unseasonable cold weather without damage. They will not disappoint you. They grow so easily that children plant them. They multiply rapidly if **Wayside** bulbs are used and your dividends of beauty are doubled each year. They harmonize beautifully with other flowers and no garden is too modest for an abundance of them.

~ REQUIRE LITTLE CARE

Will Increase In Great Numbers Each Spring

In planning your spring garden do not overlook the dainty Narcissus. It offers you considerable variation and desirable novelty. It has proven increasingly popular and each year we have added to our listings. In this book you will find the widest choice of tested and guaranteed varieties.

Remember, Narcissi multiply rapidly. Many of our customers make their investment in Narcissi quite profitable by selling their yearly increase of these lovely flowers to neighbors and friends. Of all bulbs, it is one of the easiest to grow.

Yellow Trumpet Daffodils

Division 1a: Trumpet as long or longer than perianth segments, trumpet lemon, yellow or sulphur colored, with perianth of same shade but not of white.

Aerolute

Six \$1.25, Doz. \$2.30, 100 \$15.00
The large flower is beautifully proportioned, giving the impression of gracefulness, despite its size; perianth deep primrose, with a medium yellow trumpet which is left in bold relief by the broad pointed star formed by the opening outer petals, an inch and a half wide; medium early, but remains until late, and is one of the longest lasting of all Daffodils in the garden or after being cut. (Color illustration, page 3.)

Dawson City

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00
Much overlapping and flat perianth with a very smooth trumpet, nicely flanged at the mouth. This perfect flower is golden yellow throughout. Great favorite in England.

Diotima

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00
Considered by experts as the very best of the new super-giant yellow trumpets; despite its huge size (perianth being five to six inches across) the whole flower is beautifully proportioned and is carried gracefully on two-foot tall stem, entirely free from stiffness of many of the giant trumpets; the broad overlapping petals form a star-shaped perianth of medium deep primrose, trumpet somewhat more deeply colored; undoubtedly one of the top-notchers for many years to come. (Color illustration, page 2.)

Emperor

Round Bulbs Six \$1.10, Doz. \$1.85, 100 \$12.00
Double Nosed Bulbs Six \$1.25, Doz. \$2.30, 100 \$15.00
Perianth primrose, trumpet darker, a forcing and bedding flower of proven merit. Still a fine old variety.

King Alfred

Top Size Round Bulbs Six \$1.25, Doz. \$2.30, 100 \$15.00
Mammoth Double Nose Bulbs Six \$1.50, Doz. \$2.75, 100 \$18.00
A king among the fine varieties. Rich, lustrous golden yellow throughout. Extremely vigorous in habit. Perianth often 4 inches across, trumpet fully 2 inches. Most popular variety for forcing.

Lord Wellington

Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00
One of the largest yellow Trumpets of unusually strong texture and lasting remarkably long in condition, perianth slightly reflexing, trumpet long, rich golden yellow. It is our opinion this is one of the finest of the yellow Trumpet Daffodils.

Olympia

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00
A much improved and enlarged Emperor, free flowering and hardy.

Statendam

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00
An extremely large golden yellow Trumpet Daffodil of superb yet graceful proportions. Massive overlapping deep golden yellow perianth, large, flaring, well-formed trumpet. Vigorous grower suitable for exhibition.

Warwick

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00
Another of the striking new King Alfred seedlings outstanding in every way and very early; refined stem and neck bearing a star-shaped perianth of great substance; golden yellow, with trumpet a shade deeper in color.

Youth

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00
A superb flower of very good form and invaluable for exhibition. The perianth is flat and overlapping with long trumpet beautifully proportioned. A clear shade of pale lemon-yellow throughout. Outstanding.

White Trumpet Daffodils

Division 1b: Varieties with white perianth and white or nearly white trumpet, including pink or apricot trumpets.

Ada Finch Each \$1.75, Three \$5.00, Doz. \$19.00, 100 \$135.00
Exquisite white variety, with snow-white flowers and beautifully shaped trumpet. Fine for garden and show use.

Beersheba Each \$1.75, Three \$5.00, Doz. \$19.00, 100 \$135.00

Perianth and trumpet of magnificent proportions. Height 20 to 22 inches. Its color is not pure white, yet is expressive of purity in the highest sense. Those who are forming collections of fine Narcissus rate Beersheba at the top of the large white Trumpets. (Color illustration, page 3.)

La Vestale Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00

Giant Trumpet type with pure ivory-white perianth, of informal design, with trumpet of deep cream-yellow, tall, fine for small groups or naturalizing in dim shade; though of delicate appearance, it is of good substance and lasts well; early. (Color illustration, page 2.)

Lovestest Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00

One of the very few members of the "Pink Daffodil" class; among the daintiest of all the Trumpets; medium in height with a starry shaped perianth of informal type; nicely proportioned trumpet of saffron-yellow turning to apricot-pink; delightfully charming at all stages; very early.

Mrs. E. H. Krelage Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00

The pristine purity of this flower, the play of light on its balanced petal-age, the graceful curve of the trumpet brim are unforgettable. An excellent grower. Easy to force, long-stemmed.

Mrs. R. O. Backhouse Each \$1.75, Three \$5.00, Doz. \$19.00, 100 \$135.00

This is the famous "Pink Daffodil"; fine informal perianth of ivory-white, and beautifully proportioned, slim long trumpet of apricot-pink, changing to shell-pink at the deeply fringed edge; delicately beautiful but of exceptional substance; long lasting; early, belongs in every collection. (Color illustration, page 9.)

President Carnot Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00

A self-colored creamy white trumpet of the Olympia type, with perianth petals slightly twisting and reaching forward, adding beauty of form to the charming color harmony.

Bicolor Trumpet Daffodils

Division 1c: Bicolor Trumpet Daffodils, with white or whitish perianth and a yellow, lemon or pale primrose trumpet.

Ben Hur Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00
Enormous flower with deep yellow trumpet, well opened; perianth pale yellow with outer petals exceptionally broad and inner ones usually slightly twisted, making the flower more graceful.

Jefta Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00
A striking new variety with broad overlapping perianth of creamy white, and light canary trumpet; strong grower, but graceful.

Spring Glory Six \$1.25, Doz. \$2.30, 100 \$15.00
A great favorite, both for the garden and for forcing; pure yellow trumpet, slightly paler perianth, excellent stem, and always free blooming. (Color illustration, page 3.)

Barri Narcissi

Division 3: Barri, cup and crown measuring less than one-third the length of the perianth segments.

Alcida Six \$1.10, Doz. \$1.85, 100 \$12.00
Giant flower, pure white perianth opening flat, star-shaped, with individual petals over 1 1/2 inches wide; broad, citron-yellow cup with blood-orange frill; strong grower, fine substance and wonderfully free flowering; very late.

Anna Croft Six \$1.10, Doz. \$1.85, 100 \$12.00
One of the leaders in every show and equally fine in the garden; perianth light primrose, supporting a large sized trumpet deeply crinkled and frilled; cup of darker yellow shading to orange at edge; very tall stem; medium early.

Bath's Flame Six 90c, Doz. \$1.65, 100 \$10.75
Yellow perianth, deep yellow cup with broad edge of orange-red. The petals are very long, giving the flower a distinct and outstanding character. A perfection in scarlet and gold. Long stems.

Diana Kasner Six 90c, Doz. \$1.65, 100 \$10.75
A pure white perianth and a large fluted yellow cup with blood-red frill, very free flowering and an excellent forcer. We consider this variety as one of our most valuable introductions and cannot recommend it too highly.

Firetail Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00
Popular the world over; broad petaled creamy white perianth and large cup with scarlet-orange frill. (Color illustration, page 9.)

Fleur Each 65c, Three \$1.80, Doz. \$6.50, 100 \$45.00
Broad petaled reflexing perianth of pure Poeticus-white, with a flat deeply frilled cup, citron-yellow edged orange-red; beautifully proportioned. This variety received an Award of Merit in 1927 and is unquestionably one of the loveliest Barri varieties. (Color illustration, page 9.)

Mrs. Barclay Six \$1.25, Doz. \$2.30, 100 \$15.00
Large flower with flat, reflexed, broad-petaled overlapping perianth of pale primrose, changing to pure white; deeply frilled flat cup of primrose-yellow, with dainty orange picotee; extremely showy and a great favorite in the garden.

Mrs. Walter Brewster Six \$1.10, Doz. \$1.85, 100 \$12.00
Fine reflexed perianth of pure white, flat cup, lemon-yellow edged with oxblood-red; fine lasting flower; one of the best.

Leedsi Narcissi

Division 4: Perianth white, cup white, or pale citron, sometimes tinged with pink or apricot.

Gertie Millar Each 65c Three \$1.80, Doz. \$6.50, 100 \$45.00
Wonderful flower of the new Giant Leedsi type with pure white perianth similar to and as large as Van Waveren's Giant, with a beautifully proportioned pale primrose cup deeply fluted and frilled and of translucent texture; unusually long pistils and anthers match these colors perfectly; a most handsome flower. (Color illustration, page 2.)

Hera Six 90c, Doz. \$1.65, 100 \$10.75
Broad-petaled creamy white perianth, star-shaped and deeply frilled cup of creamy white with a dainty edging of light primrose; one of the most beautiful of all Daffodils.

Lord Kitchener Six 90c, Doz. \$1.65, 100 \$10.75
A particularly heavy bloomer, and it increases rapidly and is very hardy. Quite outstanding in this group. Broad, flat, pure white perianth, very pale primrose crown.

Nette O'Melveny Six 90c, Doz. \$1.65, 100 \$10.75
A dancing Daffodil with pure white perianth and cup of clear lemon-yellow, with orange picotee; splendid foliage; tall, graceful stem, and good neck; in every way a delightful flower and sure to become immensely popular.

Silver Star Six \$1.25, Doz. \$2.30, 100 \$15.00
Perfect broad-petaled, star-shaped perianth of pure cream-white, with finely proportioned, wide-mouthed trumpet of primrose, changing to cream-white, just a shade deeper than the perianth, extra fine and free flowering. (Color illustration, page 4.)

Suda Each \$1.75, Three \$5.00, Doz. \$19.00, 100 \$135.00
A most beautiful flower of fine substance, pure white perianth and well-formed bell-shaped trumpet of a pale amber-rose color, very refined. Height 18 inches. A superb variety for the collector.

Tunis Each 80c, Three \$2.25, Doz. \$8.00, 100 \$57.50
Tall robust-growing variety of lasting substance. A broad wavy white perianth and large bold ivory crown with handsome flanged and serrated brim, retaining a remarkable flush of pale coppery gold at the edge. (Color illustration, page 3.)

Incomparabilis Narcissi

Division 2: Incomparabilis, cup or crown measuring from one-third to nearly the length of the perianth segments.

Abelard

Each 80c, Three \$2.25, Doz. \$8.00, 100 \$57.50

Broad yellow cup, orange tint at edge, and showy orange anthers, supported by broad primrose perianth of exceptionally good substance; beautiful in the unfolding bud, and an unusually long lasting flower.

Bernardino

Six \$1.00, Doz. \$1.75, 100 \$11.25

Perianth cream colored, the frilled and fluted cup stained deep apricot-orange at its edge. A good hardy grower which forms nice clumps in a short time.

Croesus

Six \$1.10, Doz. \$1.85, 100 \$12.00

Universally popular both for the garden and for exhibition; light canary-yellow perianth of perfect form, with outer petals nearly touching, the inner ones overlapping, opening flat; broad fluted cup of rich orange to base; substantial, free flowering, and a fine propagator.

Carlton

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00

A most beautiful variety. Broad, overlapping, flat perianth with a large, expanded cup. The whole flower is of a soft uniform yellow. Very free flowering and a strong and sturdy grower. One of the outstanding varieties in this group. (Color illustration, page 2.)

Dick Wellband

Each 70c, Three \$2.00, Doz. \$7.00, 100 \$47.50

The perianth is pure white and the cup a brilliant flame-orange. One of its most remarkable qualities is that the color does not fade but rather intensifies with age. The flower has unusual lasting qualities. Its greatest beauty lies in the startling contrast between petals and cup which makes it stand out even in the largest collection of Daffodils. An exhibition variety "par excellence." (Color illustration, page 9.)

Incomparabilis Narcissus, Milford-Haven

Francisca Drake

Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00

The pure white perianth petals are of unusual substance, an inch and a half wide, and tinted gold at the base, which shows through on the outside; the cup, wide and deep, is golden yellow at the base; changing gradually to flame-orange at the densely frilled edge; the flowers are held well above the fine foliage and give the effect of a flock of white seagulls taking flight; strong growing and free flowering. (Color illustration, page 4.)

John Evelyn

Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00

Outstanding among the new Incomparabilis hybrids; flatly opening perianth, 4 to 5 inches across, with a flat cup nearly 2 inches in diameter, densely frilled, the perianth being pure white without a trace of shading, and the cup lemon-yellow and fluted or shirred to the base; good neck; strong grower; free flowering and a good propagator; one of the greatest Daffodils. (Color illustration, page 4.)

Milford-Haven

Six \$1.10, Doz. \$1.85, 100 \$12.00

Fine flower with cream-white perianth and wide cup ruffled and deeply frilled at edge, chrome-yellow at base and shading into rich orange-yellow, the same gorgeous color combination as in the Montbretia "His Majesty."

Orange Glow

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

Flowers are very large, with broad, flat yellow perianth often 5 inches across. The cup is deep glowing orange, beautifully frilled. Of fine proportions, this is an outstanding Daffodil.

Red Shadow

Each 30c, Three 85c, Doz. \$3.00, 100 \$21.00

A most attractive flower of bold appearance. The perianth is creamy yellow and the cup is dark yellow with orange-red margin. It is unusually free flowering and a strong grower. Although one of the latest Incomparabilis types to flower, it forces well and is very attractive in pots. One of the best exhibition flowers.

Red Cross

Six \$1.35, Doz. \$2.50, 100 \$16.00

Famous throughout the Daffodil world; extra large, strong flower, opening flat, primrose-yellow perianth, and deep yellow cup densely frilled, of deep orange; substantial and long lasting, and fine both in the garden and for exhibition.

Sir Watkin

Six 95c, Doz. \$1.70, 100 \$11.00

Perianth primrose-yellow; large and well-formed yellow cup; tinged deep yellow. A persistent bloomer, it multiplies rapidly, and is a very hardy variety.

Walter Hampden

Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00

Very tall and outstanding; bright primrose perianth and pure yellow trumpet of Loudspeaker type, with a tint of orange in the frills; very vigorous grower; medium late. (Color illustration, page 4.)

Yellow Poppy

Six 90c, Doz. \$1.65, 100 \$10.75

Among all the fine Daffodils of recent introduction, few have more quickly made a name for themselves—a flower of good size, with wide flaring trumpet, 1½ inches across, the whole flower being finely proportioned, and borne on a tall stem with a good neck; in color the perianth is pure yellow, and the cup of the same lovely shade deepening slightly at the frilled edge; conspicuous styles of the same shade as the perianth add to its beauty; outstanding and in every way a satisfactory, as well as a sensational flower, both in the garden and as a flower for cutting.

Triandrus Hybrids

Division 5: These are the Cyclamen-flowered Daffodils with reflexing perianth. The flowers are more or less drooping, of elegant form and graceful habit.

Moonshine

Six \$1.25, Doz. \$2.30, 100 \$15.00

A beautiful Triandrus Hybrid, star-shaped white flowers, often three to a stem, drooping gracefully, very beautiful and a great favorite, especially for the rock garden or for naturalizing in the shade. A fine exhibition variety.

Thalia

Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00

In addition to a peculiar attraction at first sight, this flower leaves one with an impression that it is white, yet it is a whiteness that is not white. The recurring petals and the angle of the three trumpets are unlike the conventional short-cupped Daffodil. The stem is dark green, round and reedlike thin. Some call it the "Orchid-flowered" Narcissus which adds to the mystery. Thalia provides unusually good material for artistic arrangement. (Color illustration, page 3.)

FOOD FOR THOUGHT As Well as for Your Flowers

Plants and bulbs, anything that grows in the soil, are exactly the same in their food needs as humans. There are plenty of what might be called the shot-in-the-arm kinds of ready mixed fertilizers, but they are mostly only stimulants.

What your plants and bulbs need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Turn to page 23, and get the full facts about it.

Cyclamineus Hybrids

Division 6: Cyclamineus blood, like that of *Triandrus*, imparts such a distinct form to Daffodils, that a separate division has been made of its hybrids, which have trumpets of rich yellow, straight and tube-like, and petals reflexed as in a Cyclamen; very early flowering.

February Gold

Six \$1.10, Doz. \$1.85, 100 \$12.00

Perianth golden yellow, trumpet tinged orange, very early. (Color illustration, page 4.)

March Sunshine

Three \$1.60, Doz. \$5.75, 100 \$40.00

Smaller than February Gold and more adapted for rock garden planting.

Jonquilla Hybrids

Division 7: Hybrid Jonquils with two or more, small, very fragrant flowers on one stem.

Campernelle, Single

Six 90c, Doz. \$1.65, 100 \$10.75

A tiny golden Daffodil with tips of pointed grasslike foliage reaching above the flowers; the broad overlapping petals make a nicely rounded perianth; frequently three blooms on a stalk; a delightful little flower.

Campernelle, Double

Six 90c, Doz. \$1.65, 100 \$10.75

Two to three golden yellow, small, fragrant flowers on strong stems; lovely for cutting. Height 13 inches.

Golden Sceptre

Six \$1.00, Doz. \$1.75, 100 \$11.25

A medium sized perfectly built flower of deep Jonquil-yellow, 3 inches or more in diameter. The whole flower, as with others in this class, is of the greatest substance, keeping in perfect condition exceptionally long both in the garden and when cut.

Jonquilla Simplex (Queen Anne's Daffodil)

Six \$1.10, Doz. \$1.85, 100 \$12.00

The true tiny single Jonquil. The bulbs as well as the flowers of this miniature Daffodil are not very much larger than the Snowdrop. The flowers are a pure golden yellow and delightfully fragrant; foliage is grasslike. Perfectly hardy and most satisfactory small Daffodil for the rock garden.

Jonquilla flore pleno

Six \$1.10, Doz. \$1.85, 100 \$12.00

This is the charming double-flowered form of the above. Also splendid in the rockery. The double Queen Anne's Daffodil.

Lady Hillingdon

Six \$1.25, Doz. \$2.30, 100 \$15.00

A fine companion for Golden Sceptre, blooming earlier; cluster-flowering type but well worth growing even if all the flowers came singly; perianth a clear butter-yellow, with broad outer petals opening flat like those of a Trillium, with the narrow inner petals curving forward around the moderate-sized shapely trumpet of deep Jonquil-yellow. (Color illustration, page 4.)

Odorus, Orange Queen

Six \$1.10, Doz. \$1.85, 100 \$12.00

A very striking variety, 2 to 3 flowers on a stem, color intense golden orange, cup prettily fluted. Delightful Jonquil fragrance. The flowers are produced in the greatest profusion on wiry stems about level with the tops of the strong but not coarse foliage; truly a Daffodil for every garden and the gayest of the lot, large or small.

White Wedgewood

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00

A dainty and charming flower borne on a tall stem; starry perianth of cream-white with a trumpet of a pale primrose; beautiful for cutting and effective in front of the Daffodil border, among other varieties.

Double Narcissi

Division 10:

Albus Plenus Odoratus

Six 90c, Doz. \$1.65, 100 \$10.75

The old Gardenia-flowered Double Poet's Narcissus. Pure snowy white; wonderfully fragrant. Should be planted in the shade and kept well watered at flowering time to prevent the flower buds from drying off. Blooms extremely late, long after most of the Narcissi have gone. It is a rare old variety preserved jealously in a few old gardens and worth special care.

Daphne

Six \$1.35, Doz. \$2.50, 100 \$17.00

The most promising novelty of this division. Sweet scented, dainty, pure white double flowers; early forcer.

Indian Chief

Six \$1.10, Doz. \$1.85, 100 \$12.00

Very large and very double, bright yellow interspersed with orange; the petals curled and twisted. A large substantial almost globelike ball of yellow and orange.

Mary Copeland

Each 40c, Three \$1.10, Doz. \$4.00, 100 \$25.00

One of the famous varieties of the new Doubles. This variety has been termed the most striking double in cultivation; the longer petals are pure cream-white with a golden ray down the center, interspersed with shorter petals of lemon and brilliant orange, giving a three-color effect; unsurpassed for garden or show. (Color illustration, page 4.)

The Pearl

Six 90c, Doz. \$1.65, 100 \$10.75

Nice flower; not too double; creamy white, interspersed with sulphur-yellow, deeper at the center; charming.

Twink

Each 30c, Three 80c, Doz. \$2.75, 100 \$18.00

It is double, of the semi-full type, the petals alternating a soft primrose and clear orange; and so arranged as to give the flower a most attractive appearance; and making it a most adaptable flower for large scale decorative work; is very free-flowering and hardy.

Poeticus Narcissi

Division 9: Poet's Narcissi, white petals with scarlet cup.

Actaea

Six \$1.10, Doz. \$1.85, 100 \$12.00

One of the finest of the new Poeticus varieties, beautifully proportioned; small Pheasant's Eye, reddish cup. This variety was introduced by Englehart in 1927 and is still considered one of the best new varieties. (Color illustration, page 2.)

Edwina

Purest white perianth, broad and overlapping petals, very flat cup, yellow edged red. Fine form and substance, highly recommended.

Glory of Lisse

Extremely broad overlapping petals, recurving from typical Pheasant's Eye cup; a larger Ornatus, unsurpassed for naturalizing.

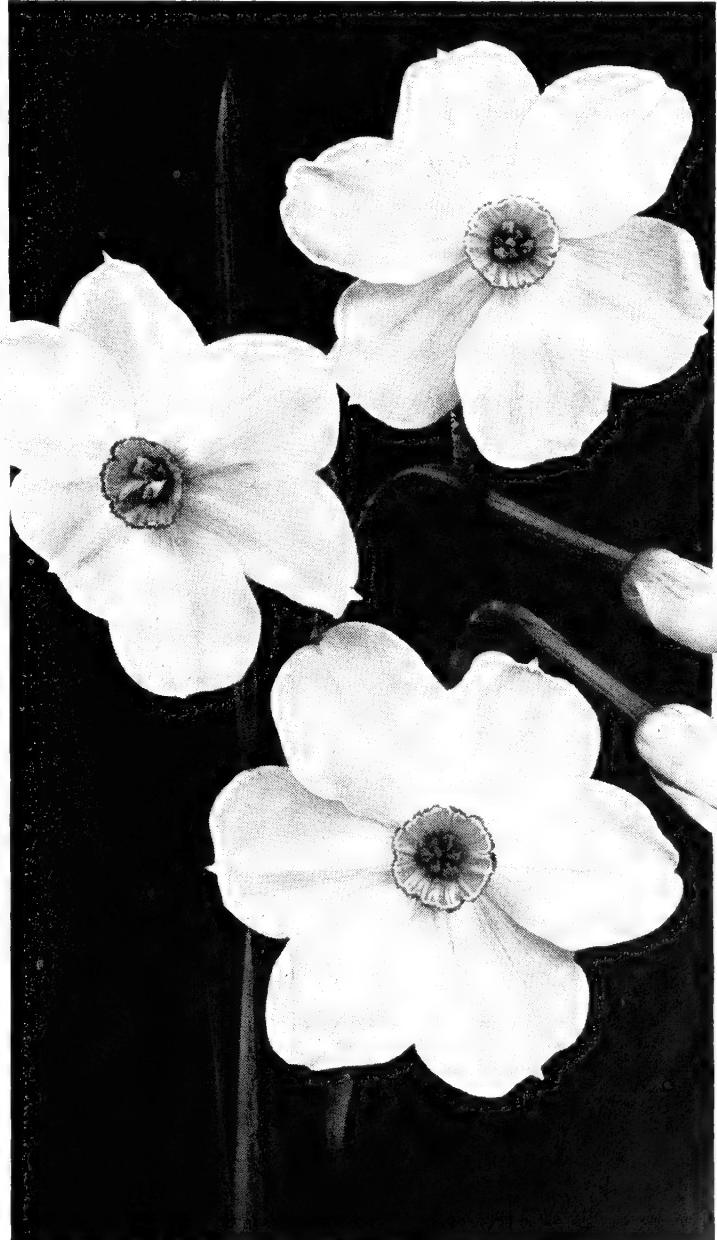

Recurvus

The old Pheasant's Eye. Perianth pure white, somewhat reflexing; cup margined deep scarlet; sweet scented. Fine for massing in borders or in grass.

Albus Plenus Odoratus (Double Poeticus)

Six 90c, Doz. \$1.65, 100 \$10.75

The old Gardenia-flowered Double Poet's Narcissus. Pure snowy white; wonderfully fragrant. Should be planted in the shade and kept well watered at flowering time to prevent the flower buds from drying off. Blooms extremely late, long after most of the Narcissi have gone. It is a rare old variety preserved jealously in a few old gardens and worth special care.

Poeticus Narcissus, Glory of Lisse

Poetaz Narcissi

Division 8: All Poetaz are hybrids from *Poeticus Ornatus* and *Polyanthus Narcissi*. The plants are tall and vigorous growers, bearing heads of large, well-formed flowers, deliciously fragrant. There is no better group for indoor culture in flats, pots or bowls, while if planted in time, their hardiness outdoors leaves nothing to be desired.

Admiration

This beautiful cluster-flowered Daffodil is especially lovely in full sunlight, as it has a transparent character, but the flowers viewed in shade do not look poor or papery. The perianth, which is a sulphur-yellow, seems rather to be of the quality of the soft taffeta silk which, in the old days, was known as "sarsenet," and the petals are slightly ridged lengthwise. The corona is of rich orange-scarlet and there are usually about 6 flowers to a stalk.

Cheerfulness

Six \$1.00, Doz. \$1.75,
100 \$11.25

The double Elvira, a very pleasing double white Poetaz, good stems, a fine garden and show flower.

Glorious

Each 40c, Three \$1.10,
Doz. \$4.00, 100 \$25.00

Tall, flower delightfully informal in habit, perianth Poeticus-white with eye orange, edged red; good for semi-shade; very early and excellent variety for growing in the house.

Klondyke

Six 90c, Doz. \$1.65,
100 \$10.75

One of the finest of the yellow Poetaz. Perianth is of rich yellow with a slightly darker cup.

Double Poetaz, Cheerfulness

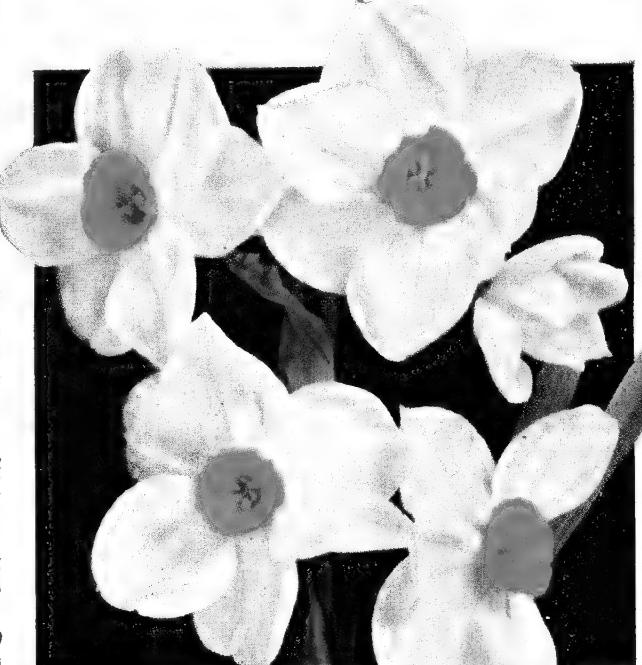

Laurens Koster

Creamy white perianth, lemon-yellow cup, free flowering. Excellent for growing in the house.

Scarlet Gem

Here is a very artistic contrast in color. The attractive, finely formed flower has a perianth of primrose-yellow with a deep orange cup. A most interesting Poetaz.

Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00

Poetaz, Glorious

Wild Species - Little Daffodils

The following are charming little subjects for rock work, where their dainty flowers are seen to perfection. They should be left undisturbed for years, and if happy, will soon establish themselves and afford a lovely picture in early spring. All the Bulbocodiums (except Monophyllum) and the Cyclamineus like moisture, and should, therefore, be planted at the foot of the rockery. Bulbocodium Monophyllum flourishes in a warm, dry sheltered situation planted in almost pure sand. Triandrus Albus (Angel's Tears) and Juncifolius delight in partial shade and a light, gritty soil, and should be given a well-drained position.

Bulbocodium citrinus

Large sulphur Hoop-Petticoat, very beautiful pale citron-yellow. Height 6 to 8 inches.

Bulbocodium, Conspicuum

Yellow Hoop-Petticoat, flowers rich golden yellow of hoop-petticoat form and rush-like foliage. Height 6 inches.

Canaliculatus

A dainty little *Polyanthus Narcissus* from Mentone, suitable for sunny positions in the rock garden. It has narrow, erect bluish green foliage and bears heads of 3 to 4 flowers with white perianth and globular golden cup, sweetly scented. Height 6 inches.

Cyclamineus

The yellow Cyclamen-flowered Daffodil. The trumpet is rich yellow, straight and tubelike, elegantly serrated at mouth, while the perianth is reflexed like a Cyclamen.

Juncifolius

Small, graceful, rich yellow flowers, rather smaller than a Buttercup with a dainty little flat crown.

Triandrus albus

An exquisitely beautiful little species, it is of slender growth and produces a cluster of elegant creamy white little flowers with globular cup and perianth reflexing as in the Cyclamen. Height 7 inches.

Triandrus calathinus

The flowers are produced in clusters of two and three, are snowy white and more than twice the size of *Triandrus Albus* with long, goblet-shaped crown prettily fluted; the foliage has a curious habit of curling over. Height 7 inches.

Triandrus concolor

True, bearing clusters of dainty fragrant flowers of similar form to *Triandrus Albus*, but of a uniform soft yellow, a rare and beautiful little Daffodil. Height 7 inches.

Miniature Narcissi

Jonquilla Simplex
Bulbocodium Conspicuum

Cyclamineus
Triandrus Albus

Narcissi for Growing in Water

PAPER-WHITE NARCISSI

Paper-White Grandiflora

Six 95c, Doz. \$1.50, 100 \$10.00

The popular bunch-flowering, pure white Narcissus, frequently having 30 individual blooms and splendid decorative foliage from a single bulb. We offer top size bulbs best suited for growing indoors in pebbles and water.

CHINESE SACRED NARCISSI

Six \$1.25, Doz. \$2.30, 100 \$15.00

Often referred to as "Chinese Sacred Lily." Similar to the above variety but having clusters of white flowers with yellow cups.

GOLDEN YELLOW NARCISSI

Six \$1.10, Doz. \$1.85, 100 \$12.00

Soleil d'Or
Soleil d'Or resembles the Paper-White Narcissus very much in habit but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus. We have some very fine stock of this variety to meet the steadily increased demand.

NARCISSUS, FEBRUARY GOLD

This is a little known, extremely early blooming, small golden Daffodil. One of the parents of this Hybrid is the little "Cyclamen" Daffodil which is responsible for its extreme earliness and "perky" flowers which in March or sometimes in late February start off the Daffodil season. It is one of the easiest Daffodils to grow indoors. Start a few bulbs in pebbles and water **in November**. Keep bowls in dark, cool place for three weeks and then bring into light or put six bulbs into a shallow 5-inch flower pot with earth **in October**. Keep pot moist and in dark, cool place for six weeks. Then bring into light. You'll have dozens of small golden Daffodil blooms in no time. Several plantings will give you a continuation of blooms.

Six \$1.10, Doz. \$1.85, 100 \$12.00

Mixed Tulips and Rosa Hugonis See Roses, page 43

Darwin and Cottage Tulips

City of Haarlem (Darwin)

Three 85c, Doz. \$3.00, 100 \$20.00

A handsome, fiery cardinal-red of great substance. The deep violet base of this Tulip, outlined in white, gives it striking effect when open. Height 21 inches.

Clara Butt (Darwin)

Three 85c, Doz. \$3.00, 100 \$20.00

Clear pink, flushed salmon-rose; inside much deeper, with blue base. Height 21 inches.

Dream (Darwin)

Three 85c, Doz. \$3.00, 100 \$20.00

Pale heliotrope, inside deep violet with blue base. One of the loveliest Darwins. Height 27 inches.

Farncombe Sanders (Darwin)

Three 85c, Doz. \$3.00, 100 \$20.00

Scarlet; inside vivid cerise-scarlet with white base; large. Flower of perfect shape. Height 25 inches.

Inglescombe Yellow (Cottage)

Three 85c, Doz. \$3.00, 100 \$20.00

Glossy canary-yellow. Large, globular flowers. Has the true shape of the Darwin Tulip, hence is often called the "Yellow Darwin." Height 28 inches.

Moonlight (Cottage)

Three 85c, Doz. \$3.00, 100 \$20.00

Pale yellow of a lovely color; the flower is very long and of finest oval shape. Beautiful in the border among Irises or Bleeding Heart. Height 25 inches.

Pride of Haarlem (Darwin)

Three 85c, Doz. \$3.00, 100 \$20.00

Brilliant rosy carmine with blue base; very large flower on tall, strong stem; sweet scented. Height 25 inches.

Princess Elizabeth (Darwin)

Three 85c, Doz. \$3.00, 100 \$20.00

Clear deep pink, changing with age to rose-pink, white base. Large flower. Height 26 inches. One of the loveliest pink sorts.

Zwanenberg (Darwin)

Three 85c, Doz. \$3.00, 100 \$20.00

Pure white with black anthers. A large substantial flower and a good white Darwin. Height 28 inches.

Choice Mixture of Darwin, Breeder and Cottage Tulips

Doz. \$2.50, 100 \$16.00

So that you may be able to have plenty of Tulip flowers to cut from your own garden, we have arranged with our grower a selection of large-flowering Tulips with long stems suitable for cutting. Great care will be taken to see to it that each package contains the greatest variety possible in harmonious colors. There will be Darwin Tulips, Cottage Tulips, and Breeder Tulips in the mixture. All will be long-stemmed varieties excellently suited for cutting, anyone who simply wants a few Tulips for a bright spot in the garden could not possibly do better.

Outstanding New Dutch Iris, Golden Lion

Dutch Iris, De Vlieger

Dutch Iris, King of the Whites

Iris Reticulata

Perfectly hardy. March blooming. As fragrant as Violets

Dutch Iris, Jacob de Wit

Dutch Iris Give You Great Beauty at Little Cost

In England the Dutch Iris is proudly called "the poor man's orchid." It deserves the name. The orchid-like blooms are rich in captivating colors, ranging from pure white through golden yellow to cornflower-blue, dark violet and deep purple. They're superb for cutting, stand a lot of handling and last a week or longer in water. Also, the bulbs multiply rapidly and when once established, the colony continues to increase, giving you more flowers each year. Few bulbs are as inexpensive and prolific. They repay you with generous beauty, asking little in return except a sunny spot, well drained, and a little winter protection in the colder parts of the country.

Abraham Storck

Six 55c, Doz. 85c, 100 \$5.25
Standards steel-blue; falls very dark blue. A very large Iris of robust growth. A-1 for cutting and garden use.

David Haring

Six 65c, Doz. \$1.00, 100 \$6.75
Standards old ivory, falls pure white, a unique and very desirable variety, lovely for cutting.

Cajanus

Six 70c, Doz. \$1.10, 100 \$7.25
Standards are golden yellow, falls several shades darker, almost to golden orange, very brilliant coloring.

De Vlieger

Six 55c, Doz. 85c, 100 \$5.25
Light violet-blue standards which are very broad and strong, the falls are soft sky-blue with narrow orange stripe. Grows 27 inches tall. One of the best. (Color illustration, page 12.)

Gerrit Van Hees

Six 60c, Doz. 95c, 100 \$6.25
Broad, short, purplish blue standards; very large royal-blue falls; pale yellow stripe. One of the best new Dutch Iris.

Golden Lion

Six 90c, Doz. \$1.60, 100 \$10.50

The perfectly beautiful ruffled yellow flowers are in a class all their own. Without a doubt it is the finest of the lot. Will last for a week or ten days in water when cut. In the garden, it makes a stunning group. Bulbs multiply freely and a carefully planted clump will bloom for years without attention. (Color illustration, page 12.)

H. C. Van Vliet

Six 75c, Doz. \$1.20, 100 \$8.00

Violet-blue, Indian-orange stripe on the lip. Outstanding and very effective.

Jacob De Wit

Six 90c, Doz. \$1.60, 100 \$10.50

Standards very dark blue; falls dark blue. A very early Iris of remarkable substance; the best medium priced blue. 22 inches. (Color illustration, page 12.)

Jan Nagel

Six 90c, Doz. \$1.60, 100 \$10.50

Standards and falls golden yellow, the first yellow having the true filifolia type. A most desirable novelty.

Jan Victors

Six 75c, Doz. \$1.20, 100 \$8.00

Standards and falls soft violet-blue, very early and exceptionally good for forcing. Multiplies well in the garden where it makes a fine show.

Jan Weenix (Morning Mist)

Six 90c, Doz. \$1.60, 100 \$10.50

Standards and falls soft lavender-blue, giving a silvery misty effect. *Six 75c, Doz. \$1.20, 100 \$8.00*
Pure white, good form and substance, one of the best and much used commercially because of its good keeping qualities. 24 inches tall. (Color illustration, page 12.)

Therese Van Duyl-Schwartz

Six 65c, Doz. \$1.00, 100 \$6.75

Standards pale cornflower-blue; falls pure white, with very narrow orange stripe; excellent cut flower. 24 inches.

White Excelsior

Six 65c, Doz. \$1.00, 100 \$6.75

Uniform pure white; falls very broad, very good form and substance; very early forcer; the best medium priced white. 22 inches.

Yellow Queen

Six 65c, Doz. \$1.00, 100 \$6.75

Standards and falls golden yellow. Thin wiry stems, excellent for forcing or outside, the best medium priced yellow. 28 inches.

Mixed Colors

25 \$1.50, 50 \$2.50, 100 \$4.50

Here we offer a mixture of about 20 varieties at a very special price for cut flower use. The bulbs are all flowering size but are slightly smaller than those of the named varieties. Hundreds of blooms can be had from these for very little money.

DUTCH IRIS COLLECTION

100 bulbs in 5 varieties for \$6.50

This collection will be made up of 5 distinct varieties of our selection, selected from the varieties offered above. They will be labeled and packed separately. Just the thing for the hardy border.

English Iris

These magnificent bulbous Irises thrive in any ordinary garden soil but prefer a good loam. The earlier the planting, after beginning of September, the greater the success; the bulbs should be planted 4 inches deep. The varieties contained in our mixture, we have especially selected as being the very finest and most distinct in cultivation, and they will be found as strikingly beautiful in color as many of the sumptuous Orchids. They flower from end of June to beginning of July, thus succeeding the Bearded Flag Iris, Early Xiphium and Spanish Irises. As cut flowers they take a first place.

Mont Blanc

Six \$1.25, Doz. \$2.30, 100 \$15.00

Pure white; blooms often two or three on one stem.

Othello

Six \$1.25, Doz. \$2.30, 100 \$15.00

Rich dark blue flowers of excellent substance.

Queen of the Blue

Six \$1.25, Doz. \$2.30, 100 \$15.00

Pure light blue flowers. A lovely sort for the garden as well as for cutting.

Sir William Mansfield

Six \$1.25, Doz. \$2.30, 100 \$15.00

Clear purple-blue flowers; exceptionally good for cutting.

Choice Mixed Shades

Six 90c, Doz. \$1.60, 100 \$10.50

A beautiful range of colors including the above as well as several other varieties.

Iris Species

Reticulata (Fragrant Iris)

Three 85c, Doz. \$3.00, 100 \$21.00

This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Spanish or Dutch Iris. Its main value lies in the fact that it may be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a 4- to 5-inch pot when received will bloom about Christmas time. The fragrant blossoms remind one of a bunch of fresh violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery. To show it off well, plant a number of bulbs under the white *Arabis Alpina*; you'll enjoy the results more than we can tell you. (Color illustration, page 12.)

Iris Tinctana Hybrid

*Especially Recommended for Early Forcing In Greenhouse
Excellent In the Garden Also*

Wedgewood

Six 90c, Doz. \$1.60, 100 \$10.50

Standards blue; falls lighter blue; excellent forcer and makes a bold show in the garden as well.

Dutch Iris, Jan Weenix

Brodiae Ixioides Splendens

Amaryllis Hippeastrum Hybrids

There is nothing that will give the amateur greater pleasure for growing in the house as well as in the garden. These giant-flowering Amaryllis produce a magnificent blossom with the least possible care and trouble. Planted in a pot in the early winter they will bloom about 6 or 8 weeks after planting. Bulbs may be kept dormant and planted a week or ten days apart so that you will have succession of bloom throughout the entire winter. In the garden they may be planted during March, April and May, depending upon locality, and they will bloom during June and July as easily as Gladioli. The bulbs throw a vigorous stem with four to six gigantic blooms, ranging in color from pure white grounds with varied markings of rose, red and crimson to the richest self colors as scarlet, crimson and bright red. From November until April we can supply bulbs guaranteed to bloom.

GIANT CALIFORNIA HYBRIDS

This is a fine strain of large flowered California grown Amaryllis Hybrids. The bulbs when potted from January to May will flower freely indoors. They may also be grown in the garden where they do beautifully. (Color illustration, page 19.)

California Dark Red Shades

Each 85c, Doz. \$8.50

California Orange-Red Shades

Each 85c, Doz. \$8.50

California Rose-Red Shades

Each 85c, Doz. \$8.50

Each 75c, Doz. \$7.50

Regina Hybrid Amaryllis

Amaryllis, Regina Hybrids

Each 70c, Doz. \$7.00

A cross between Amaryllis Equestris and Amaryllis Regina, and one of the easiest bulbs to grow and flower in the house. Produces an 18-inch stem with from 3 to 5 Amaryllis-like blooms of a pleasing shade of coral-pink. Plant in a 5-inch pot and place in sunny window where it will thrive. May also be grown outdoors. It multiplies quite readily even under unfavorable conditions. Easily grown in the garden.

Hardy Amaryllis

*Halli (Lycoris squamigera)

Each \$1.25, Doz. \$12.50

Produces in early spring attractive green foliage which grows until July when it ripens and disappears. About a month later, as if by magic, the flower stalks spring from the ground to a height of 2 to 3 feet, developing an umbel of large, Lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy. Cover crown about 4 inches.

Flowering Bulbs for

ALLIUM GIGANTEUM

Alliums are very attractive bulbous plants, producing erect bare stems with globular heads of flowers, resembling the Blue Lace Flower, or Bunch Primrose. Perfectly hardy, easily grown, and well adapted to rock gardens. Thrive in almost any soil in sunny situations.

Giganteum

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00
Early in April broad and curving blue-green leaves of artistic shape and form make an attractive display. These later are followed by rigid, thin and perfectly bare 3 to 5 foot high flower stalks topped by a round ball-shaped cluster of small starlike flowers, 5 inches in diameter. The color is a deep lavender-purple. The effect of the tall bare stem with a ball-like bloom poking high above surrounding flowers is quite unique and interesting. This is a very scarce as well as rare bulb.

Neapolitanum

Six 75c, Doz. \$1.20, 100 \$8.00
Producing in May to June numerous heads of graceful white flowers, prized for cutting; it is also a charming plant to naturalize in shady woods, assorted with the blue Wood Scilla. Height 15 inches.

ANEMONE

These popular flowers of French origin are exceedingly brilliant when in flower and excellent for cutting. They like to be planted about 6 inches deep in a cool, moist but well-drained soil. Will establish without any trouble and remain for years. For northern states we advocate early spring planting, for the southern section of the country, fall planting is best. Cover in winter with strawy manure.

Blue Poppy

Six 95c, Doz. \$1.50, 100 \$10.00
Large, single blue flowers on long stems, resembling a blue Poppy.

De Caen

Six 95c, Doz. \$1.50, 100 \$10.00
Taller in growth than the St. Brigid and more single. They contain many fine shades of blue, white and scarlet. (Color illustration, page 17.)

His Excellency

Six 95c, Doz. \$1.50, 100 \$10.00
A grand variety bearing flowers measuring as much as 3 inches across, of the most vivid velvety vermilion, with glistening silvery white base and a handsome blue-black central boss. Height 1 foot.

St. Brigid

Six 95c, Doz. \$1.50, 100 \$10.00
These are the popular Anemone so frequently seen in the florists' shops in the early spring. The flowers are unusually large, with a wide range of rich and brilliant colors.

White Poppy

Six 80c, Doz. \$1.40, 100 \$9.00
Large, single white flowers on long stems, resembling a white Poppy.

BABIANA - Balloon Flower

Stricta, Mixed Shades

Six 60c, Doz. 95c, 100 \$6.25
The colors vary from gentian-blue to wine-purple. They reach a height of about 8 to 10 inches. For northern climates they should be grown like the Freesia for conservatory decorations, but in mild climates they may be used in the rockery or border, where they make magnificent brilliant masses of color.

BLETILLA - Hardy Orchid

Terrestrial Orchid from China and Japan. Easily grown in ordinary garden soil with plenty of moisture. Prefers half shade. Blooms in spring. Hardy under all conditions.

Hyacinthina

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00
A beautiful small Orchid anyone can grow in the garden or in the house in a small pot filled with ordinary garden soil. Planted in November it will bloom for you early in March. The plant may be removed to the garden where it will grow freely or can be forced into bloom again the following winter. Six to eight dainty Cattleya colored flowers grow on a stem about 12 to 15 inches tall. These last from 6 to 8 weeks. Grows as easily as Paper-White Narcissi and certainly more beautiful. (Color illustration, page 17.)

BRODIAEA

They are easily naturalized in almost any soil. Plant them about three inches deep and leave them alone. They are especially happy under deciduous trees, in the rock garden, or in rough, gritty soils.

Coccinea (Floral Firecracker)

Six 95c, Doz. \$1.50, 100 \$10.00
Tall, slender stem capped with dazzling crimson flowers. Prefer a loose, gritty soil. Beautiful for the rockery. Height 1 to 2 feet.

Grandiflora

Six 75c, Doz. \$1.20, 100 \$8.00
Its large, glossy purple flowers are very beautiful and have great lasting qualities. The bulbs can be naturalized in any clay soil, especially if moist.

Ixioides splendens

Six 95c, Doz. \$1.50, 100 \$10.00
Called "Golden Star." Has an umbellate cluster with flowers of a fine golden yellow on stems 6 to 8 inches high.

Mixed

Six 75c, Doz. \$1.20, 100 \$8.00
This mixture contains the following colors: blue, red, yellow, white, and is good for naturalizing. Bulbs self-sow and increase quite rapidly.

Gardens Everywhere

CALLA - Zantedeschia

Plant Callas indoors in the late fall of the year. In April or May dormant bulbs may be planted near the pool in a sunny spot where they will flower beautifully in August or September.

Elliottiana (Yellow Calla)

Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50

One that should be planted extensively. The deep golden yellow flowers are truly magnificent and produced in abundance. The green foliage is spotted white, which adds to its beauty; lovely house plant as well as garden subject. (Color illustration, page 18.)

Godfrey (White Calla)

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00

Most ornamental foliage if grown near pool where it will get plenty of water; an excellent, easily grown house plant. (Color illustration, page 19.)

Melanoleuca

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Rare "Black throated" Calla. The flower spathe is large, yellow and widely flaring. Margin and tip recurve revealing a sharply contrasting purplish black throat blotch. The handsome yellow flowers are larger than those of the Calla Elliottiana. The plant is also taller and the spotted foliage even more decorative. Does particularly well outside, making a fine show in the garden and is a superb pot plant, easily grown in the house.

Rehmanni

Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50

The pink or rose Calla. A rather uncommon species native of Natal. The flowers are small but pink and therefore most unusual. An uncommon plant for the greenhouse or indoor culture.

CAMASSIA (Hardy)

There are few bulbous plants that meet climatic or soil conditions better or give a more attractive bloom. They are hardy without protection, and thrive either under ordinary garden conditions or when naturalized in open, moist woods or in not too dense a grassy growth. The flower stems are 2 to 4 feet high with as many as a hundred star-shaped flowers measuring 1½ inches across and flowering in long succession.

Esculenta

Each 75c, Doz. \$1.20, 100 \$8.00

Very showy in mass planting. Forms flower spikes 2 feet high, bearing a cluster of star-shaped flowers of a very fine, rich purple. Fine for wet and swampy places where other bulbs do not grow.

Leichtlini

Each 90c, Doz. \$1.60, 100 \$10.50

Same as preceding but stronger grower, flowers are larger and come in various hues of blue and creamy white. Again does well where other bulbs fail. (Color illustration, page 17.)

COLCHICUM - Meadow Saffron

(Giant Autumn-Flowering Crocus)

Colchicum are autumn-flowering bulbs with large Crocus-like blossoms which appear during the months of September and October, without foliage. The foliage, however, appears early in the spring about the same time the Tulips and Hyacinths are in bloom and disappears in June. They are especially recommended for planting between the taller growing rock plants such as Ceratium, Vinca, Pachysandra, and the various Sedums, where their bold, checkered Crocus-like blossoms are seen to the best advantage. Blooming in September and October when flowers in the rockery are scarce, they are especially valuable. They may also be planted in the open woods or in naturalistic plantings of any sort. The bulbs, if kept indoors, will bloom during September and October in the window without any earth or water and after blooming, the bulbs may be planted in early November outdoors, and will not suffer in the least.

Autumnale

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00

Commonly called the Autumn Crocus; very free-flowering; of easy culture.

Autumnale alba

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

Pure white, increasing fast; free flowering.

Autumnale alba plena

Each \$1.30, Three \$3.80, Doz. \$13.00, 100 \$95.00

Large, double white flowers.

Autumnale major

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

A large variety with massive flowers of rosy purple.

Bornmuelleri

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Fine cup-shaped, long-tuber flowers of rosy lilac coloring; one of the finest species; early flowering.

Giganteum

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Large, soft violet, white center, late flowering.

Speciosum

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00

Deep rose-purple; very large; stout and fine.

Speciosum, Autumn Queen

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

An outstanding large flowered hybrid, gives huge clusters of flowers of deepest rose-purple.

Speciosum, The Giant

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Truly a giant, makes a fine show growing in a ground cover such as Vinca. The immense flowers are pure lilac.

CALOCHORTUS - Mariposa Tulips

Until one has seen a good collection of these plants, he has no idea how much Nature can do in the variation of one flower. One to many on a stem, wonderfully marked with eyes and dots, and pencilings in rich colors, are characteristics. "Mariposa" is simply the Spanish word for butterfly, and is applied to these Tulips because the eyes and markings are so like those on a butterfly's wings.

Clavatus

Six \$1.25, Doz. \$2.25, 100 \$14.00

The largest flowered and the stoutest stemmed of all Mariposa Tulips. The blooms, which are shaped like a bowl, are often over 4 inches across, of a deep yellow, and the lower half covered by stiff yellow hairs.

Venustus oculatus

Six 75c, Doz. \$1.20, 100 \$8.00

Wonderfully varied in whites and cream, more or less tinted purple, and with very rich eyes. We have had the flowers 4 inches across. The plant is a good grower, and the flowers are most satisfactory.

Mixed Colors and Varieties

Six 75c, Doz. \$1.20, 100 \$8.00

The grow from 1 to 2 feet high and branch. The flowers are simply marvelous in their variety of colors and markings. Scarcely two are alike; in a mixed lot they may vary through white, lilac to purple, and again through shades of pink to claret-red. In any mixture whites, more or less eyed, predominate. There is no better investment for the flower lover than a quantity of these bulbs. They thrive best in a rather porous soil, either sandy or gritty, and grow either in sun or light shade. Flowers are 2 to 4 inches in diameter. Mixed colors. (Color illustration, page 17.)

CROCUS VERNUS - Dutch Crocus

The finding of these Crocus in bloom is one of the genuine delights of life. Though we may eventually plant them by the thousands or may have been so long at gardening that little surprises us, yet that first Crocus is a great event.

Six 95c, Doz. \$1.70, 100 \$11.00

Mixed Colors of Blue, Lavender, Purple, White, Golden, and Striped

AUTUMN-FLOWERING CROCUS

Zonatus

Six \$1.10, Doz. \$1.85, 100 \$12.00

Flowers rose-lilac with yellow throat, freely produced. One of the most satisfactory kinds, lovely in the rock garden or under tall shrubs. Does well planted under trees between Vinca, Pachysandra, or other ground covers. Easily grown indoors.

Colchicum Autumnale

Fritillaria Thunbergii

ERYTHRONIUM - Trout Lilies

These are charming woodland plants, producing in early April, small Lily-like flowers of which the colors run in delicate tints of white, pink, cream, bright yellow and rose. They thrive in wooded places under shrubs and in shaded corners or crevices of the rockery.

Their beauty is enhanced by their richly mottled leaves. All grow about 6 to 7 inches high.

Californicum

Cream colored, often with 4 or 5 flowers on the stem. Leaves richly mottled. A large colony is a beautiful sight.

Californicum bicolor

The flowers open upwards showing the inner half to be rich chrome-yellow, the outer half pure white, and are deliciously fragrant. It grows easily and flowers freely.

Hendersoni

Six 95c, Doz. \$1.50, 100 \$10.00
Like Californicum but the flowers are a lovely light purple, with the centers a deep maroon, almost black.

Revolutum Johnsoni

Six \$1.25, Doz. \$2.30, 100 \$15.00
The most beautiful of all the Erythroniums. A stout plant producing exquisite rose-pink flowers.

Tuolumnensis

Six \$1.00, Doz. \$1.75, 100 \$11.25
Glacier Lily, Mountain Lily, or Golden Easter Lily. One of the most beautiful and rarest of Dog-Tooth Violets. Do best in shady woodland places, well-drained soil. Not unusual to see stem with 10 to 12 golden flowers, the flowers often being 3 inches across. Excellent for cutting. Plant in colonies.

Mixed

Six 75c, Doz. \$1.20, 100 \$8.00
This mixture is made up of the above named varieties and many others. Splendid for naturalizing and for rock garden in light shade. (Color illustration, page 17.)

Fritillaria pudica

FREESIAS

Without doubt the most sweetly scented flower grown; a single bloom permeates the living-room with its delicate perfume. Although they are quite popular and very easily raised, we suggest the following treatment: Procure the bulbs as early as possible and plant them in August, 6 to 25 bulbs for a single pan. The soil should be a mixture of good loam. The bulbs planted early, say August and September, must be placed outdoors until cold weather sets in; must be regularly watered and kept growing all the time. In November, before frosts appear, the pots should be placed in the window of a cool room.

Celeste

Six 65c, Doz. \$1.05, 100 \$7.00
Deep violet-blue. Large flowers and one of the best of its color. Wonderful for cutting; stems are quite long and rigid.

Golden Daffodil

Six 65c, Doz. \$1.05, 100 \$7.00
A yellow Freesia of unusually sturdy growth, tall straight stems. Flowers large and wide open. Great lasting qualities. Very prolific producer with several laterals.

Marie Louise Fischer

Six 75c, Doz. \$1.20, 100 \$8.00
A very attractive lavender-blue. Large open flowers and good long stems. A strong grower with plenty of laterals. We believe the finest lavender to be put on the market.

Pinkie

Six 65c, Doz. \$1.05; 100 \$7.00
Immense flowers of a clear, bright rose-pink. Stems are tall and strong.

Purity Superflora

Six 65c, Doz. \$1.05, 100 \$7.00
A new giant white, stems average 18 to 20 inches long. Single flowers 2½ inches long; early bloomer.

Mixed Colors

Six 65c, Doz. \$1.05, 100 \$7.00
A lovely mixture made up out of many varieties. All the shades of the rainbow. (Color illustration, page 18.)

Ixiol. Mixed

FRITILLARIA - Mission Bells

The true Mission Bells do better in a clay soil in full sun. The woodland Fritillarias like woodland soils and conditions, and in cultivation some shade and a free soil. They are hardy as far north as Wisconsin.

Lanceolata

Six \$1.25, Doz. \$2.25, 100 \$14.00
Grows from 1½ to 3 feet high. The flowers are green and brown mottled prettily, produced on top of the stem, a most attractive variety.

Recurva

Six \$1.25, Doz. \$2.25, 100 \$14.00
Is as beautiful, and much resembles a Lily. In size and habit like Lanceolata with orange-scarlet flowers of a lovely clear brilliant coloring.

Pudica

Six \$1.25, Doz. \$2.25, 100 \$14.00
Of still a different habit. A low plant about 6 inches high with a single clear bright yellow bell. Likes sandy or loose soils and a warm spot in the rockery where you will enjoy it immensely.

Thunbergi

Six \$1.10, Doz. \$1.85, 100 \$12.00
Bronze-purple. These produce in early April dwarf, pendent, reddish brown and purple bell-shaped flowers in curiously checkered shades, on stems 12 inches high. They are very effective in colonies, requiring a somewhat dry situation. Invaluable for the rockery, for naturalizing and very lovely grown in pans indoors; use same culture as for Freesia.

GLADIOLUS NANUS - Early Flowering

These Baby Gladioli are extensively used for winter forcing, can be forced by the end of March, and come in very useful when most bulbs have gone. Noted for their lasting qualities, slender stems and dainty, Orchid-like flowers.

Peach Blossom

Six 95c, Doz. \$1.70, 100 \$11.00
Lovely soft pink flowers on dainty stems.

Spitfire

Six 95c, Doz. \$1.70, 100 \$11.00
The finest of the Baby Gladiolus. Brilliant reddish salmon.

Cardinal

Six 95c, Doz. \$1.70, 100 \$11.00
Rich brilliant red blooms on gracefully arching stems.

Mixture of Gladiolus Nanus

Six 90c, Doz. \$1.50, 100 \$10.00
Beautiful new strain, early flowering, with dainty flowers carrying the characteristic diamond-shaped markings on the lower petals. Long, strong stems. New pastel shades of lavender-blue, orchid, salmon, pink, rose, scarlet, orange, and many others.

ROMAN HYACINTHS

The early Roman Hyacinth, with its graceful spike of fragrant bells, is one of the earliest of all winter-flowering bulbs.

Bulbs will be ready in September, when they may be planted in pots or pans. They may also be placed in the more artistic ornamental bowls, pebbles or fiber as a filler, which only needs to be kept continually moist. Bulbs planted in September bloom in December.

White

Three 85c, Doz. \$3.00, 100 \$20.00
Extra large bulbs.

IXIA - Corn Lilies

Bloem Erf

Six 95c, Doz. \$1.50, 100 \$10.00
Recently introduced hybrid from South Africa, quite different from other Ixias. Blooms in late spring. Wiry stems 4 to 5 feet tall with 20 to 40 open flowers in a raceme at the top with several smaller flowering branches below. Color varies from pure white through shades of pink overlaid with a bluish tinge. Excellent for cutting.

Mixed

Six 80c, Doz. \$1.40, 100 \$9.00
These beautiful bulbs from the Cape Colony (South Africa) are far too little known; they should be planted in late autumn and in cold districts they must be covered with a thick layer of straw or leaves. They are splendid for southern states. There are few bulbs so lovely and graceful and those fortunate enough to live where the climate is mild should plant them by the hundreds.

The Beautiful Shelford Hybrid *Eremurus*

Hardy—easily grown—increasing in size and beauty from year to year. They are easily one of the finest plants for the garden and superb for bold bouquets.

Eremurus - Foxtail Lilies

A noble family of hardy bulbous plants, most spectacular and desirable for stately and colorful groups in hardy plant borders. They are perfectly hardy, and when well established, produce giant flower spikes, like huge Hyacinths, attaining a height of from 5 to 8 feet long. They thrive in any sunny, well-drained border, and should be planted in early fall. The plant disappears above ground after flowering and annuals may be planted close to them to fill the vacant space, or the vacant space may be satisfactorily covered with Gypsophila Flamingo. A light mulching is advised as a winter protection in the very coldest parts of the country.

SHELFORD HYBRID EREMURUS IN PASTEL SHADES Stately Cut Flowers or Garden Plants

Beautiful, tall hardy hybrids, the inflorescence is 3 feet long, studded with myriads of coppery pink, orange, pale yellow and pink flowers. Rare and richly colored. They grow to an average height of 6 feet. For garden planting as well as for cutting these hybrids are superb. They make a stunning show in the garden as well as cut flowers indoors, lasting fully 3 weeks in water. For several years we have been increasing our stock so we could offer roots at a popular price. We suggest that they be planted in groups of not less than three, better effects are created if planted in masses of six or twelve. Our price is very low, enabling you to do this.

Shelford Hybrids. Strong flowering roots.

Each \$1.00, Three \$2.85, Doz. \$10.00

SHELFORD HYBRIDS, NAMED VARIETIES

Isobel. Orange.

Each \$2.00

Rosalind. Bright pink.

Each \$2.50

Moonlight. Pale yellow.

Each \$2.50

White Beauty. Pure white.

Each \$2.00

GIANT EREMURUS

Spectacular and Rare Garden Plants

Elwesianus albus

Each \$2.00, Three \$5.50, Doz. \$20.00

Pure white flowers similar in form and height to Robustus. A magnificent species growing easily 7 feet tall. This as well as all other Eremurus are produced from seed which results in slight variation of tints and shadings.

Robustus

Each \$2.00, Three \$5.50, Doz. \$20.00

Light rosy pink flowers grow on stems 6 to 8 feet tall. One-third to one-half of the stem is covered with sparkling, small cuplike flowers. This is one of the giants of the family, easily grown and lasts from year to year. Giant roots producing one or more spikes.

Himalaicus

Each 90c, Three \$2.60, Doz. \$9.00

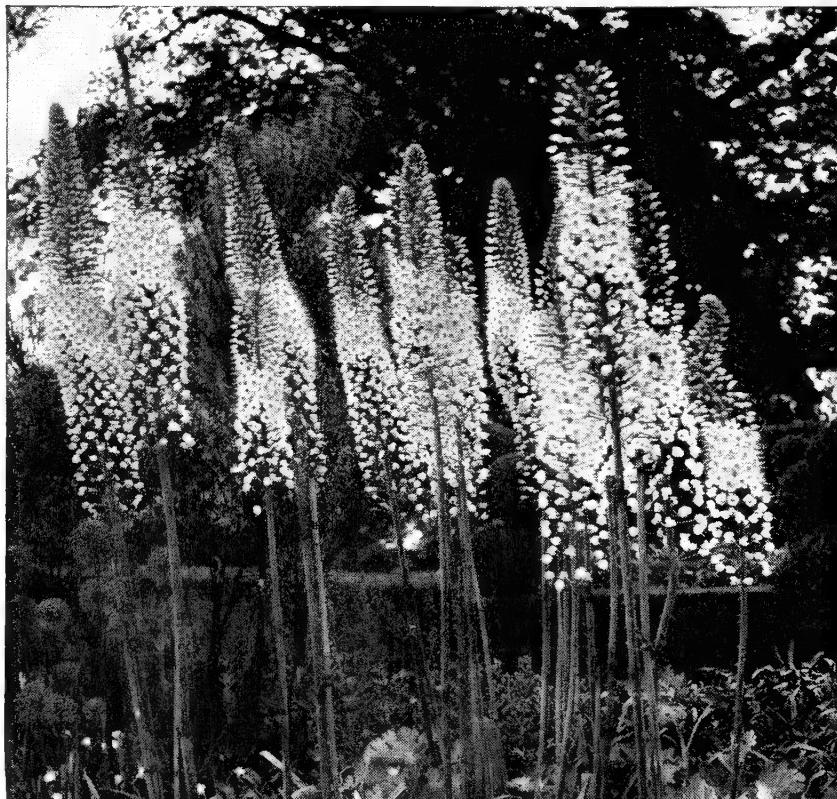

A veritable giant. It is a simple matter to grow flower stalks 7 to 9 feet tall on this variety. The rigid spikes are covered with waxy white cuplike flowers with golden anthers and remain in bloom four weeks or more. We have withheld Himalaicus from sale for several years because we wanted to sell this plant in quantity and at a popular price. With reasonable care they will flower for you for 10 years or more without the need of transplanting. We can now offer giant flowering roots at the ridiculously low price.

Him-Rob

Each 90c, Three \$2.60, Doz. \$9.00

This tremendous flower is the result of a cross between Himalaicus and Robustus. Its 7 to 9 foot flower spikes are studded with shiny cuplike flowers which vary from pale to deep pink, the flowers lasting four weeks and longer. As in the case of Himalaicus we did not offer this variety for sale until a large stock was first available. Here really is something outstanding for your garden at a price never before possible. With little care they will flower easily for 10 years or more. We offer giant-flowering roots.

A Planting of Eremurus Robustus—Himalaicus and Him-Rob

IXIOLIRION

Pallasi (*Tataricum*)

Six \$1.25, Doz. \$2.30, 100 \$15.00
A little known but choice hardy bulb which in early June produces several deep blue tubular flowers on slender stems. One of the last of the small "spring" bulbs to flower. Supply very limited. (Color illustration, page 17.)

LACHENALIA

These bulbs are especially useful for forcing as they can be grown in flats or in pots. Do well out-of-doors in milder climates and are showy in beds, borders, and rock gardens. They have from one to two dozen generally pendulous, fire-cracker-like flowers, three-quarters to one inch in length on stems six to nine inches and bloom from late November to February, depending on the time of planting and the temperature in which they are grown.

Cultural directions: Same as Freesias. May be had in bloom at Christmas. Bulbs multiply freely and may be used from year to year.

Pendula superba

Flowers brilliant coral-red tipped green and purple. Two or three Tulip-like green leaves. One of the best and earliest. Excellent for indoor growing. Easily in bloom by Christmas.

LEUCOCORYNE - Glory-of-the-Sun

Ixioides odorata

Six \$1.25, Doz. \$2.25, 100 \$14.00

Flowers exquisite light blue on tall, wiry stems and of very long-lasting quality, with faint Heliotrope fragrance; for greenhouse culture or outdoors in warm states. March and April flowering. Unquestionably one of the loveliest new bulbs introduced. We predict it to be as much used as Freesias as soon as the price permits its free planting.

LEUCOJUM - Snowflake

Aestivum (Summer Snowflake)

Six 95c, Doz. \$1.50, 100 \$10.00

A very handsome, hardy, robust growing plant, producing spikes of elegant drooping white flowers in May. Greatly prized for cutting, on stems about 14 to 18 inches high. Same culture as for Narcissi.

Gravetye

Six \$1.10, Doz. \$1.85, 100 \$12.00

This large-flowered Snowflake produces in April and May gracefully drooping white bell-like flowers. Does best when growing in a shady situation and should be left alone as much as possible because the flowers become larger when the bulbs are not disturbed. Particularly fine for cutting.

MERTENSIA VIRGINICA - Virginia Blue Bells

This is indispensable in the garden for color effect; flowers are porcelain-blue; buds pink at opening. The plant grows from 1 to 2 feet high, bearing a panicle of flowers about 1 inch long in short pendent clusters. It is splendid for the open border or for naturalizing along the woodland path. We know of no other spring flower which does so well in deepest shade. It flowers from the time Daffodils are in bloom, continuing while the May-flowering Tulips are at their best. Use this delightful plant in quantities, as it is permanent and so helpful to create beautiful pictures, especially in shady places. (Color illustration, page 18.)

Choice Selected Roots

Three \$1.15, Doz. \$3.75, 100 \$18.00, 1000 \$165.00

Lachenalia Pendula Superba

LYCORIS

Radiata

Six \$1.25, Doz. \$2.30, 100 \$15.00
From 10 to 20 flowers are borne on slender scapes 1 to 1½ feet high in early autumn. They are bright crimson in color, about 1½ inches across; the sickle-shaped segments being scarcely crisped; filaments are bright red. The leaves appear after the flowers. They are easily grown indoors, in the North, but in the South may be grown outdoors in ordinary good garden soil.

P. S.—Lycoris Radiata is generally misnamed Nerine Sarniensis.

MORAEA

An interesting group most of which are natives of South Africa, many being new to cultivation. Some are useful for cutting, others for the perennial garden and others still for pot culture and rock gardens. All listed below flower in spring. They show a wide range of colors and vary in height from 6 inches to 3 feet. On most of them the foliage is not important. Same culture as for Freesias.

Glaukopis (*Iris pavonia*)

Six \$1.25, Doz. \$2.25, 100 \$14.00
Often called Peacock Iris. Flowers white or light blue with peacock eye at base of outer segments. Stems 10 to 15 inches high. Excellent for cutting, forcing, rock gardens and pots.

Polystachya

Slender plant 18 to 24 inches high with many wiry branches. Well covered with flowers looking at a distance like a close group of butterflies. The outer segments of the flowers are light mauve, penciled with Parma violet, with a bright yellow spot at the base, inner segments light mauve with little pencilings. Starts flowering 6 weeks after planting and keeps on 3 to 4 months. Corms can be had in cold place at 40 degrees to make successive plantings over a long period.

MUSCARI - Grape Hyacinths

Muscari are charming spring-flowering subjects. They can grow under trees and shrubs and also do well in full sun in the border or at a sunny spot of the rockery, without any special attention. They are best planted immediately on receipt and can remain undisturbed for years. They are absolutely hardy and some varieties are delicately fragrant. Botryoides, Azureum and Armeniacum are beautiful when forced in the house, same culture as Freesias; while Plumbosum is always a source of great interest. All are about five inches high. Owing to war, Botryoides and Azureum not available this year.

Armeniacum (Heavenly Blue)

Doz. \$1.20, 100 \$8.00
Deep cobalt-blue flowers, producing many spikes with large flowers. Wonderfully fragrant. While there are several kinds of Muscari, we consider this variety the best for mass planting. Their flowers open just about the time that the Crocuses are going. They do well in the wild garden and also in grass not too rank. They are nice under trees and along borders where they may be left undisturbed. (Color illustration, page 18.)

NERINES

For autumn flowering particularly in a cool greenhouse or living room window, few plants can compare with Nerines for their brilliant and attractive colors. The flowers are produced on umbels of 6 to 24 blooms on stiff stems about 1 foot high. They remain in bloom for many weeks and the bulbs may be used over and over again. In southern gardens they are easily grown outdoors with little or no protection or much care.

Bowdeni

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00
Large umbels of pink flowers 3 to 4 inches across. This is one of the best and easiest to grow. Is quite hardy in the South and does well outside as well as making a fine flower indoors.

Note: Do not confuse the true Nerine Bowdeni with what are generally called Nerine (Sarniensis) in America. What is grown here mostly under the name Nerine Sarniensis is Lycoris Radiata.

Leucojum Gravetye

ORNITHOGALUM

Arabicum (Star of Bethlehem)

Six 95c, Doz. \$1.50, 100 \$10.00

Makes a large umbel of small white flowers with black base, produced on a tall spike. Hardy and very prolific in the extreme South but must be protected or forced in the North.

Aureum

Six \$1.00, Doz. \$1.60, 100 \$10.50

It is a splendid pot plant for growing indoors during the winter months, carrying its large cupped, brilliant gold flowers in clusters supported on stems 12 inches high. Requires a cool, well-lighted position and a pot or pan of it gives a magnificent long-lasting effect. Flowers last 3 to 4 weeks.

Thrysoides flore-pleno

Six 95c, Doz. \$1.50, 100 \$10.00

The double form we now offer is much more desirable than the single-flowered variety. The fine double white flowers remind one of the Pearl Tuberose, lasting weeks on end. Fine cut flower, 24 to 36 inches.

OXALIS

Suitable for pots or hanging baskets for winter flowering. Very easily grown in the house. Their clover-shaped leaves are most attractive as well as the small cuplike blooms. They are excellent inexpensive small plants for decorating the home and growing on window sills.

Bermuda Buttercup. Yellow.

Doz. 75c, 100 \$4.75

Grand Duchess. Lavender.

Doz. 75c, 100 \$4.75

Hirta. Lovely pink variety.

Doz. 75c, 100 \$4.75

RANUNCULUS

Their brilliant lovely globular-shaped flowers are splendid cut flowers and lovely at all times. May be left undisturbed for many years. In the north, bulbs may be planted in April and May outdoors and will bloom in July and should be taken up for winter and stored dry until the following season.

New Giant Claremont Hybrids

Six 80c, Doz. \$1.40, 100 \$9.00

This new giant Ranunculus is far ahead of the common types. The perfectly double flowers are produced on tall, stout stems and appear in every conceivable shade of color. The blooms are many times larger. The color range is exquisite and the long stems make them superb for cutting. (Color illustration, page 19.)

SCILLA HISPANICA (Campanulata) (Wood Hyacinths)

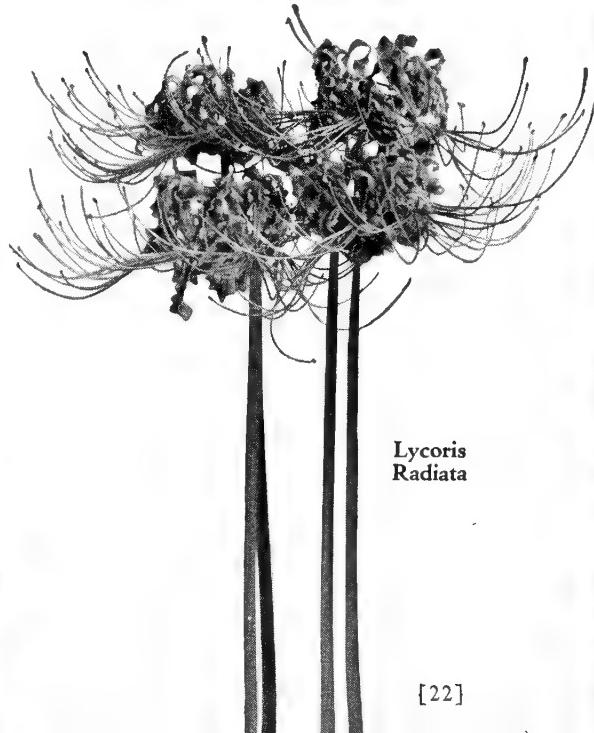

English Blue Bells are very effective in flower and shrubbery borders, and most valuable for wild gardens and woodlands, where they should be largely naturalized. Wood Hyacinths may be planted in bare shady places and odd corners which often have a desert-like appearance and can thus be rendered bright and cheerful. They will also thrive under Fir and Pine trees, where few other plants will grow.

Mixed Varieties and Shades

Six \$1.10, Doz. \$1.85, 100 \$12.00

This mixture is made from a dozen of the best named varieties. It is blended so that the various blue shades predominate. Pink and white has been added in just the right proportions to provide a pleasant contrast. You will like this mixture for planting in woods, under shrubs, or other shady places where it is difficult to grow flowers. These Scillas are also very nice for cutting, lasting well in water. (Color illustration, page 19.)

Veltheimia Viridifolia

SPARAXIS

Fine Mixed

Six 60c, Doz. 95c, 100 \$6.25

Delightful spring-blooming Cape bulbs of the Ixia group, their beautiful flowers being borne on graceful spikes about 6 to 8 inches high and the colors of the brightest and all shades. They are tigered, blotched, spotted, streaked and flushed, a complete riot of color. They are also excellent for conservatory and indoor treatment. For the southern rock garden they are indispensable. Protect in cold climates.

STERNBERGIA

Lutea major

Three \$1.10, Doz. \$4.00, 100 \$25.00

A very effective autumn-flowering bulbous plant producing Crocus-like flowers of a rich golden yellow. The bulbs make a charming decoration if planted in bowls or pots and flower a few weeks after planting. Out-of-doors the Sternbergia likes a warm, well-drained situation on banks or borders, where it should be left undisturbed. The bulbs should be planted 9 inches deep, and in cold districts a covering of dry litter should be given in winter. Fine for the rock garden.

TRILLIUM - American Wood-lily or Wake Robin

Spring-flowering perennials with three leaves borne in a whorl, and flowers with three petal-like segments.

Culture. The Trilliums require to be grown in peat and leaf mold in shade or partial shade. Plant in autumn or very early spring, 3 inches apart, in large colonies to produce the best effect.

Grandiflorum

Six \$1.25, Doz. \$2.30, 100 \$15.00

Excellent plants for shady positions in the hardy border, or in a sub-aquatic position. Large, pure white flowers in early spring. 12 to 18 inches high.

TRITELEIA - Milla

Uniflora violacea

Six 60c, Doz. 95c, 100 \$6.25

A rootlike bulb which produces in early spring a pale violet-blue flower with white center. Somewhat resembles the Chionodoxa, is delightfully fragrant. They spread and multiply with amazing rapidity and are excellent in the rockery or under shrubs or trees where nothing else will grow. They are hardy, but like a little protection. About 3 inches high. (Color illustration, page 18.)

TRITONIA

Crocata

Six 60c, Doz. 95c, 100 \$6.25

This interesting bulbous plant is commonly known as the Orange Ixia, which it resembles. It is very floriferous; forces easily and produces lovely orange flowers. Give it the same treatment as Freesias and you will enjoy it very much. Height about 10 inches. Lovely in the rockery in southern gardens.

VELTHEIMIA

Viridifolia

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Handsome Cape bulb. Forty to sixty reddish, tubular flowers 1 1/2 inches long, hanging closely from the tip of a stem 15 to 18 inches tall, rising from the center of a rosette of showy bright green, shiny leaves 9 to 12 inches long with wavy edges. Its bold habit and beautiful foliage make it especially useful as a pot plant. Excellent in garden in mild climates and easy to grow under glass. Blooms in midwinter.

ZEPHYRANTHES

Robustus

Six \$1.10, Doz. \$1.85, 100 \$12.00

Large, bright pink flowers appearing in late summer on 6- to 8-inch stems. Foliage during winter and spring. The flowers are large enough and stems long enough to be very useful for cutting. Its adaptability to culture in pots, rock gardens and borders makes it a very useful member of a well known group.

Sternbergia Lutea Major

Lycoris Radiata

Food for Thought as Well as for Your Flowers

Why treat your flowers in a way you would openly resent if done to you? You wouldn't put up with any old food that comes along, so to speak. For your children, you are no end fussy about being sure of their having enough, and the right vitamins. You are particular about a balanced diet.

Plants, anything that grows in the soil, are exactly the same in their food needs as humans.

There are plenty of the "shot-in-the-arm" kinds of ready mixed fertilizers. But, they are mostly only stimulants.

What your plants need is a balanced organic food. Not just a stimulant.

They need one containing in right amounts, those things that make plenty of strong roots; produce good, sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

The World's Finest Plant Food

So declared by experts. For Bulbs, Lawns, Flower Gardens. Used exclusively at WAYSIDE in the production of millions of fine plants. It is whole-heartedly endorsed for our customers.

Thousands of customers and strangers alike have visited WAYSIDE GARDENS. They have marvelled at our 600 miles of plants. They have been known to actually gasp for breath at the sheer beauty of 400 acres of flowers brought to such a high degree of perfection. Invariably, they ask us the same question.

"To what do you attribute the superior qualities of your flowers?"

And invariably our answer is the same: "The chief reason for the high quality of WAYSIDE products is due to the fact that we use only the very finest Plant Food that skill and money can produce!"

You will agree that we have entirely too much at stake to afford to use any other kind. In addition to the enormous investment represented by our nurseries, we have a reputation to maintain among thousands of the most critical floral customers in the land. We prize and guard very jealously such possession. . . . Contented only with the best we advise our customers to adopt the same attitude, in order that the fine specimens grown at WAYSIDE may be duplicated in your own gardens. We recommend only that which we ourselves use.

We Learn from an English Gardener

We are indebted to a noted English gardener for the Exclusive Plant Food we use in growing millions of plants of superior quality. Among other things, he said:

"A lawn should not be treated like a hayfield, but like a permanent garden. Therefore, I object to chemical fertilizers for lawns. It is not the QUANTITY of grass cut from the lawn each week, but the DENSITY AND LUXURIANCE OF THE GRASS which produces the effect of walking over a thick velvet carpet that counts. If you want a thick lawn in which there is no room for weeds, it is essential that you use properly balanced ORGANIC Plant Food—one that sinks deeply into the soil for the grass or plant roots to go after. That is where the moisture is, and you will find it unnecessary to water so much in summer."

WAYSIDE'S superior Plant Food is made from bone meal, dried

blood, ground fish, and muriate of potash, in proportions recommended by the "old country" expert. These long-lasting ingredients, heavy with life-producing qualities, give your flowers a well balanced diet, containing in just the right amounts those things that go to make strong roots, sturdy stalks, bright green leaves, a profusion of foliage and an abundance of large and healthy blooms year in and year out. It does not stimulate, but nourishes any and all plants and imparts to them a youthful and lusty vigor. It disintegrates slowly. It is excellent to use in bulb plantings as well as in Rose beds, or hardy plant borders. Use it consistently year after year, and your garden will be among the most beautiful.

USE WAYSIDE PLANT FOOD in the Autumn

Although many garden lovers do their fertilizing in the spring, the fertilizers are of a quality that obtain quick results but not lasting ones...WAYSIDE GARDENS Plant Food enables you to apply it to your ground in the late autumn, just before the beginning of snow and cold weather.

Its high quality is such that it disintegrates very slowly. It remains highly fertile, penetrating into the soil through the winter months, reaching the root level of the plants when spring breaks through again.

Ideal for Rose Beds and Bulb Plantings

Also it is excellent for spading into the Rose bed when you are preparing the Rose bed for winter...Use it generously in your bulb plantings and in any hardy flower border.

In late summer and autumn your soil is in better condition than in early spring. By working and preparing it prior to the approach of winter, you will have more leisure to enjoy its greater beauty—the satisfying rewards of your efforts—when Nature reanimates your bulbs and Roses next spring.

How to Use Wayside Plant Food

Nor do we need to use much of it to obtain the lasting magical results it produces. Furthermore, it is easy to use and apply it. If your garden is an established one, apply twice a year, March first and October first. **Use 15 to 25 pounds for top dressing a space 500 square feet for Hardy Plants, Rock Plants, Roses, Annuals, and other Flowering Plants, Shrubs, and**

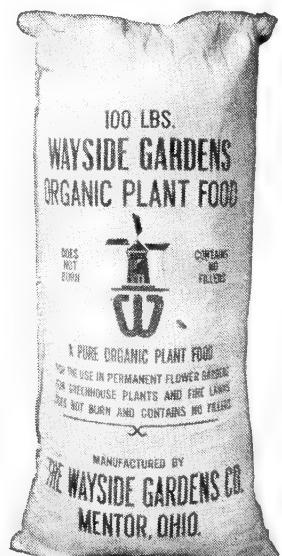

Bulbs. In making a new garden, double the amount and mix with the soil. Planting may be done at once. No burning is possible. For old lawns, use 10 to 25 pounds for top dressing 500 square feet. For potted plants, a 3-inch potful mixed with a bushel of soil will give you splendid results.

Wayside Gardens Plant Food Contains No Useless Weight, or Bulk Producing Fillers

A 100-lb. bag for \$7.00; 500 lbs. for \$25.00; 2000 lbs. for \$90.00.

The above prices include free delivery by freight east of the Mississippi. Detailed instructions with every shipment.

This Plant Food may only be obtained direct from WAYSIDE GARDENS. The best proof of its superior qualities is that it is used in enormous quantities right here at WAYSIDE. Knowing its value and importance in your garden, we feel no hesitancy in urging you to include some of it in your order for plants.

Hardy Lilies for General Garden Use

Lilies, unlike *Narcissus* bulbs, are not all grown in one locality under one and the same conditions, but are gathered together from many foreign countries. All ripen at different times of the year; therefore, orders for Lilies cannot always be filled at one time. The requirements of Lilies vary with each variety. We have a booklet on

their culture, which will be sent to you upon receipt of 25c. Because of the lack of knowledge and the carelessness of many planters, we do not guarantee Lilies to grow. We do, however, guarantee to supply you bulbs in good condition and will replace without charge any damaged bulbs, immediately upon hearing from you.

Amabile

Each 55c, Three \$1.50, Doz. \$5.50, 100 \$37.50

An attractive species from Korea which has proved to be easy of cultivation in this country. It bears as many as six vivid red Turk's Cap flowers spotted with black. Height 3 to 4 feet. June flowering. Stem-rooting. Plant 6 inches deep in well drained, gritty soil with leaf mold. Enjoys partial shade.

Canadense

Each 30c, Three 85c, Doz. \$3.00, 100 \$20.00

Broad, funnel-shaped, drooping flowers, varying from yellow to orange; spotted inside; graceful and pretty. Fine among Azaleas, in damp peat beds, or leaf mold. Excellent for naturalizing. June-July flowering.

Canadense flavum

Each 35c, Three 95c, Doz. \$3.50, 100 \$24.00

Broad, funnel-shaped, drooping flowers on longish stalks about 3 feet high. Almost bell-shaped with ends of the petals only very slightly turned back. Golden yellow, handsomely spotted inside. June-July flowering.

Cernuum

Each 45c, Three \$1.25, Doz. \$4.00, 100 \$35.00

A rare and beautiful species from northern China, somewhat resembling *L. Tenuifolium* in habit and growth but with much longer and more numerous grassy leaves. Has slender yet rigid stem. Bears up to six nodding, deep lilac-pink "Turk's Cap" flowers spotted wine-purple. The golden brown anthers and delightful fragrance add much to its charm. Likes light gritty soil and does fine in light shade. Flowers in June.

Concolor

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

One of the best dwarf Lilies, with erect, star-shaped flowers of deep scarlet with a few dark spots towards base of petals; will frequently produce three or more stems from one bulb. Suitable for rock gardens. July, 18 inches.

Davidi

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

A fine Lily from Western China, very graceful, with a tall, slender stem, strong and erect, and bearing up to twenty or more bright cinnamon-red tiger-like flowers, copiously spotted with glossy black. It combines a very refined and elegant appearance with a splendid constitution and is one of the best summer-flowering Lilies we have. Height 5 to 7 feet. Plant in either a sunny or partially shaded position.

Elegans, Mixed Colors

Each 40c, Three \$1.10, Doz. \$4.00

The number of forms and varieties is legion, varying in color from pale lemon-yellow to rich orange-brown, various tints of orange to almost red and from soft apricot to nearly crimson; varying also in flowering season. A planting through Funkia or Heuchera is most effective. June-July flowering.

Kelloggi

Each \$1.20, Three \$3.50, Doz. \$12.00, 100 \$85.00

A rare and beautiful Lily, growing 2 to 3 feet high, bearing closely recurved "pink" flowers like those of the "Turk's Cap" Lily. Very graceful and fragrant. It succeeds best where the roots are shaded.

Maxwill (Hybrid)

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

A new hybrid, being a cross between *Lilium Leichtlini* var. *Maximowiczii* X *Lilium Willmottiae*. In its general habit and pyramidal inflorescence this hybrid is similar to *Lilium Willmottiae*, but the blooms are lighter in color, the stamens are longer and the anthers are orange-red. The spike is tall and very strong, but gracefully slender, bearing as many as 30 or more large recurving flowers. Height 6 to 7 feet. Comes into flower in late July. A splendid Lily acclaimed by Lily specialists the world over. Free flowering and remarkably free from the ordinary Lily diseases. Of easy culture.

Philadelphicum

Each 60c, Three \$1.70, Doz. \$6.00, 100 \$42.50

A handsome native Lily with yellow, cup-shaped flowers, spotted maroon and shaded orange at ends of petals. Good for naturalizing. July. Height 3 feet.

Shelburne Hybrid

Each 80c, Three \$2.25, Doz. \$8.00, 100 \$57.50

Regale Lilies are past; *Principis* is fading; and *Shelburne Hybrid* is in its glory. That expresses the major difference of this sort, with the others. However, some bulbs bloomed with Regale, and some are not yet open, and there is much more variation in the size and form of the bloom. In the coloring, too, is much variation, ranging from nearly clear white to heavily blushed sorts. If you can afford but one sort of Lily, buy this one.

Superbum

Each 45c, Three \$1.25, Doz. \$4.50, 100 \$30.00

The color in this desirable Lily varies from pale yellow to deep crimson, more or less spotted on the inner surface of the petals. Fine established specimens often reach a height of 10 feet and more, bearing from 20 to 30 elegantly reflexed flowers, arranged in large, conelike clusters. Does well in ordinary garden soil. July flowering.

Tigrinum splendens

Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

The finest form of Tiger Lily with the richest color. The large, shapely flowers are of a rich dark salmon-orange spotted with glossy black. Very robust in habit and of easy culture. August-September flowering.

Tigrinum flore-pleno

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

The double form. The best example of a double Lily we have.

Umbellatum grandiflorum

Each 50c, Three \$1.35, Doz. \$5.00

A very free flowering Lily of easy culture. Carries large umbellate heads of light orange-red flowers.

Willmottiae

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

A tall graceful Lily with slender foliage. Produces 15 to 20 flowers of a vivid orange-red, with recurved petals and numerous small brown spots. A very lovely variety adapted for the garden but will need staking. July and August. 4 to 5 feet. Largest bulbs.

MISS PRESTON'S HYBRID LILIES FROM CANADA

We are indebted to Miss Isabelle Preston, expert in Ornamental Horticulture at the Central Experimental Farm, Ottawa, Ontario, for several of the finest hybrid Lilies in cultivation. Exceptionally outstanding are those resulting from crossing *Lilium Willmottiae* with a *Lilium Dauricum* Seedling. They are vigorous and hardy, with strong, upright stems, luxuriant foliage and large brilliantly colored flowers, reflexed and facing outwards.

Brenda Watts

Each 90c, Doz. \$9.00

A very vigorous and handsome plant, growing to a height of 4 to 5 feet. Large, firm textured flowers of fire-red, dotted purple-black towards the center. Very showy and attractive. June to July flowering. Plant 6 to 8 inches deep. All of this group prefer low growing shrubs or perennials as ground cover, with their heads in full sun.

Grace Marshall

Each 90c, Doz. \$9.00

The result of crossing *Lilium Willmottiae*, and a seedling of *Lilium Dauricum*. Height up to 5 feet. A strong and vigorous grower, very floriferous, with as many as 30 large blooms carried on one plant when established. The color is between a grenadine-red and scarlet with brown spots which extend to within an inch of the tips of the broader segments and becoming more numerous towards the center. The outside of the petals is brownish in appearance. The crimson shadings in the center of the flower with grayish "fuzz" give this flower a very unusual appearance. June-flowering.

Lilium, Maxwill

Healthy American Grown *Auratum Lilies*

(Gold-Banded Lily)

We take pleasure in offering a fine healthy lot of American-grown bulbs from seed. The bulbs we offer have bloomed in the nursery and are definitely superior to the imported stock. While the bulbs are not as large, they produce an unusual amount of giant flowers and the plants are healthy and vigorous. We supply them with their roots intact. They continue making roots immediately after planting. The bulbs are sent to you in late October until the end of November, and cannot be furnished at any other time.

Auratum (Gold-Banded Lily)

Undoubtedly one of the finest. Its large, graceful, fragrant flowers are composed of 6 petals of a delicate ivory-white color, thickly studded with chocolate-crimson spots and striped through the center a golden yellow. 3 to 5 feet. July to September.

Clean bulbs, 5 to 6 inches Each 75c, Doz. \$7.50

Clean bulbs, 6 to 7 inches Each 90c, Doz. \$9.00

Lilium Centifolium Wayside Hybrids

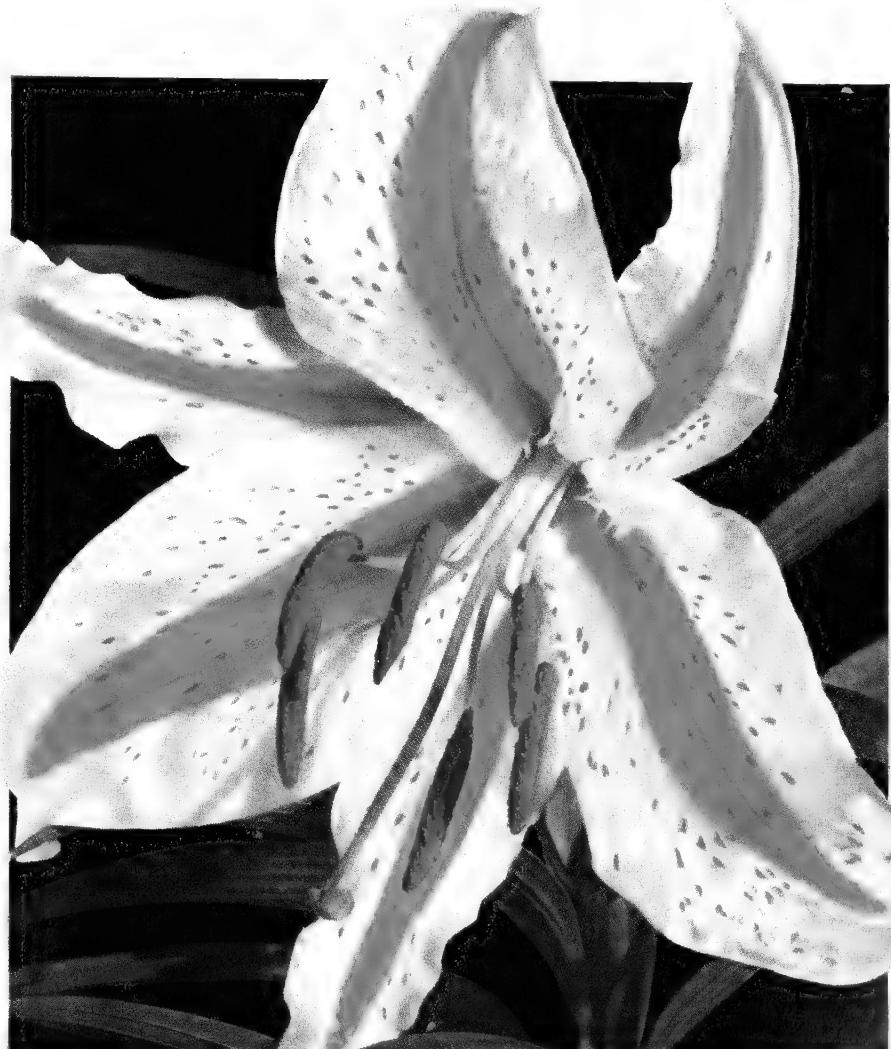

These magnificent hybrids are the result of crossing *Lilium Leucanthum* variety *Chloraster* with *Lilium Sargentae* and again with *Lilium Regale*. The flowers are immense white trumpets borne on stems rising 6 to 8 feet in height, resembling greatly enlarged and improved *Regale* Lilies. Delightfully fragrant and superbly showy. While all are white inside the external coloring varies from emerald-green through tints of pink to brownish purple, each and every one worth growing and adding interest. The name (*Centi-folium*, hundred-leaved) is suggestive of its abundant foliage. We are very pleased to be finally able to offer these gorgeous hybrid Lilies and believe them to be an exceptional addition to any Lily collection. Fortunately, they are hardy and of simplest culture, growing even more luxuriantly than the *Regale* Lily. Plant in light shade 5 inches deep in soil perfectly drained. Give slight protection in coldest part of the country. They flower in July and August after the *Regales* have passed. Delivery in October.

No. 1 strong flowering bulbs, 5 to 6 inch circum.
Each 50c, Three \$1.35, Doz. \$5.00, 100 \$35.00

Top size strong flowering bulbs, 6 to 7 inch circum.
Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Mammoth size strong flowering bulbs, 7 to 8 inch circum.
Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00

Order promptly. Supply decidedly limited.

Lilium Auratum

Lilium Candidum

Tenuifolium Lilies

Three 70c, Doz. \$2.50, 100 \$16.00

Tenuifolium

A charming little early flowering Lily with strongly recurved petals of waxy texture; deep scarlet. A gem in the rock garden as in the border. Likes a cool, damp, loamy soil and partial shade, but does well anywhere in well-drained soil.

Tenuifolium, Golden Gleam

A beautiful, robust, and floriferous hybrid of this type, bearing numerous flowers of a pure apricot-yellow. June flowering.

Three 85c, Doz. \$3.00, 100 \$20.00

Lilium
Tenuifolium

Lilium Candidum

The Madonna Lily is one of the loveliest of white Lilies, popular throughout the world, loved and admired by all. Its delightful fragrance and lovely white flowers have made it a universal symbol of purity. Plant it in groups of three or more bulbs, close to the pale blue Delphinium Belladonna. It will be the loveliest spot in your garden during late June and early July. Madonna Lilies are simple to grow if you will plant in full sun and perfectly drained soil.

Madonna Lilies will be very scarce because importation from France is impossible. Therefore, order your supply **at once** and mix through the planting of Madonna Lilies a few of the magnificent Centrifolium Lily, offered on page 25.

First size bulbs Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Top size bulbs Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00

"Western Sunset"
Lily

"Western Sunset" Lily

This brilliant Lily is of easiest culture, in fact, it's "fool-proof." It is vigorous, dependable, very hardy, and multiplies rapidly. It does equally well in full sun or shade. They reach a height of five to six feet. Stems are stout and require no staking. A clump of six or a dozen when in bloom makes a brilliant picture in any garden. Each stem is topped with a dozen or more beautiful flowers in July. The petals are somewhat recurving and a brilliant sunset-red, while the base of the bloom is yellow, beautifully marked with amber-brown dots.

Each 40c, Three \$1.10, Doz. 4.00, 100 \$25.00

Lilium Philippinense

Philippinense

Each 35c, Three 95c, Doz. \$3.50, 100 \$24.00
 The substantial blooms are trumpet-like, in fact, they are long lovely white flowers with a beautiful pale emerald-green throat which gives the flower a distinct and delicate appearance. They commence blooming in early August, and flower until stopped by frost. Bulbs when established will produce 3 to 4 spikes each with 4 or 5 blooms. It is a most liberal flowering Lily, to all of which may be added that they are among the easiest grown. Height 4 to 6 feet.

Giant St. Louis Strain

Top size, 6-7 inches
 No. 1 size, 5-6 inches

A few years ago in St. Louis, Mo., a very good friend and customer of Way-side called our attention to his giant strain of Philippinense Lilies. He showed us magnificent, healthy, 8-foot giants with ten or more huge trumpet-like flowers. This strain was the result of years of careful breeding and selecting. He gladly assisted us to propagating stock which now enables us to offer these giants. They bloom about 2 weeks later than our regular strain and grow, when established, from 7 to 8 feet high.

Each 60c, Three \$1.70, Doz. \$6.00
 Each 55c, Three \$1.50, Doz. \$5.50

Lilium Philippinense
 Giant St. Louis Strain

Lilium Henryi

A splendid garden plant, vigorous in its growth, failing very seldom. One of the best border Lilies, reaching over 8 feet and more in height when established, and bearing more than 20 flowers of a rich, deep orange-yellow. Fine foliage. Does well in both light and heavy loam. August. September flowering.

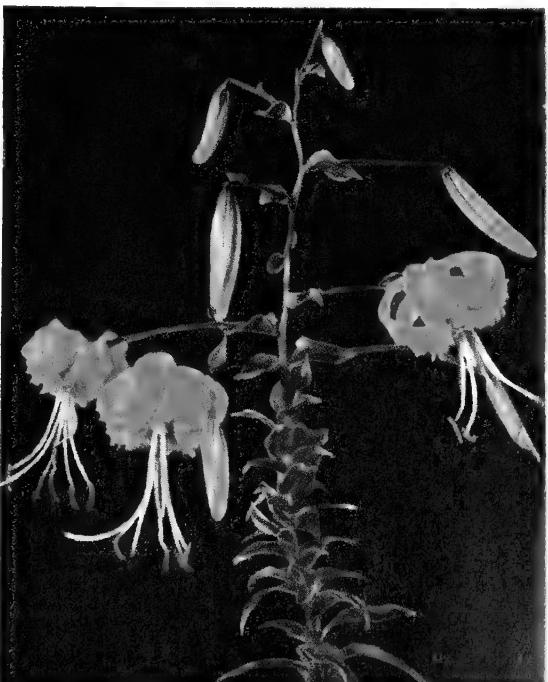

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Lilium Testaceum

Also known as "Excelsum" and as the "Nankeen Lily." One of the choicest garden Lilies. The warm apricot tone, almost a cafe au lait, set off by brilliant orange anthers, puts it in a color class by itself; in fact, many people consider it the most graceful and lovely of all Lilies. It is beautiful for every kind of garden use but because of its tender coloring, must be planted in a mixed border with brighter flowers. In combination with light shaded Delphiniums or with the Madonna Lily, which it resembles, it is most effective. It has the texture of *Lilium Candidum*, with reflexed petals, and does well under the same conditions as *Candidum*. Four to five feet high. June-July flowering.

Top size bulbs Each \$1.85, Doz. \$20.00
 Fine first size bulbs
 Each \$1.50, Doz. \$15.00

Lilium Henryi

Lilium Shuksan

Lilium Shuksan

A new Hybrid Lily with a great future. Also a fine bill of health. Through careful cultivation a very high state of health has been maintained and we have never seen any bulbs infected with mosaic; that fatal disease some Lilies are subject to. Shuksan is a very vigorous grower, 5 to 6 feet tall and produces its flowers in open heads, 15 to 25 flowers on one plant is not unusual. The color is a soft buff-yellow broken by large quite widely spaced soft brown spots. At opening, the flowers are starlike. The petals reflex and roll back when in full bloom. Flowers last a week when cut.

Each 80c, Three \$2.25, Doz. \$8.00, 100 \$57.50

Lilium Regale

(The Regal Lily)

One of the most beautiful and one of the hardiest Lilies in cultivation—"Lilium Regale" is truly a Royal Lily; worthy of a place in every garden; it is a lover of loam and sunshine. A vigorous grower with sturdy stems, 4 to 6 feet high, densely covered with fine foliage. Center of flower flushed with yellow shading to white at outer edges; externally the flowers are streaked with brown on the "ribs," shaded through the almost translucent petals with a delightful pearly tint; the contrast between the color of the reverse of the petals and the gold shading of the throat is extraordinarily beautiful. The Regal Lily is very floriferous and when thoroughly established, bears as high as 18 to 20 flowers.

Flowering bulbs, 6-7 inches

Each 45c, Doz. \$4.50, 100 \$30.00

Flowering bulbs, 7-8 inches

Each 50c, Doz. \$5.00, 100 \$35.00

Flowering bulbs, 8-9 inches

Each 60c, Doz. \$5.75, 100 \$40.00

Lilies for Indoor Growing

These are usually grown for specimens in pots for exhibition and decoration.

The short time required to bring these peerless Lilies into flower renders them invaluable. The flowers are delightfully fragrant, pure waxy white, and if cut when partially open can be kept for two weeks, if desired. A succession of bloom can be kept throughout the winter by bringing a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents. Bulbs ready for shipment—August to December.

Longiflorum, Florabelle (Florida-Grown Easter Lily)

This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting.

No. 1 bulbs, 6 to 7 inch circum.

Each 60c, Three \$1.60, Doz. \$5.75, 100 \$40.00

Mammoth bulbs, 8 to 9 inch circum.

Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00

Longiflorum Harrisii (Bermuda Easter Lily)

This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers.

Extra bulbs, 7 to 9 inch circum.

Each 75c, Three \$2.15, Doz. \$7.50, 100 \$55.00

Mammoth bulbs, 8 to 10 inch circum.

Each \$1.10, Three \$3.20, Doz. \$11.00, 100 \$75.00

Lilium Regale—The Queen of Lilies

Planting times of Lilies differ so we ship your bulbs to reach you at the right moment for immediate planting. Like all Wayside Gardens bulbs, they are imported only from preferred growers—and are the professional choice of their stocks, at that. This fact, plus the careful instructions with each shipment, assures you of success with them. But while we guarantee arrival of your bulbs in good condition and will replace damaged bulbs if notified promptly, we do not guarantee they'll bloom because results do depend on a gardener's following instructions exactly.

The Pick of the World's Roses for Your Garden

Prize-Winning Wayside Gardens Roses

To make it easy for you to get the most from your Rose budget, the Wayside list is made up of but a few hundred of the finest types and varieties, the most popular older Roses along with the most exciting of the new ones—all of them selected for hardiness, abundant bloom and easy growing.

Among Tea and Hybrid Tea Roses, for instance, you have a remarkably wide selection from prize-winning new strains of Europe and America. There are many new Setigera Hybrids and other varieties originated by Mr. M. H. Horvath. The Climbing Horvaths are today the largest-flowered in existence; and all are remarkably free from conventional Rose ailments.

Create Lovely New Garden Effects With Roses

Polyantha or Floribunda varieties planted in solid beds give you a magnificent display all summer long. People in Europe have long known this for they've jeweled the continent with millions of them. You get lovely effects with

Bedding and Cluster Roses by planting them in small groups in front of shrubbery in combination with perennials and annuals. Tree Roses add a striking third dimension in your Rose beds and take up practically no ground space. No dooryard or garden is complete without Climbing or Rambler Roses on a sunny wall, fence or arbor.

There are few lovelier sights than the "Golden Rose of China" (*Rosa rugosa*) blooming with a clump of lavender or purple Tulips in front of it. Pink Rose "Sterling" which won the Hubbard Gold Medal as the finest Rose of the past five years should have a place in every Rose garden.

Roses have probably caused more men to become interested in gardens than have all other flowers combined. Try it on the men-folk of your household. He may have no particular interest in gardens but will frequently develop a deep enthusiasm for planting and cultivating Roses. It creates a new interest in his home and pays bountiful dividends in added domestic bliss.

MEN'S GARDEN CLUBS OF AMERICA

OFFICE OF THE
First Vice President
AT
2385 Lakeside Place
Highland Park, Illinois

September 26, 1943.

The Wayside Gardens Company,
Mentor, Ohio.

Gentlemen: I have not answered your letter of July 3rd sooner because I wanted to get a longer period of observation on the action at our Memorial Garden of your Rose, Mabelle Stearns.

Very candidly, it is my opinion that Mabelle Stearns is one of the finest Roses ever produced. It has withstood our variable weather. It has withstood neglect, also, and in return, it has rewarded us with marvelously strong growth, absolutely continuous bloom and a pleasing appearance at all times. It has been the most satisfactory Rose planted in the Gardeners' Memorial and I wish that you, or someone, could send us other varieties that would perform up to 75 per cent of Mabelle. This Rose needs room and we arranged a border planting in front of a hedge of *Rhamnus cathartica*. The roots have had to fight for their share of food and they have done an outstanding job of getting it. In mass planting for borders and also in solid beds, it produces 100 per cent. This is the "unvarnished truth" that you asked for.

With best regards,

Yours very truly,

C. E. PFISTER.

Wayside Roses Are Strong Rooted 2-Year Field-Grown Plants

If you've had costly and disappointing experiences with "bargain" Roses such as you can always buy at cut-price stores and from other sources of no horticultural standing, you understand readily why so many thousands of gardeners save money by purchasing their Roses and other hardy plants from Wayside Gardens.

Twelve Superb Roses of American Origin

ANZAC—"The Soldier's Rose" (*Patented*)

Has all the qualifications of a winner: vigor, ruggedness and dependability. When the season for action arrives, Anzac will go over the top, and wherever established, will hold its ground with the best of Roses in your garden. Anzac, like the Douglas MacArthur, needs no coddling. Give Anzac the ordinary requisites that Roses require: water, nourishing food and a clean soil—and you will be more than gratified with the successful results. Anzac, "The Soldier's Rose," will always do its duty in your garden.

The vigorous growth of Anzac foretells the advent of many shapely buds and beautiful flowers. Buds of fifty waxen petals steeped in coral and washed with gold unfold into perfectly formed camellia-like flowers. As these flowers expand, the original colors lighten, the golden flush at the base of the petals passes to yellow and the coral changes to rosy lake. The merging of these colors might well be compared with the "Rose" in the sky at dawn, just before the sun climbs over the eastern horizon.

Each \$1.50, Doz. \$15.00

APRICOT QUEEN

Award All-America Rose Selection, 1940 (*Patented*)

A lovely combination of colors is to be noted in this glorious new Rose. Orange and apricot at the base of the petals, merging to salmony rose and phlox-pink in the fully developed bloom is descriptive.

The bud is long-pointed. The fully developed flower shows a regular, well placed petal arrangement.

A good strong grower, with handsome, leathery foliage which serves as a splendid foil to the perfectly formed buds and open bloom.

Each \$1.25, Doz. \$12.50

CALIFORNIA

Award All-America Rose Selection, 1940 (*Patented*)

We regard this sensational novelty as outstanding among the numerous varieties we have contributed to the Rose world through our efforts in plant breeding.

The color is a glorious shade of ruddy orange toned with saffron-yellow, with the exterior of the broad petals overlaid with saturn-rose—a dual tone effect of indescribable richness and beauty. Buds long and pointed, flowers of enormous size, reaching a diameter of five to six inches. Growth vigorous, with healthy, glossy green foliage.

Each \$1.50, Doz. \$15.00

CHARLOTTE ARMSTRONG

Award All-America Rose Selection, 1940 (*Patented*)

A Rose of a most unusual color, blood-red in the bud, opening to cerise in hot weather and to spectrum-red in cool weather, while the beautiful shape and extreme length of the buds, with its long clasping sepals and the extreme floriferousness and vigor of growth and large, luxurious foliage, make it a most satisfactory Rose in all respects. The bud is long and pointed; the flower is 3 or 4 inches in diameter, high-centered, never showing the center. The foliage is leathery, semi-glossy, deep green and highly resistant to mildew.

Each \$1.25, Doz. \$12.50

GRAND DUCHESSE CHARLOTTE

Award All-America Rose Selection, 1942 (*Patented*)

This Rose aristocrat provides a color unknown in any other Rose. The beautiful, long, streamlined buds are glowing morocco-red and open to 25 firm-petaled blooms of dusky coral-red which do not fade, and gradually merge to a soft coral-pink. When unfolding, the petals recurve and make a delightfully informal, artistic flower with a hint of carnation fragrance. Award of "All-America Rose Selections" for 1942.

Each \$1.50, Doz. \$15.00

HEART'S DESIRE

Award All-America Rose Selection, 1941 (*Patented*)

In this new gold medal variety your Heart's Desire for a red Rose bordering on perfection will be attained. Your Heart's Desire for a Rose with that haunting perfume will be fulfilled. Your Heart's Desire for the beautiful in form and texture will be gratified. One day soon after planting the rugged bushes and you are gathering the many long-stemmed buds of perfect form and color from your garden you will exclaim, "Ah! yes this beautiful Rose with its long unfurling petals, deep red heart and exquisite fragrance satisfies my longing for a perfect Rose and fulfills my every HEART'S DESIRE."

Each \$1.50, Doz. \$15.00

MARY MARGARET McBRIDE

Award All-America Rose Selection, 1942 (*Patented*)

A tall, healthy growing plant which blooms quite freely and has all the qualifications of a fine Rose. The attractive, shapely salmon-pink buds open to 5-inch, loose flowers of a delightful shade of salmon-pink. They have about 35 petals. The blooms are mildly fragrant. Award of "All-America Rose Selections" for 1942.

Each \$1.50, Doz. \$15.00

DOUGLAS MacARTHUR

(*Patented*)

A strong growing variety, has good healthy foliage and the rugged qualities lacking in so many Hybrid Tea Roses. The color is somewhat difficult to describe, rose, gold and salmon are blended into a fine tone. The flower is of regal form. All in all one of the finest in its class, fully worthy of the illustrious name it bears. See page 32 for color illustration and further description.

Each \$1.50, Doz. \$15.00

PEARL HARBOR

(*Patented*)

The flowers are borne on vigorous canes without thorns, they are long pointed buds, the kind you have to hunt for in other varieties. The upper surface of the petals is a delicate shade of shell-pink with golden bronze shading at base. The outer or reverse side of the petals is vivid Tyrian rose. The plant is vigorous and healthy, an excellent grower asking no favors. See page 33 for color illustration and further description.

Each \$1.50, Doz. \$15.00

SANTA ANITA

Santa Anita is a lovely Rose. A loveliness exemplified in the blossoming orchards of spring. Perfectly formed long-pointed buds unfold into glorious flowers of crystal clear, peach-blossom-pink. The limpid color, delicate scent and exquisite form place bountiful Santa Anita at the very zenith of the outstanding pinks.

Each \$1.00, Doz. \$10.00

STERLING

U. S. Plant Patent No. 21

A magnificent flaming pink flower of superb form in bud as well as open. The base of the bloom is yellow, giving it a richness as well as clarity of color seldom observed. It has excellent foliage, grows strongly and blooms very freely in summer as well as in autumn. A sterling variety. Winner of the Hubbard medal.

Each \$1.00, Doz. \$10.00

WILL ROGERS

(*Patented*)

The color is black velvety crimson-maroon, which holds its color till the last petal falls. Its fragrance is so intense that a few will scent a room with "Attar of Roses" fragrance. Strong and vigorous grower with dark green foliage retained throughout the season. The blooms are quite double, with a beautifully ruffled petal arrangement in the open flower. Marvelously free in blooming qualities, bearing lavish quantities of flowers from April to the advent of following winter frosts. This Rose, cut in early morning and placed in water, will keep in fine condition for five or six days, and during this period dispels its most delightful fragrance.

Each \$1.25, Doz. \$12.50

Mme. Chiang Kai-Shek

"Destiny's Rose"

The 1943 All-America competitive Rose Trials have drawn to a close. Competent judges awarded the highest number of merits to our new yellow Rose. This Rose we have named "Mme. Chiang Kai-Shek", in honor of the First Lady of China, whose outstanding achievements and lovely character embody humanity's highest ideals. Perfectly chiseled petals clasped in long, spiral buds unfurl slowly, culminating in limpid, light clear canary-yellow flowers of perfect proportions.

The rich rose perfume of this premier yellow Rose is a fragrance retrieved from the past. A haunting scent, recalling the fragrance that hung over China Tea Roses in old and forgotten gardens of long, long ago.

The perfect form, delightful perfume, sheer elegance and vigorous growth, combined with those indefinable qualities that breeding alone can convey, truly depict the patrician in "Mme. Chiang Kai-Shek", the loveliest of all light yellow Roses.

We offer fine 2-year-old plants at \$2.00 each, Doz. \$20.00

MENTOR, OHIO

Douglas MacArthur
"The Commander's Rose"

Douglas MacArthur

"The Commander's Rose"

(Patented)

A grand new Rose has come into being—a very vigorous, hardy, free blooming Rose. The name was not chosen at random. The new variety "Douglas MacArthur" was chosen among many new Roses as an outstanding leader. Henceforth, this fine new variety shall be known as the "Douglas MacArthur Rose," in honor of our leading American soldier.

This vigorous American Rose requires no coddling, asks no favors. It has grown well and proven its value and worth in all sections of our country.

The strong bushes send up numerous shoots clothed with dark green, healthy foliage. As a flag unfurls, the long, graceful, Tulip-shaped buds open slowly into glorious flowers of fine proportion.

To specify the color of this Rose in definite terms taken from color charts is impossible. Rose, gold and salmon are all exquisitely blended into a flower of regal beauty.

When you pass in review of the Douglas MacArthur Roses in bloom in your garden and catch the beauty of their unfurling buds, you will surely snap to attention and give Douglas MacArthur a most merited salute.

Order promptly—stock is limited.

Wayside Gardens

MENTOR, OHIO

Pearl Harbor

"The Memory Rose"

(Patented)

We have named this Rose "Pearl Harbor," intending thus to commemorate in some degree the deeds of our fellow Americans, many of whom gave their lives that we may live.

Always, as spring comes with its unbroken promise, this Rose will renew itself and transfigure your garden with its tender color and fragrance as a harbinger of the faith that now unites millions of people.

Some of the remarkable features of this Rose are embodied in a plant of tremendous vigor, possibly unequaled by any other Rose in commerce today. It will grow and bloom freely under most adverse conditions and there is scarcely a period during the season when magnificent buds and flowers are not available for garden ornamentation or for cutting purposes.

The flowers are borne on vigorous canes and the bud is exceptionally long and pointed. The upper surface of the petals is a delicate shade of shell-pink, with golden bronze shadings at the base. The outer, or reverse side of the petals, is vivid Tyrian rose.

Last, but not least, Pearl Harbor is distinct from most other Hybrid Tea Roses in the fact that the plant is practically thornless.

Order promptly—stock is limited.

*Extra fine plants, No. 1 XX quality:
Each \$1.50, Doz. \$15.00*

Pearl Harbor,
"The Memory Rose"

McGredy's Ivory
(See page 36)

Ami Quinard

Jim Quinland Each 90c, Doz. \$8.50
Blackish crimson buds; semi-double flowers of maroon-red. Tall, vigorous grower. 15 petals.

Angels Mateu (Plant Patent No. 174)

Orange-rose. The involuntary expression of one visitor, "This is a heavenly Rose!" is true indeed, for it is a ravishingly beautiful flower. Reports coming to us from trials of this Rose are increasingly enthusiastic. Its color is exceptionally attractive; it reminds one of deep coral, or deep old rose flushed with orange. The fragrance is like ripe black-berries. Growth is erect. Foliage is dark green and leathery.

Anzac (See page 30)

Apricot Queen (See page 30)

Betty Uprichard

Betty Ophirard *Each 90c, Doz. \$6.50.*
One of those delightfully contrastive types; the outside a blend of deep-toned carmine with coppery orange; the interior being mostly a delicate salmon-pink.

Caledonia

Caledonia *Bush 3'6", Blos. \$6.00*
The most desirable white; exceptionally long-pointed bud opening to a very double, high-centered, long-lasting, very large, moderately fragrant flower. Continuous free bloomer.

California (See page 30)

Charlotte Armstrong (See page 30)

Christopher Stone

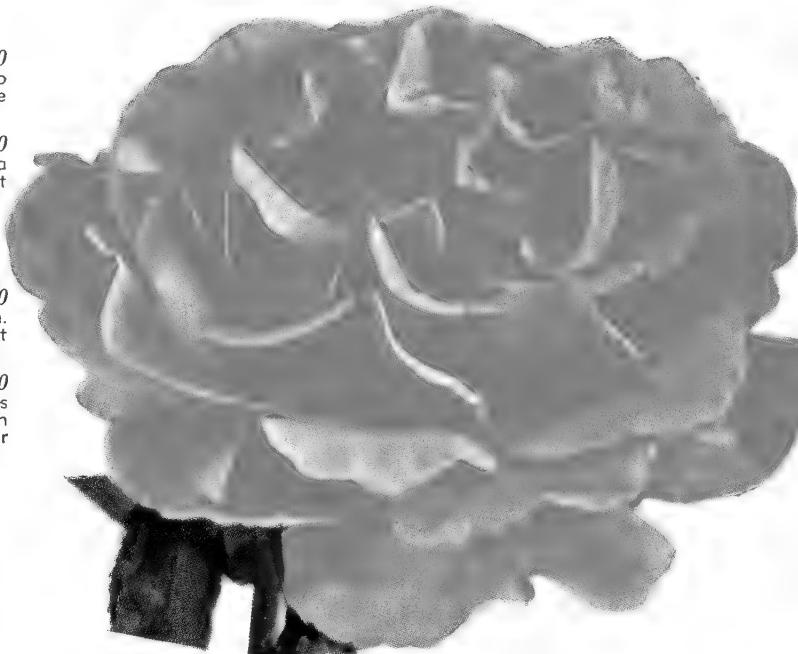

Christopher Stone Back \$1.50; Bus. \$1.00
Large semi-double vivid scarlet flowers overlaid with velvety crimson.
Has a delicious old rose scent. Of vigorous, upright growth with bright green foliage.

Condesa de Sastago

Confessa de Castagno Buds 30c, Bloz. 70c.
A splendid double Rose with the vivid colors of the sparkling species Austrian Copper. The buds are golden yellow, beautifully striped with brilliant capucine red. The open, spicy scented blooms are of similar color. Strong grower and a perfect beauty.

Everblooming

Here we list only the very choicest and most popular varieties of Tea Roses, with the majority of which every lover of the Rose is familiar. Duplicates as well as inferior varieties have been discontinued. All are good growers and free flowering and will provide you

Apricot Queen (*See page 30*)

Santa Anita
(See page 30)

Countess Vandal (Plant Patent No. 38) Each \$1.25, Doz. \$12.50
Long pointed, orange-copper buds. The flowers are large, double, high centered, and have a rich fragrance. Their color is brilliant pink lightened with salmon. The blooms are borne on long stems.

Crimson Glory (Plant Patent No. 150) Each \$1.25, Doz. \$12.50
The plants branch freely, producing a well spread yet compact bush of good symmetry. Following the large, urn-shaped buds are the well formed flowers of an intense deep vivid crimson shaded oxblood-red and mellowed by a soft velvet nap.

Douglas MacArthur (See page 32)

Duquesa de Penaranda *Each \$1.00, Doz. \$10.00*
This glorious Rose produces two distinct types of flowers. During the summer the pointed buds are a blend of apricot-orange and dark pink, opening to splendid blooms of coppery apricot. In the autumn great brownish buds open slowly to finely formed flowers of a luscious cinnamon-nammon-peach color, truly enchanting to visitors to our gardens who delight in the new art shades. It is sweetly perfumed and one of the loveliest Roses for cutting.

Eclipse (Plant Patent No. 172) *Each \$1.25, Doz. \$12.50.*
Golden yellow. An entirely new type, with "stream-lined" buds which often exceed 2 inches in length, ornamented with narrow, branching sepals which contrast harmoniously with the gold of the petals. You can depend on "Eclipse" for almost continuous bloom on strong, upright plants with healthy, dark green foliage. The flowers are produced on long erect stems, suitable for cutting.

Edel Each 90c, Doz. \$8.56
An enormous bold, stately, well built flower of great quality and finish.
Color white with faintest ivory shading towards the base, passing to a
pure white. A fine grower with uniform stout habit.

Edith Nellie Perkins *Each 90c, Doz. \$8.50*
A Rose of outstanding merit, vigorous growth and free flowering. Long pointed bud; flower of good size, long lasting and fragrant, double outside of petals. Orient red shaded cerise orange; inside salmon pink.

Editor McFarland *Each 90c, Doz. \$8.50.*
Deep pink. One notable feature of this perfectly formed flower is its ability to hold its form and color for days when cut. Greatly valued on account of its lovely form, rich pink self color without other shading and its long-lasting quality. Long buds open to deep pink flowers with delightful fragrance and come singly on erect firm stems. In our estimation this Rose ranks among the very best in the deep pinks.

E. G. Hill *Each 90c, Doz. \$8.50*
Beautiful long bud of perfect form and full double, high-centered flower of dazzling scarlet, shading to a deeper red as it develops. Strong, vigorous free-flowering habit.

Hybrid Cea Roses

with an ample supply of blooms throughout the summer. There is not one individual sort which we cannot endorse as possessing superior merit. All are two-year-old, XX No. 1 grade. The finest stock available.

California (See page 30)

Etoile de Hollande

Brilliant red blooms of magnificent size, perfect in half-open state, showing clean, attractive centers when fully open; petals enormous; very fragrant. Free flowering.

Faience

Two-tone soft peach and cadmium-yellow. Faience is the name of a famous pottery, noted for its iridescent colors. Exquisite form, from the long, tapering bud to full-petaled, opening bloom. Buds are cadmium-yellow at the base which gradually shades to shrimp-pink at the edges of the petals. As the blooms unfold, the inside of the outer petals is an artistic China-pink, which deepens toward the center of the flower to shining coppery rose. The reverse of the petals is cadmium-yellow lightly veined with pink.

Gloaming (Plant Patent No. 137)

A cut-flower variety which has proved a "winner" wherever grown. Its large buds, carried on long, rigid stems, are amply clothed with handsome foliage. Bloom is of unusual coloring, fawn-orange in the bud, and the large full blooms are of a peculiar pink overlaid with salmon. The plant is vigorous and branching, fairly tall-growing.

Golden Dawn

The ideal yellow garden Rose. The ovoid, lemon-yellow bud, heavily splashed with crimson, develops into a well formed, sweetly scented large, double sunflower-yellow flower that reminds of the old favorite Marechal Niel. Vigorous, free flowering.

Golden Sastago

Like Condessa de Sastago, this is recognized as one of the finest Roses for bedding. Its healthy foliage adds materially to its appearance, the flowers are rich golden yellow and do not fade. Fine in bud and free blooming.

Golden State (Plant Pat. Appd. For)

Superior to most other yellow Roses in vigor, erectness of growth, and abundance of bloom. An excellent, continuous blooming garden Rose with a rich clove scent. Its long buds open to glowing hearts of yellow-orange. The flowers are borne singly, sometimes in small clusters on erect stems. Each flower has from 40 to 50 petals which, when they unfold, change to a deep unfading buff veined with salmon. Awarded in 1937 the Gold Medal, Bagatelle, Paris, and chosen the official Rose for the Golden Gate International Exposition, 1939. Has disease-resistant foliage and is fine for cutting.

Grand Duchesse Charlotte (See page 30)

Gruss an Teplitz

This is a Rose for everybody, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to a velvety crimson; very fragrant, a free, strong grower and in bloom all the time.

Heart's Desire (See page 30)

Heinrich Gaede

Each \$1.00, Doz. \$10.00
Long pointed shapely bud of Nasturtium-red color, large, double, high centered flowers of ideal shape, of a color unusual and unlike any Rose in commerce—a rich luminous vermilion shaded golden yellow such as is found in high-colored modern Zinnias. Rich, fruity fragrance. A free and continuous bloomer.

Heinrich Wendland

Each 90c, Doz. \$8.50
Reddish copper. Large, very double flowers of reddish copper with an orange flush over all; backs of the petals are rich orange. This brilliant attractive color blends well with the red and yellow Roses. It has a rich, syrupy fragrance. Blooms come singly on strong, upright plants with shiny, leathery foliage.

Joanna Hill

Each 90c, Doz. \$8.50
Invaluable for the garden. The buds are large, long pointed and open to large, full, semi-double, attractive, long lasting, moderately fragrant flowers of a clear yellow with orange-yellow heart. They are borne singly on long strong stems; growth vigorous, upright, a profuse bloomer.

Kaiserin Augusta Victoria

Each 90c, Doz. \$8.50
Soft pearly white, tinted with just enough lemon in the center to relieve the white; remarkably fragrant, beautifully formed flowers on long, graceful stems; a strong, free, healthy grower.

Lady Alice Stanley

Each 90c, Doz. \$8.50
A gem that everyone admires; it is absolutely perfect in every way; form, color, size, freedom of bloom and fragrance are fully developed; in color it is a beautiful shade of coral-rose, the inside of the petals shading to flesh-pink with deeper flushes.

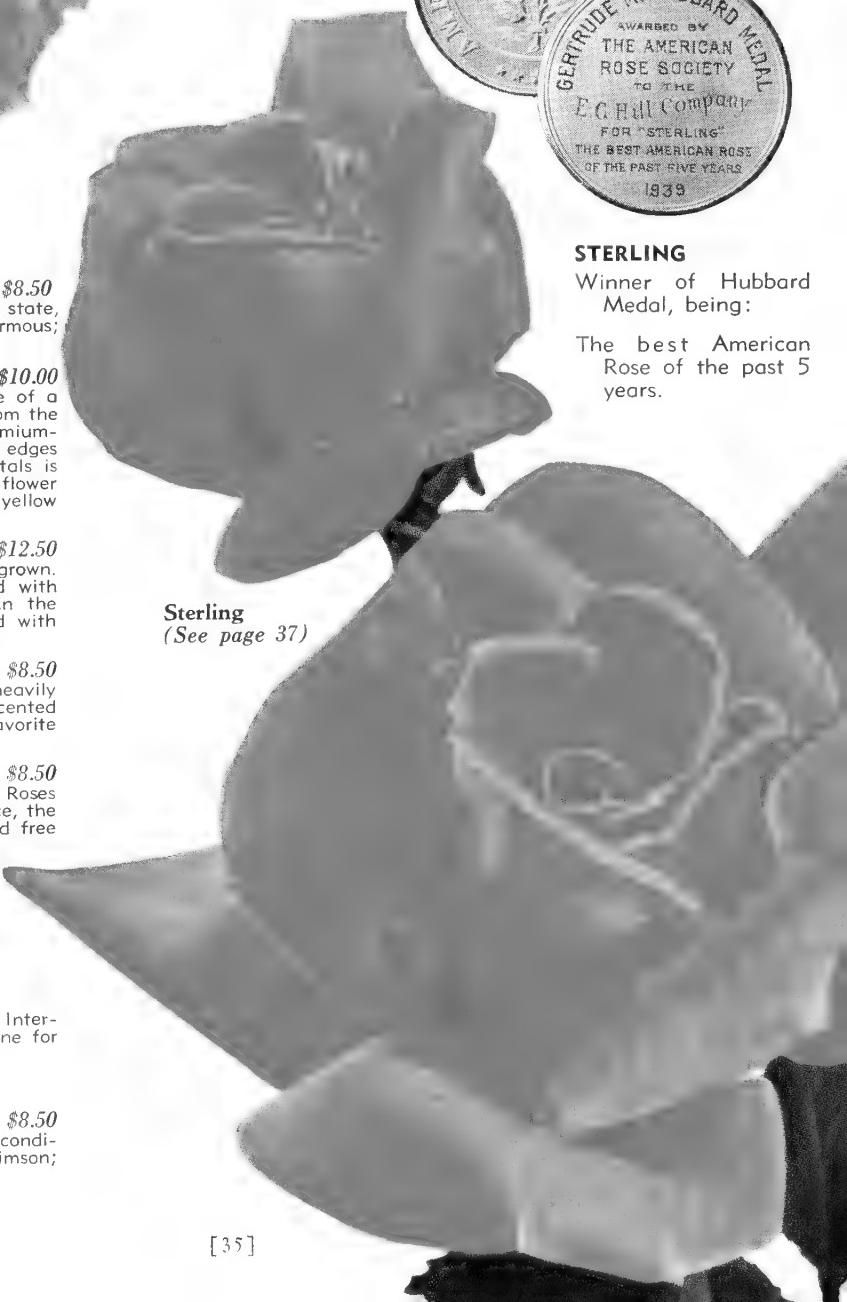

STERLING

Winner of Hubbard Medal, being:

The best American Rose of the past 5 years.

Sterling
(See page 37)

Margaret McGredy

Each 90c, Doz. \$8.50

Large, ovoid buds and double, cupped flowers of solid orange-vermilion. Very prolific. This extraordinary Rose has been widely discussed and tested in this country and found good.

Mary Margaret McBride (See page 30)**McGredy's Ivory**

Each \$1.00, Doz. \$10.00

Lovely large flowers of beautiful double form and moderately fragrant. The color is soft delicate creamy white merging into yellow at the base. Vigorous, disease resistant, and a prolific bloomer.

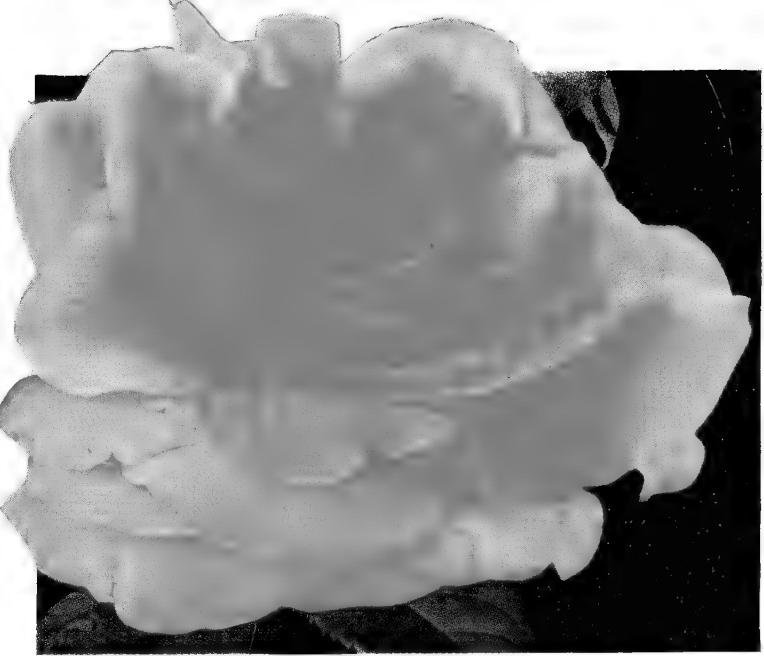

McGredy's Scarlet

Each 90c, Doz. \$8.50

The fragrant, full double flowers are of a good size. They are brilliant scarlet, orange-yellow at base of petals, the upper portions being lightly touched with crimson, varying some in color under changing weather conditions but always beautiful.

McGredy's Sunset (Plant Patent Applied For) Each \$1.25, Doz. \$12.50

As glorious as a summer sunset. The petals are a clear Buttercup-yellow, tipped orange on the outside, and chrome-yellow, flushed with scarlet on the inside. As the bloom expands the color is intensified and it is at its best when fully opened. Flowers are of medium size, full and shapely, and for a while the petals remain symmetrically curled like a Camellia. They are freely borne on a magnificent bush with dark green foliage. When cut, its fragrance soon diffuses throughout the room and leaves an unmistakable impression of its freshness. Very sun-resistant. Excellent in hot weather. An outstanding Rose and one much commented on. Certain to please garden lovers everywhere.

**Etoile de Hollande****Anzac** (See page 30)**Heinrich Gaede**

(See page 35)

McGredy's Yellow

Each 90c, Doz. \$8.50

Well-formed big flowers of bright Buttercup-yellow. The buds are exquisitely formed and leave nothing to be desired. Good strong rugged grower producing flowers freely. One of McGredy's best.

Miss Rowena Thom

Each 90c, Doz. \$8.50

Enormous buds and blooms of fiery rose and mauve, shaded with old gold at the center, borne on long, strong stems. A profuse, continuous bloomer and a very vigorous plant.

Mme. Chiang Kai-Shek (See page 31)**Mme. Cochet-Cochet**

Each 90c, Doz. \$8.50

Long-pointed buds of coppery pink, flushed orange, open to four-and-one-half-inch flowers of splendid form of the same color as the bud, except that the orange softens to gold. When open they disclose a mass of golden stamens. As the flower ages the color changes to a soft satiny pink, with an attractive tinge, but does not lose any of its loveliness and is usually clear and fresh at all times.

Mme. Henri Guillot (Patent No. 337)

Each \$1.50, Doz. \$15.00

Deep pink. The beauty of this Rose is very exciting. It is lovely in both form and color, the large, artistic, urn-shaped buds open to Camellia-like, 20-petaled blooms about 5 inches across, watermelon to raspberry-pink in color. Gold Medal, Bagatelle.

Mme. Joseph Perraud

Each 90c, Doz. \$8.50

Winner of the Bagatelle Gold Medal, 1934, and awarded the honor at Lyons, France, of being "the most beautiful" Rose in France for the year 1934. The long, slender and pointed Nasturtium-orange buds open to sweetly fragrant flowers of a charming Nasturtium-buff straying to a lovely shade of shell-pink at the petal edges--the nearest approach to a pure buff, lightened with pink at the petal margins.

Mme. Jules Bouche

Each 90c, Doz. \$8.50

While not a pure white, it is to all intents white and without question the best white everblooming bedding Rose yet introduced. The flowers are large, quite double and of splendid form. It is fragrant, a vigorous grower and very free flowering.

Mrs. Erskine Pembroke Thom

Each 90c, Doz. \$8.50

Slender yellow buds and large, well-shaped blooms of bright canary-yellow, deepest in center. Blooms very freely.

Mrs. M. H. Horvath

Each \$1.00, Doz. \$10.00

Habit of growth and color of flower is very much the same as that of Joanna Hill. The flowers are somewhat fuller but better lasting. Clear yellow with orange-yellow heart. Very profuse bloomer.

Mrs. Pierre S. du Pont

Each 90c, Doz. \$8.50

Medium sized long-pointed bud of a reddish gold opening to a semi-double, cupped, very lasting fragrant flower of a deep golden yellow. The plant is of strong, vigorous, compact growth. A profuse and continuous bloomer.

Mrs. Sam McGredy

Each 90c, Doz. \$8.50

Scarlet coppery orange heavily flushed with Lincoln-red on the outside of the petals, and these colors together give a rich and almost dazzling effect. The flowers are of large size and beautiful form. They are very freely produced and delicately perfumed. The plant has a vigorous and exceptionally free habit.

Pearl Harbor (See page 33)**Pink Dawn**

Each 90c, Doz. \$8.50

A beautiful new Hybrid Tea Rose with glorious deep Rose buds opening to lovely pink blooms tinted with orange at the base of the petals. Sweetly fragrant, fully double, and of vigorous, upright habit.

Poinsettia*Each \$1.00, Doz. \$10.00*

We have no hesitancy in stating that this Rose is the most brilliant red Rose ever produced. "Crimson Glory" is admittedly a magnificent piece of color, but the color is dull by comparison. The name of this Rose is a descriptive one, and was suggested by Dr. J. Horace McFarland of the American Rose Society. It is close to a Poinsettia-scarlet. The buds are ideal in form, long and pointed; fairly full petalage, a good grower, and fine as a cut flower. This Rose was awarded a Certificate of Merit by American Rose Society, 1938.

President Herbert Hoover*Each 90c, Doz. \$8.50*

Large flowers of a very charming combination of cerise-pink, flame, scarlet, and yellow, with broad, thick petals; very fragrant. The clean, handsome foliage is an added attraction. The brilliancy of the color is somewhat dimmed by hot weather, but the cool autumn nights develop tones and tints of almost unbelievable richness.

President Macia*Each 90c, Doz. \$8.50*

Very long bud, longer than any other Rose. Clear pink with slightly darker veining. When open, the face of the petals is pale flesh-pink warmed with a yellow flush toward the base. The reverse is the rich pink of the buds. Deliciously fragrant and extra fine long stems for cutting.

Radiance*Each 90c, Doz. \$8.50*

An ideal bedding Rose that continues to produce its large flowers throughout the most unfavorable hot weather when frequently many other varieties fail. A brilliant carmine-pink, with salmon-pink and yellow shadings at base of the petals.

Red Radiance*Each 90c, Doz. \$8.50*

A counterpart of Radiance from which it is a "sport", possessing all the good traits of that valuable variety but differing in color, which is a bright cerise-red.

Rex Anderson (U. S. Plant Patent No. 335) *Each \$1.50, Doz. \$15.00*

This variety can be described as white with an overcast of ivory, slightly deeper in the center. The large blooms are carried, several together, on strong stems and may be grown to enormous size by disbudding. It has a pleasant perfume. The habit of growth is exceptionally free and vigorous, and the abundant gray-green foliage sets off the flowers to perfection.

R. M. S. Queen Mary (Discontinued in favor of Douglas MacArthur)*Each \$1.00, Doz. \$10.00*

Rouge Mallerin Scarlet. Pointed buds of brilliant red open to 3½-inch blooms of glowing scarlet, the deep pile on the petals making them look for all the world like pieces of rich scarlet velvet. Rich old damask perfume.

Santa Anita (See page 30)*Each 90c, Doz. \$8.50*

Soeur Therese (Sister Therese) Long-pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich Daffodil-yellow and holds color well. Sweet-brier fragrance. The blooms come freely on splendid cutting stems. You can always recognize this Rose from its habit of forming sturdy 3-foot, upright canes which are topped by a "lighted" candelabra of 5 or more burning yellow blooms.

Signora (Plant Patent No. 201) *Each \$1.25, Doz. \$12.50*

This Rose from the land of sunshine and Chianti wine is a real masterpiece in both plant and bloom. Long bud of a warm burnt sienna, opening to a lighter hue toward mandarin. The plant is tall-growing with every bloom on a long stem. Foliage is handsome. Indispensable to those who grow Roses mainly for cutting.

Sterling (U. S. Plant Patent No. 21) *Each \$1.00, Doz. \$10.00*

A magnificent flaming pink flower of superb form in bud as well as open. The base of the bloom is yellow, giving it a richness as well as clarity of color seldom observed. It has excellent foliage, grows strongly and blooms very freely in summer as well as in autumn. A sterling novelty. Winner of the Hubbard medal.

Talisman*Each 90c, Doz. \$8.50*

Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow. Constantly in bloom; the most vivid color yet produced in Roses.

The Doctor*Each \$1.00, Doz. \$10.00*

This magnificent Howard & Smith Rose is internationally recognized as one of the outstanding new Roses. We regard this Rose as one of the best, a variety which will be greatly sought after when better known. The buds are long and pointed, expand to a simply enormous bloom in their fully developed state. The color is an exquisite silvery pink, uniform in color both in bud and open flower, with a fragrance so intense that it can be detected many yards away.

Texas Centennial (Plant Patent No. 162) *Each 90c, Doz. \$8.50*

A sport of President Herbert Hoover, having the same wonderful qualities. The color is blood-red, toning to cerise-red in the center. Very unusual.

White Briarcliff (Plant Patent No. 108) *Each \$1.25, Doz. \$12.50*

A supreme white Rose, with the finest form since Bride's Roses have been grown. Vigorous, bushy plant of unusual arcticness. Tremendous producer and ideal for cutting. Keeps a long while in water. It cannot be recommended too highly.

Will Rogers (See page 30)

E. G. Hill
(See page 34)

Single Hybrid Tea Rose, Dainty Bess

Perpetual Flowering Single Hybrid Tea Roses

Single Roses have an appeal which enthralls many by their artistic beauty. More and more gardeners include Single Roses for their simple beauty in the garden. Single Roses also lend themselves exceptionally well to cutting and when properly arranged in a suitable container they present a picture, the like of which is not easily obtained with most other flowers. We have selected the most outstanding from every angle.

Cecil Each \$1.00, Doz. \$10.00

A very free-flowering Single Rose and the only good yellow in existence. The blooms are a glorious Buttercup-yellow, well displayed by the fine, large, broad petals. Robust growing plants of excellent foliage. When in full bloom are completely covered with flowers.

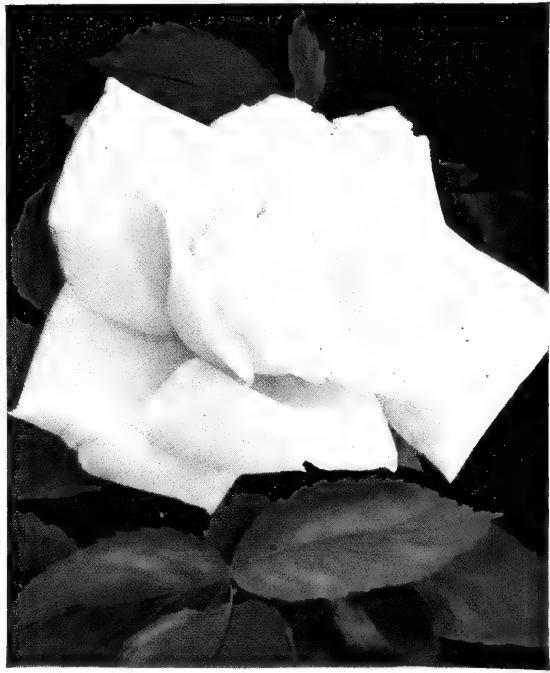

Dainty Bess

Each 90c, Doz. \$8.50

An exceedingly charming and dainty colored Single Rose of perfect form. The broad petals are delicate shell-pink which form a beautiful contrast to the conspicuous bunch of crimson stamens. It is always greatly admired for its charm and loveliness, and the blooms last exceptionally long.

Innocence Each 90c, Doz. \$8.50

Out of tapering buds come enormous pure white blooms with twelve petals arranged around the center composed of wine-red stamens tipped with golden yellow anthers.

Hybrid Perpetual Rose, Frau Karl Druschki

HARDY HYBRID PERPETUAL ROSES

The varieties listed below are unquestionably the best that can be selected in the Hybrid Perpetual class, which, before the development of the Hybrid Teas, was the most popular type for garden planting, and even now they dare not be overlooked, but should be used extensively in conjunction with the other sorts, and especially so in localities where the hardiness of the Hybrid Tea varieties has not been established.

Arrillaga

This is an introduction of Father Schoener. It is the largest pink Rose we have ever seen. The big, glowing pink buds develop into gigantic flowers of vivid pink with golden glow at base of petals. Very fragrant and lasting. Stems are stout and long. Flowers in great profusion. A superb hardy Rose.

Frau Karl Druschki

This is the ideal hardy white Rose; pure in color, perfect in form, strong grower and remarkably free flowering; superb in every way.

George Arends or Pink Frau Karl Druschki

This is a pink form of the popular white Frau Karl Druschki, possessing not only the exquisite form, large size, and remarkable free-flowering habits of its parent, but in addition to this, it is also highly perfumed.

Mme. Albert Barbier

Full, cupped flower of soft fawn-yellow, paling to white, with pinkish shades in the center, blooming throughout the season. A remarkable color for a Hybrid Perpetual, a class in which yellow tints are rare. This Rose has showed up unusually well in color, shape of flower and its habit of constant blooming.

Mrs. John Laing

Soft pink, of beautiful form; exceedingly fragrant and remarkably free flowering; always does well and stands very close to the top among Roses.

Paul Neyron

Dark pink of enormous size; perhaps the largest of all.

Each 90c, Doz. \$8.50

Each 90c, Doz. \$8.50

Ulrich Brunner

Brilliant scarlet-crimson; an old favorite and one of the best known Roses in cultivation, does well everywhere.

Mabelle Stearns

(U. S. Plant Patent No. 297)

PERPETUAL FLOWERING DOORYARD ROSE A ROSA SETIGERA HYBRID by HORVATH

Color of Flower: Peach-blossom-pink with silvery reflexed, sharply recurving imbricated petals, center showing a lovely orange undertone. Flowers in panicles. Persistent grower and bloomer. Flowering period starting in June, lasting until frost; starts blooming about two weeks later than Hybrid Tea Roses, but is never without flowers the entire summer and fall. Flowers excellent for cutting and decorative work, are fully double, having from 50 to 60 petals, and are delightfully fragrant, lasting a week to ten days in water when cut.

Foliage: Bottle-green, rich and clean. Not troubled with black spot, mildew or other Rose maladies.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with little protection in the colder regions where growing Roses here-tofore has not been possible or exceedingly difficult.

Use and Size of Plant: Ultimate height about 2 feet, spreading from 5 to 6 feet or more if permitted. It is a decumbent, spreading, matlike plant, making it pre-eminently fit for ground covering, hiding rocky and ugly spots, or as edging to rosebeds as well as planting in solid beds or covering slopes. Single specimens are very effective in the flower border or low shrub plantings. Please read letter on page 29.

Each \$1.50, Doz. \$15.00

New Horvath Dooryard Rose, Mabelle Stearns

Our Rose Collection for 1945

This assortment of Everblooming Roses consists of strong growing, free flowering kinds. They represent the newest and best among the introductions of recent years. Anne Poulsen (Plant Patent No. 182)

Each \$1.00, Doz. \$10.00

Large, semi-single blooms, brilliant scarlet in tone, with a vivid overcast of crimson. Blooms come in sprays and have a pleasing fragrance.

Baby Chateau

Each \$1.00, Doz. \$10.00

This large flowered cluster Rose produces semi-double flowers of deepest dark velvety red. It is a strong grower and makes a magnificent display when planted in solid beds or if used in combinations with a white cluster Rose.

Betty Prior (U. S. Plant Patent No. 340)

Each \$1.00, Doz. \$10.00

An outstanding addition to this new class of Roses, distinctive in its appealing color, its extremely healthy foliage and growth, and its positive continuity of bloom. In early spring the single blooms resemble the flowers of a red Dogwood. They are produced in clusters which are followed continuously by other clusters throughout the entire season.

Cheerio

Each \$1.25, Doz. \$12.50

Superb in every respect—a Rose of outstanding merit whether used for mass planting in beds or borders or to give an individual accent here or there in the garden. You will be most pleasantly surprised by the super-abundance of the brilliant double flowers borne in massive yet gracefully arranged flower clusters. The flower petals are clear mallow-pink shading to Tyrian rose at the base with the reverse or outside a luminous rose-madder that creates an effective color balance.

Donald Prior (Patent No. 377)

Each \$1.00, Doz. \$10.00

An eight-petaled, rich cherry-red Floribunda Rose with flowers about four inches across. The dark green foliage is a splendid foil to the crimson flushed scarlet flowers and when the full trusses come into bloom the effect is very striking and decidedly pleasing. A bright red which won't clash in the garden.

Eblouissant

Each 90c, Doz. \$8.50

Glowing dark red flowers of medium size, shaded heavily with velvety crimson. Large, compact trusses, borne on dwarf but robust plants which bloom constantly.

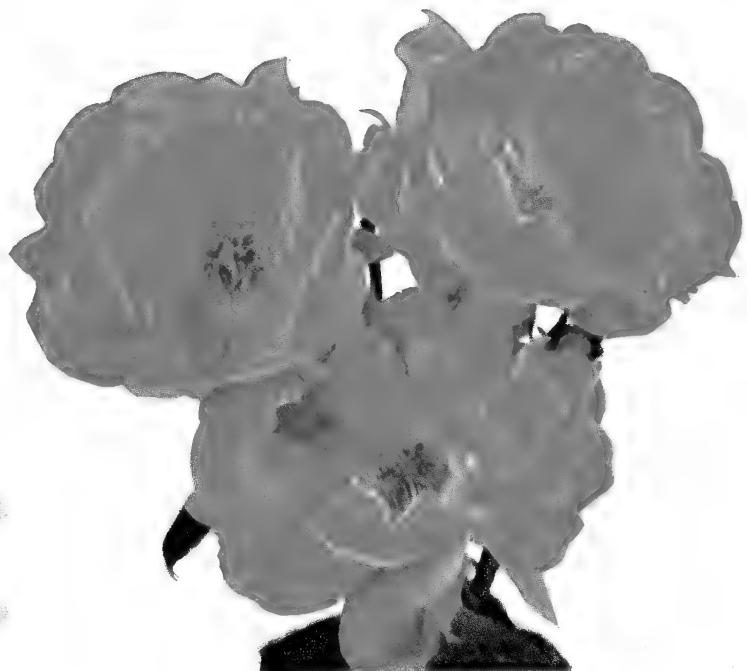

Else Poulsen

Each 90c, Doz. \$8.50

Flowers medium size, semi-double, lasting, bright rose-pink. Continues blooming from summer to late fall. Produced by erect growing, very thrifty plants.

Else Poulsen

Improved Lafayette

Improved Lafayette

Each 90c, Doz. \$8.50

Medium sized, deep glowing red flowers suffused with vivid crimson. Blooms very profusely.

Mrs. R. M. Finch

Each 90c, Doz. \$8.50

Double, soft rosy pink blooms fully 2 inches in diameter. Has showy large flower clusters.

Permanent Wave (Plant Patent No. 107)

Each \$1.00, Doz. \$10.00

Single blooms of deep rose-pink are 3 inches across and come in bouquets of six or more on a stem. Each broad, firm petal is beautifully waved, thus inspiring the name "Permanent Wave."

Pink Jewel

Each \$1.00, Doz. \$10.00

Not quite so double and somewhat lighter pink than Cheerio. Many people prefer Pink Jewel because of its gracefully formed semi-double rose-pink flowers which are abundantly produced in fine clusters. An excellent Rose for beds or in the foreground of a shrub border where it will always make a cheerful and colorful effect.

Rosenelfe

Each \$1.25, Doz. \$12.50

Graceful clusters of dainty La-France-pink flowers superbly suited for cutting and table decoration. The handsomely shaped small buds or open blooms lend themselves perfectly to any kind of decoration. In the garden they never fail to draw attention. Color holds up well in hottest sun. Rosenelfe is a fine grower, has excellent foliage. One of the best in this group.

World's Fair (U. S. Plant Patent No. 362)

Each \$1.00, Doz. \$10.00

It will furnish a continuous display of color from late spring until frosts stop the performance. Ideal, bushy plants just about hide themselves under clusters of large velvety blooms of blackish scarlet, the fragrant petals surrounding a glowing mass of golden stamens. A very large-flowered Floribunda. A solid bed of World's Fair will give the gardener something to boast about all next winter.

Cheerio

Small-Flowered Cluster Roses

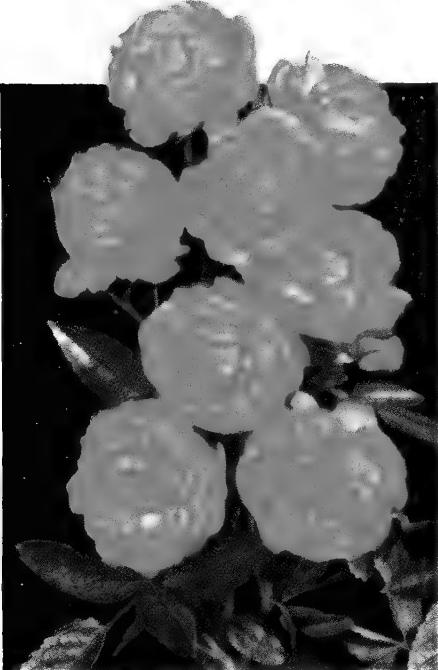

(Polyantha Roses) Growing about 12 to 18 inches high.

The Polyantha or Baby Roses are very popular for edging and for bedding purposes. The plants grow into shapely, compact bushes about 12 to 18 inches high and they are covered with a great mass of flowers from early in the season until severe frost destroys their beauty. The blooms, though small, are very effective, as they are arranged in showy trusses that accentuate their rich and beautiful coloring.

Belvedere *Each 90c, Doz. \$8.50*
Deep crimson. Grows about 1½ feet. Very dark red with blackish shadings.

Cameo *Each 90c, Doz. \$8.50*
A new and distinct color. Shell-pink with salmon suffusion, over which lies a glow of gold. Flowers in large sprays constantly in bloom from June until frost.

Chatillon Rose *Each 90c, Doz. \$8.50*
Bright pink semi-double blooms with an illuminating touch of orange. The color lasts well. The trusses are of gigantic size, and the plant is both healthy and hardy.

Ranunculus-Flowered Cluster Rose,
Carroll Ann

Miniature Alpine Roses

Rosa Rouletti

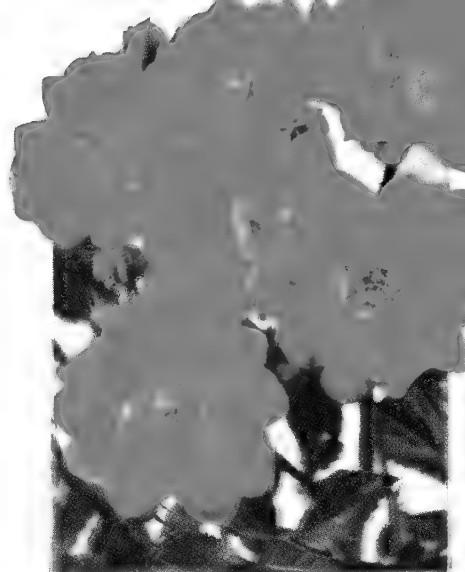

Rouletti *Each 50c, Three \$1.10,
Doz. \$3.30, 100 \$20.00*
After being lost to cultivation for many years, a plant was found growing in an Alpine window-garden by M. Correvon, the Swiss rock garden authority. It is rapidly attaining popularity as a rock garden "gem" and as an edging plant in front of Rose beds. The plant grows about 6 inches tall in bushy form, is healthy and hardy, and blooms from early summer until frost. The tiny, rose-pink, quite double flowers are less than an inch diameter.

Oakington Ruby *Each 50c, Three \$1.10,
Doz. \$3.30, 100 \$20.00*

Received an Award of Merit from the English Royal Horticultural Society in 1934. It is a real dwarf Rose, will not attain a height of more than 12 inches. The flowers are fully double, deep crimson in the bud, opening to rich ruby-carmine, often 1½ inches in diameter. It is very free-flowering, commencing in May and continuing until late autumn.

Pumila *Each 50c, Three \$1.10,
Doz. \$3.30, 100 \$20.00*

Double rose-pink flowers about twice as large as Rouletti. Noted for its freedom of bloom.

Cameo

PERPETUAL-FLOWERING BEDDING ROSES

For Semi-Shade or Full Sun.

These Roses deserve to be grown far more widely as they flower profusely over an exceptionally long period of time. They are splendid for bedding on account of their compact growth, and they bloom continuously and profusely throughout the spring, summer, and way late into the fall.

Gruss an Aachen *Each 90c, Doz. \$8.50*
A very distinct Polyantha Bedding Rose with showy blooms of light pink enhanced by a shading of pure salmon.

Pink Charm *Each \$1.00, Doz. \$10.00*
A splendid companion to the preceding variety, as it has the same habit of growth and blooms as freely. The fully double flowers are a lovely shade of deep pink. Gives a particularly fine mass effect in the garden.

Pink Gruss an Aachen *Each 90c, Doz. \$8.50*
This fits well into this splendid class, and provides a richer shade of pink than found in Gruss an Aachen.

White Aachen *Each 90c, Doz. \$8.50
(Patent Pending.)* As a sport of Gruss an Aachen this resembles its parent in every way except that the flowers are pure white when fully opened. The buds show a creamy cast.

Pink Gruss an Aachen

Climbing Roses

Climbing Roses require no pruning in the spring beyond cutting out of very old or dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered; but a severe pruning in July, directly after they have finished flowering, is beneficial. Cutting away at that time all old flowering wood will encourage a vigorous growth, which will give an abundance of flowers the following season.

We offer on this page a selection of the most modern Hardy Climbing and Rambler Roses.

American Pillar

Each 90c, Doz. \$9.00
A single-flowering variety of great beauty. The flowers are of large size, 3 to 4 inches across, of a lovely shade of pink, with a clear white eye and clusters of yellow stamens, and are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten.

Blaze (U. S. Plant Patent No. 10)

Each \$1.25, Doz. \$12.50

Hardy everblooming climbing Rose which inherits the blazing color of Paul's Scarlet Climber and the everblooming habit of Gruss an Teplitz, thus combining the most attractive features of both its parents. It is a very vigorous climbing variety which will grow to considerable height.

Cecil Brunner

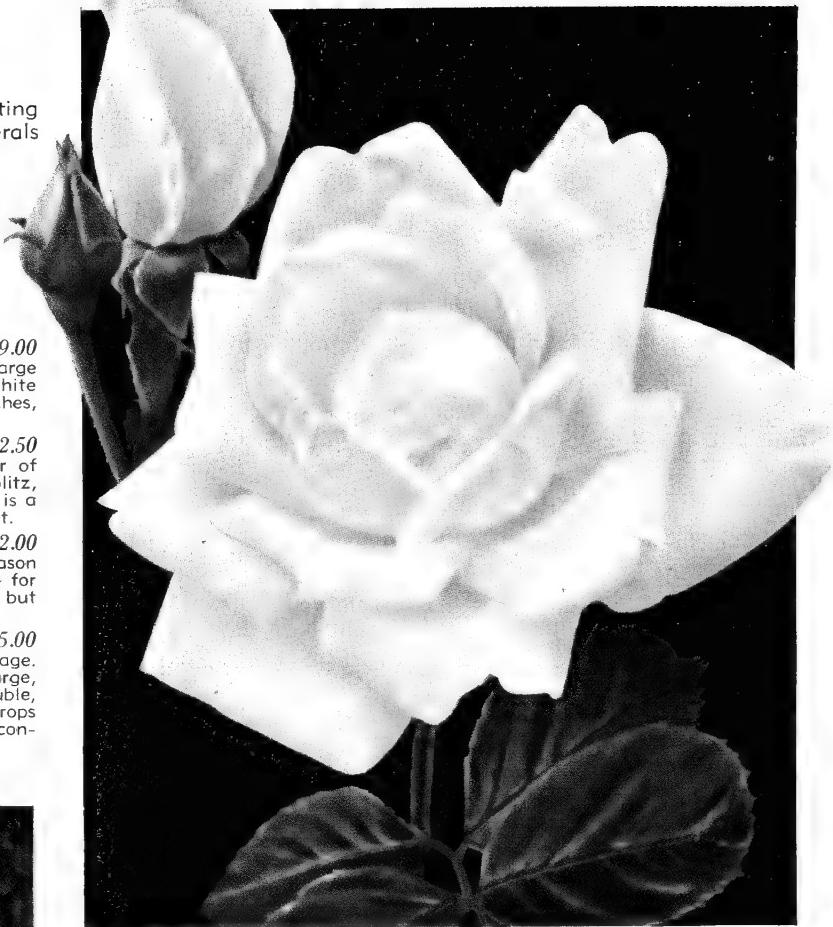

This is the climbing form of the "Sweetheart Rose." Covered in season with hundreds of graceful little buds and flowers, exceptionally fine for covering small fences or trellises. Needs protection in the North but well worth the extra trouble.

Doubloons (U. S. Plant Patent No. 152)

Each \$1.50, Doz. \$15.00

A vigorous climber with heavy wood and handsome, glossy foliage. When in bloom the whole plant is literally covered with clusters of large, golden blooms. Buds ovoid, deep saffron-yellow, flower large, double, cupped; rich gold, fading but little; fragrant. Gives two liberal crops six weeks apart if the first spring blooms have not been cut. We consider this the best hardy yellow climber.

Paul's Scarlet Climber

New Dawn

Dr. W. Van Fleet

Each 90c, Doz. \$9.00

A Rose which, on account of its dainty color and exquisitely shaped buds and flowers, appeals to everyone. The long, pointed buds are of a rich flesh-pink on stems 12 to 18 inches long. Splendid for cutting.

Easlea's Golden Rambler (U. S. Plant Patent No. 114)

Each \$1.00, Doz. \$10.00

A new outstanding climbing Rose from England, producing its comparatively large double rich golden flowers in large trusses. An additional quality is a delicious fragrance. Gold Medal, Royal Horticultural Society, July, 1932. Awarded the Cory cup as the best new seedling climber or rambler Rose of British origin introduced in 1932.

Mary Wallace

Each 90c, Doz. \$9.00

A pillar Rose, making a fine, strong, self-supporting plant 6 to 8 feet high, with large, glossy foliage, blooming with great freedom in spring and bearing a large number of fine buds in summer and fall. Flowers very large, generally exceeding 4 inches across; well formed, semi-double, of a bright, clear rose-pink with salmon base.

Mme. Gregoire Staechelin (Spanish Beauty) *Each 90c, Doz. \$9.00*

The plant is of strong climbing habit, growing 12 feet or more high and has large, disease-resistant foliage. At the tips, the long pointed buds are crimson at first as the petals divide, then the firm outer petals show splashes of carmine as the flower opens with an iridescent pearl-pink inside. Very fragrant.

New Dawn (U. S. Plant Patent No. 1)

Each \$1.50, Doz. \$15.00

(Everblooming Dr. W. Van Fleet.) Identical in every way with its parent in size and formation of its flowers, color, etc., but blooms continuously throughout the summer and fall.

Paul's Scarlet Climber

Each 90c, Doz. \$9.00

Flowers are semi-double, very freely produced in clusters of from 3 to 20 flowers each on much branched canes. It is of strong climbing habit and perfectly hardy. One of the most popular of Climbing Roses.

Silver Moon

Each 90c, Doz. \$9.00

Beautiful semi-double flowers, 4½ inches and over in diameter, pure white in color; petals of great substance, beautifully cupped, forming a Clematis-like flower. The large bunch of yellow stamens in the center adds to its attractiveness.

TRAILING ROSES

Max Graf

Each 90c, Doz. \$9.00

A splendid trailing, pillar, or climbing Rose with large single bright pink flowers having prettily crimped petal edges. Fine for planting on steep banks or for trailing over a stone wall.

Wichuraiana (Memorial Rose)

Each 90c, Doz. \$9.00

Fragrant, single, pure white flowers with yellow stamens followed in the fall by bright red hips or berries. It has dense evergreen foliage.

Shrub Roses

ROSA RUGOSA HYBRIDS

Rugosa Roses are particularly valuable for hardiness, healthiness, and ability to thrive under most adverse conditions of soil and climate, withstanding almost anything.

They are distinguished by erect, very spiny stems, and by their tough, curiously wrinkled or rugose foliage. Particularly valuable for hedges or shrubberies in seashore gardens and regions where the winters are very severe. Many are everbloomers.

Some of the Hybrids do not have the true Rugosa foliage, but this does not mean that they are not as hardy. Nothing could be harder than the Grootendorst types, yet their foliage does not appear to have much Rugosa in it.

Planting Distance: Hedges—1½ to 2 feet. Shrubs—3 to 4 feet.

Pruning: Shrub types—cut out old canes and shorten new canes to 4 feet.

Height: 4 to 5 feet, except where noted.

Agnes

Coppery yellow buds; flowers become pale amber-gold upon opening; sweetly fragrant. Freely produced. Six feet.

Blanc Double de Coubert

It is one of the earliest Roses to bloom, starting to open its semi-double, pure white blossoms in late May and continuing freely until late fall. The exceptionally fine fragrance alone qualifies it as a garden Rose. For hardiness, tolerance and usefulness, Blanc Double de Coubert has no equals. Maximum height 4 to 5 feet. Morton Arboretum, Lisle, Illinois Test Garden Bulletin of July, 1940.

Dr. Eckener

Large, fragrant, semi-double flowers of coppery rose and golden yellow; very fragrant. Really a Hybrid Tea flower on a Rugosa plant. Remontant. Five to six feet.

Grootendorst Supreme

An improved variety having large, fringed, cherry-red flowers borne on a fine, large, well-foliaged bush. Excellent as a hedge.

Mrs. Anthony Waterer

(Waterer, 1898.) Very bright, semi-double crimson flowers, fragrant and free. Remontant.

Pink Grootendorst

Double flowers of a clear pink. Everblooming Baby Rugosa type blooms.

Rugosa

Large, single flowers in shades of pink, magenta, and rosy crimson. Repeats during the season. Attractive large red berries.

Rugosa Alba

Large single white flowers throughout the entire summer followed by large red fruits.

NEW SHRUB ROSES

Eos

The flowers are warm, glowing sunset-red in early stages, becoming a lively red paling to white in the center. This charming sparkling range of tints reminds one of the colors displayed in the sky at dawn. Named for the Greek goddess. The dull dark green foliage forms a perfect foil for the semi-double flowers which are produced in masses. Ultimate height about 5 feet.

Lipstick

A "shrub" Rose which will reach a height of 5 to 6 feet. It blooms continuously during the summer, forming large clusters of semi-double flowers. The color is a clear cerise with salmon shadings. This European variety certainly is a most interesting addition. There are so few tall growing Roses; it will be most welcome.

Nevada

A superb new shrub Rose which grows about 3 to 4 feet tall. In spring it is covered with enormous nearly single flowers 5 inches across. The buds are soft pink gradually fading to snow-white. The superb beauty of the flower is enhanced by a large bunch of golden yellow anthers. The plant is well covered with a healthy trouble-free pale green foliage. Here is a superb novelty for the shrubbery border.

Skyrocket

A real everblooming Shrub Rose producing enormous flower clusters throughout the entire season. Makes a magnificent display with its large clusters composed of medium-sized brilliant red blooms. Of sturdy, upright habit which makes it most desirable planted either by itself or in combination with various kinds of shrubs. A forerunner of a distinct new race.

Sold out for this season

Rugosa Rose, Pink Grootendorst

AUSTRIAN BRIER ROSES

A very hardy type which will give the best results with very little pruning, since the flowers are produced from the upper end of the old wood. This class is noted for its excellent rich tones of yellow and copper.

Austrian Copper

Bright coppery red; reverse golden yellow.

Each 90c, Doz. \$8.50

Harrison's Yellow

Fine double golden yellow flowers.

Each 90c, Doz. \$8.50

ROSA DAMASCENA

The Damask Roses are very hardy and make robust growth, clothed with large, rough, light green leaves. Their flowers are very freely produced and are generally borne in trusses of three or more. The fame of their powerful fragrance is second only to that of the Cabbage and the Moss Roses.

York and Lancaster

This historical Rose is said to have appeared in an English garden soon after the War of the Roses and the historical description said that "It has irregularly shaped flowers which may be pale red or pure white, or part red and part white. Flowers of these different colorings may, and often do, appear on the bush at the same time." The blooms are richly fragrant with the true Damask scent.

Each \$1.00, Doz. \$10.00

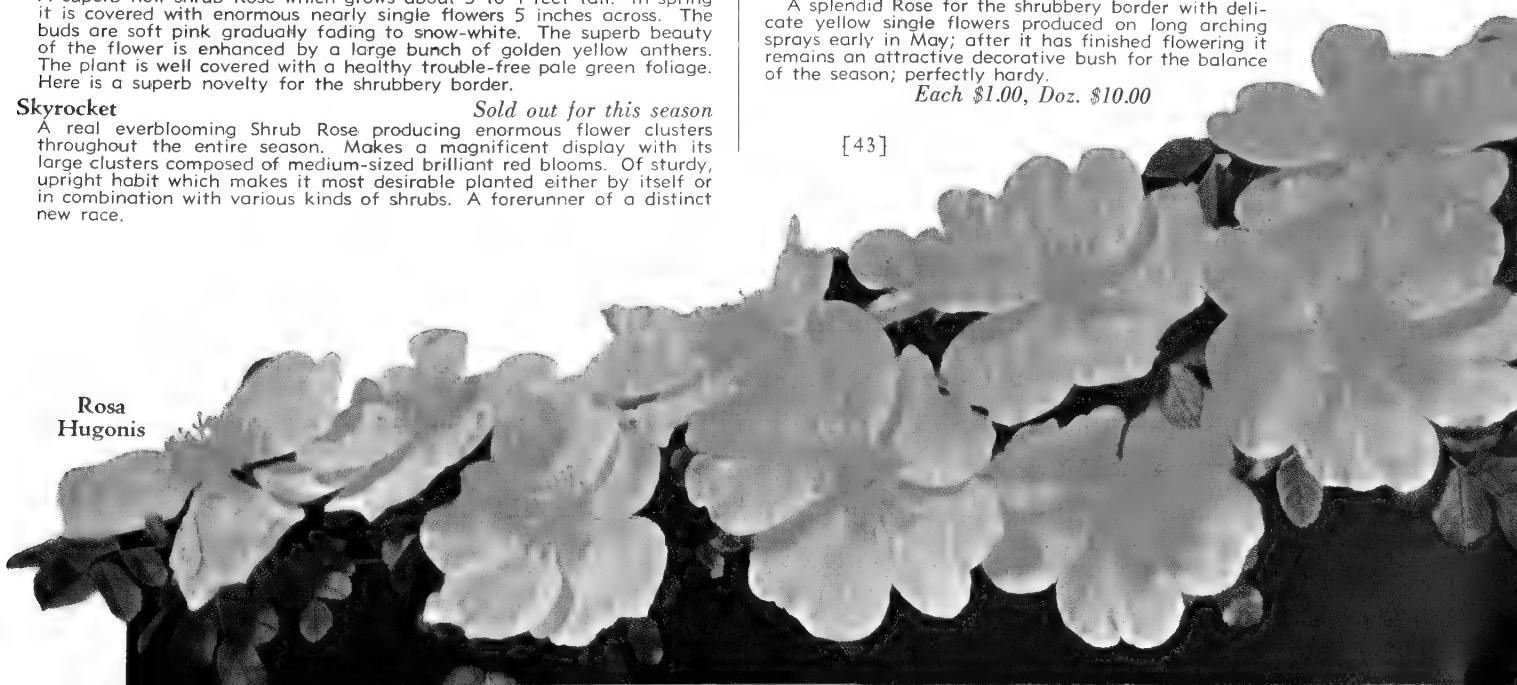

Golden Rose of China

ROSA HUGONIS

A splendid Rose for the shrubbery border with delicate yellow single flowers produced on long arching sprays early in May; after it has finished flowering it remains an attractive decorative bush for the balance of the season; perfectly hardy.

Each \$1.00, Doz. \$10.00

[43]

Rosa
Hugonis

A Message from M. H. Horvath

My interest was early given to the development of better hardy climbing Roses. In 1892 I obtained the first hybrid with the Rosa Wichuriana of Japan, thus beginning the modern strain of large-flowered hardy climbing Roses. In 1897 I exhibited 14 new varieties at the first show held by the American Rose Society in the famous Eden Muséé of New York City. These were seen and admired by many rosarians, with the result that many similar hybrids were made.

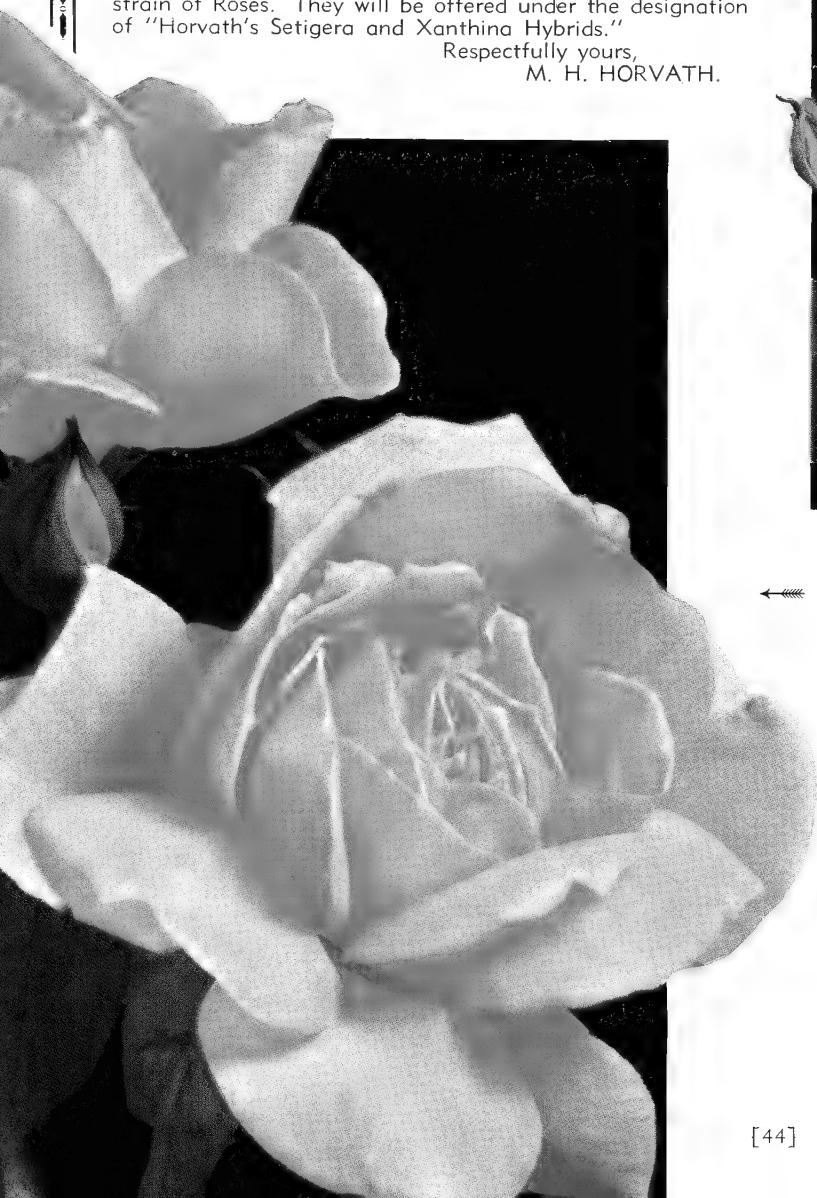

The continuous inbreeding in the attempt to get larger size and brighter color into the Wichuriana strain weakened it to the point where most of the varieties failed in winter hardiness. Naturally there resulted a demand for hardier and more sturdy Roses in varieties which would not require pampering but which, with reasonable care, would live through most winters without loss.

Responding to this need, my new Rose originations cover the full range of colors, and many of these new climbing Roses have flowers as large and fine as any existing Hybrid Tea. Further, as Dooryard or Hedge Roses has resulted a form and shape of plant not hitherto seen. See Mabelle Stearns, page 38. These results were accomplished through painstaking and eventually successful experiments in the introduction of other species strains not previously used.

I am working still further to augment these qualities so that Roses may be wintered over successfully even in the far North.

It has been arranged to have The Wayside Gardens Company introduce and disseminate these new Roses of my origination. Several dozens of new creations are under test, but only those of decided merit will be marketed. The varieties offered this year, each one well worth while in itself, form, I believe, the beginning of a new and most valuable strain of Roses. They will be offered under the designation of "Horvath's Setigera and Xanthina Hybrids."

Respectfully yours,
M. H. HORVATH.

New Horvath Climbing Rose, Meda

Hercules

(U. S. Plant Patent No. 296)

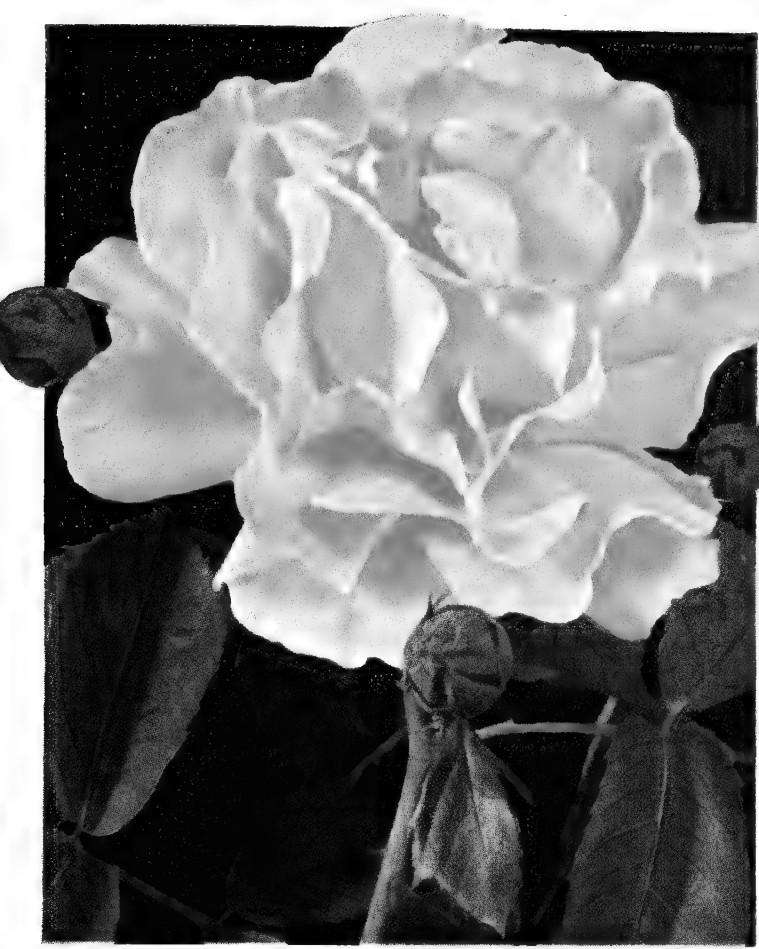

GIANT DEEP PINK CLIMBER ROSA SETIGERA HYBRID by HORVATH

Color of Flower: Clear, deep rose-pink of same shade as Dame Edith Helen. The flowers are huge, fully 5 to 6 inches across when fully open. Slow in opening, lasting a long time. The flowers, though large, are refined and equal the finest Hybrid Tea Rose. Flowers are produced abundantly on spur branches both on main stalk and laterals 1 to 2 feet long. They are stiff and bear their heavy load without bending. Flowers do not droop, having a very stiff neck, and have from 50 to 55 petals. The appearance of the plant is one of noble ruggedness. Without a doubt the finest pink large-flowered climber to date.

Foliage: The rich, shining, bronzy green leaves are larger than those of the Mahonia or Oregon Grape and are ornamental in themselves.

Hardiness: Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 14 to 15 feet.
Each \$2.00, Doz. \$20.00

New Horvath Climbing Rose, Federation

Golden Lion (Propagating Rights Reserved)

LARGE-FLOWERED CLEAR YELLOW CLIMBER ROSA SETIGERA HYBRID by HORVATH

Color of Flower: Clear sparkling golden yellow flowers in clusters on spur branches. Flowers are open and cup shaped. Buds are ovoid and slightly deeper tinted. Flowers not unlike Doubloons in form when fully open but of much better, clearer yellow.

Foliage: Light green and shiny. No mildew or black spot in test for three years.

Hardiness: Can be successfully grown with protection in colder regions.

Size of Plant: Ultimate height about 8 to 10 feet. Canes are very plentiful and not overly thorny. Exceptionally fine variety for tying flat against fence or wall.

Each \$2.50, Doz. \$25.00

Meda (U. S. Plant Patent No. 518)

LARGE-FLOWERED SHRIMP-PINK CLIMBER ROSA SETIGERA HYBRID by HORVATH

Color of Flower: The outer petals are a beautiful pale buff-shrimp-pink, increasing in intensity to a deeper and richer shading towards the center, until a beautiful tone of rose-pink has been reached. The petals are imbricated and artistically formed, resembling dozens of shining seashells, shaping the flower into the perfect form of a Hybrid Tea Rose. The flowers occur singly or in clusters of three on side laterals which are 10 to 12 inches long, a perfect length for cutting. The buds are perfectly formed and open into flowers with high centers. The size of the flowers when fully open measures 3½ to 4 inches across. The substance of the flower petals is astounding, it seems impossible to crush them. They withstand adverse weather, high winds without damage, unlike anything yet produced in Roses. Last, but not least, the fragrance of this variety is delightful, almost spicy and very intense.

Foliage: Leaves are of leathery texture, deep bottle-green and practically immune to black spot, mildew, or other Rose maladies.

Hardiness: Can be successfully grown with protection in the colder regions.

Size of Plant: Ultimate height about 10 to 12 feet. Stems are heavy and canelike, requiring little support. Can be grown to resemble a huge Rose bush, by cutting back branches to three, four or five feet, or whatever size bush is desired. Try growing it flat against the wall of your house or other building. It will resemble closely the trained trees of the old world.

Each \$2.00, Doz. \$20.00

Federation (U. S. Plant Patent No. 287)

CLIMBING ROSA SETIGERA HYBRID by HORVATH

Color of Flower: Lively, brilliant and sparkling rose-pink with lighter center, iridescent orange undertone. Flowers are produced in very large quantities in bracts on stems 12 to 24 inches long; individual blooms 3½ inches in diameter. Petals wavy and crested, forming charming, cuplike, semi-double flowers which have from 24 to 36 petals. Excellent for cutting. Very sweetly scented.

Foliage: Rich green, quite dark. We have never seen black spot or mildew on this variety in our test garden for four years. Would say absolutely mildew proof.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 12 to 14 feet. Canes are very plentiful which is in part responsible for the tremendous amount of flowers produced.

Each \$1.50, Doz. \$15.00

New Horvath Climbing Rose, Golden Lion

Giant Scarlet Climbing Rose, Thor

Chor (U. S. Plant Patent No. 387)

GIANT SCARLET CLIMBER ROSA XANTHINA HYBRID by HORVATH

Color of Flower: Brilliant scarlet-red of the same shade as Crimson Glory. The flowers are perfectly formed, very slow in opening and when fully open, 4 to 5 inches across. The flowers, although large, are perfectly shaped and just as handsome as those of a Hybrid Tea Rose. Flowers are produced abundantly on spur branches 12 to 18 inches long, which are stiff, holding the flowers in perfect position. Flowers have from 55 to 60 petals, do not discolor when fully open. Without any question of doubt, the finest scarlet Climbing Rose yet introduced. Horvath claims this to be the finest creation to date.

Foliage: Rich bottle-green, quite abundant. No mildew or black spot in our test garden for three years.

Hardiness: Can be successfully grown with protection in colder regions.

Size of Plant: Ultimate height about 8 to 10 feet. Canes are very plentiful, not overly thorny.

Each \$2.50, Doz. \$25.00

Buff King LARGE-FLOWERED HORVATH SETIGERA HYBRID

Color of Flower: Amber and buff shadings, difficult to describe. Buds ovoid, deep amber colored, opening into large cup-shaped flowers which are produced on spur branches both on main stock and laterals, 12 to 15 inches long. This is the amber-colored form of Doubleloons.

Foliage: Glaucous green and healthy. Seldom affected by black spot or other Rose maladies.

Hardiness: Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 10 to 12 feet. Canes are very plentiful which is in part responsible for the tremendous amount of flowers produced.

Each \$2.00, Doz. \$20.00

An Organization Composed of Selected Representatives of Chattanooga's Civic Groups in Chattanooga, Devoting Their Efforts to the Improvement and Beautification of the City
COMMITTEE OF 100
Chattanooga, Tenn.,
July 9, 1942.

The Wayside Gardens Co.,
Mentor, Ohio.

Gentlemen:

In making a report on the planting of 50 Thor, Horvath Roses, the Riverview Garden Club wishes me to express their appreciation of its excellent behavior. The Roses have been satisfactory in every respect. The plants are sturdy and are vigorous growers with long stems, having clusters of from three to seven flowers on each stem, making a gorgeous display of vivid color. Thor meets all the requirements for roadside and parkway planting and we are happy to recommend their use and your splendid service in supplying them.

Mrs. Oscar Lee Mitchell

A New Barberry

Drought Resistant Mentor Barberry

BERBERIS MENTORENSIS (Plant Patent No. 99.)

It has very stiff, upright growing branches and quite formidable thorns. Its foliage is heavy and thick, and of perfect color—a green as dark as the Japanese Yew. In hot and dry seasons or in localities where high temperatures go hand in hand with lack of rain, it never shows any signs of rust and discoloration of foliage no matter how hot or dry it may be. Ultimate height about five feet. In Ohio the leaves remain green until after the holidays. Plants growing in Kansas, Oklahoma, Utah, and the Southwest retain their foliage, and there Berberis Mentorensis is evergreen and considered **the finest evergreen plant for hedges**. It is amazingly satisfactory growing around airways or close to dry foundation walls, and does an outstanding job in city gardens, either in single specimens or as a hedge. Its unusual ability to withstand heat and drought is nothing short of wonderful. During the hottest and driest weather there is never any sign of wilting or burning, much to the amazement of everyone. Always good and clean looking, upright in growth, easy upkeep (requires really no pruning), and its tenacious foliage, more than compensates for the lack of berries. We heartily recommend Berberis Mentorensis to you. For hedge use plant in single rows, 12 to 15 inches apart for best effects. Ultimate height, 5 to 6 feet.

First—It is evergreen practically the year round. Think what that means.

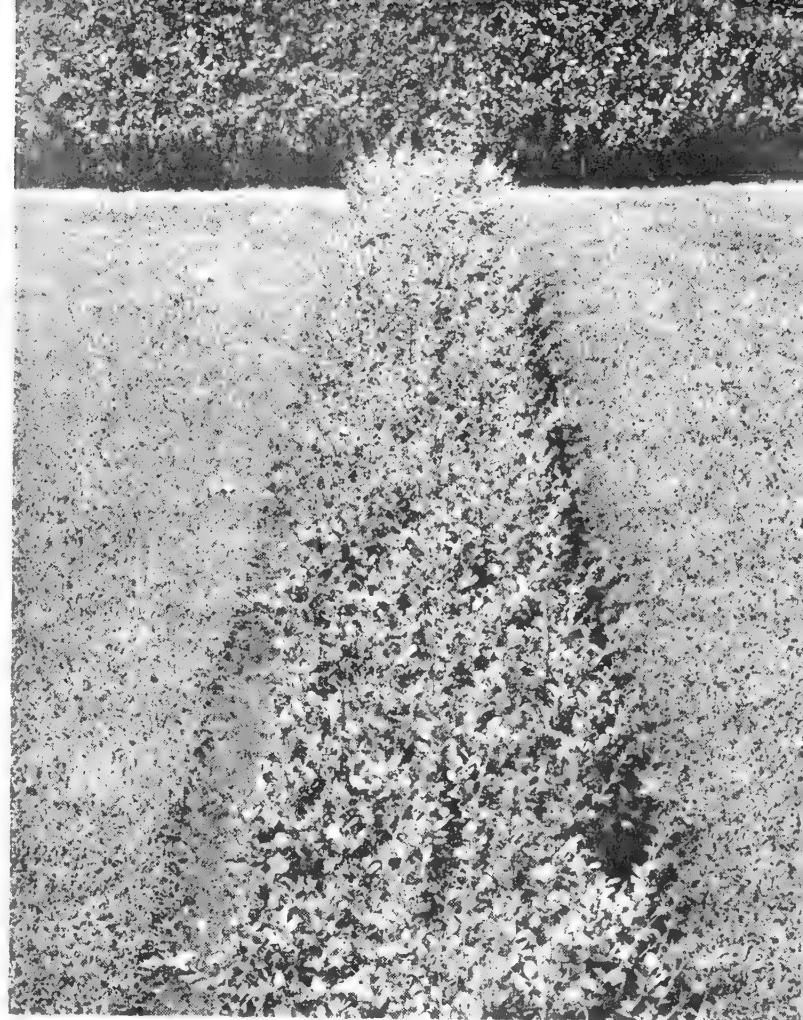

Second—its sturdy, erect growth carries a thick dark green foliage right down to the ground. Is never bare-legged.

Third—When used for a hedge, its thorny, strong growth forms a formidable barrier to man or beast.

Fourth—Needs no pruning. It is of erect growth which becomes dense when the plant is three or four years old. No upkeep! No pruning!

Fifth—Combined in a foundation planting with evergreens, it provides a beautiful and artistic contrast at very small expense and without elaborate preparation of soil.

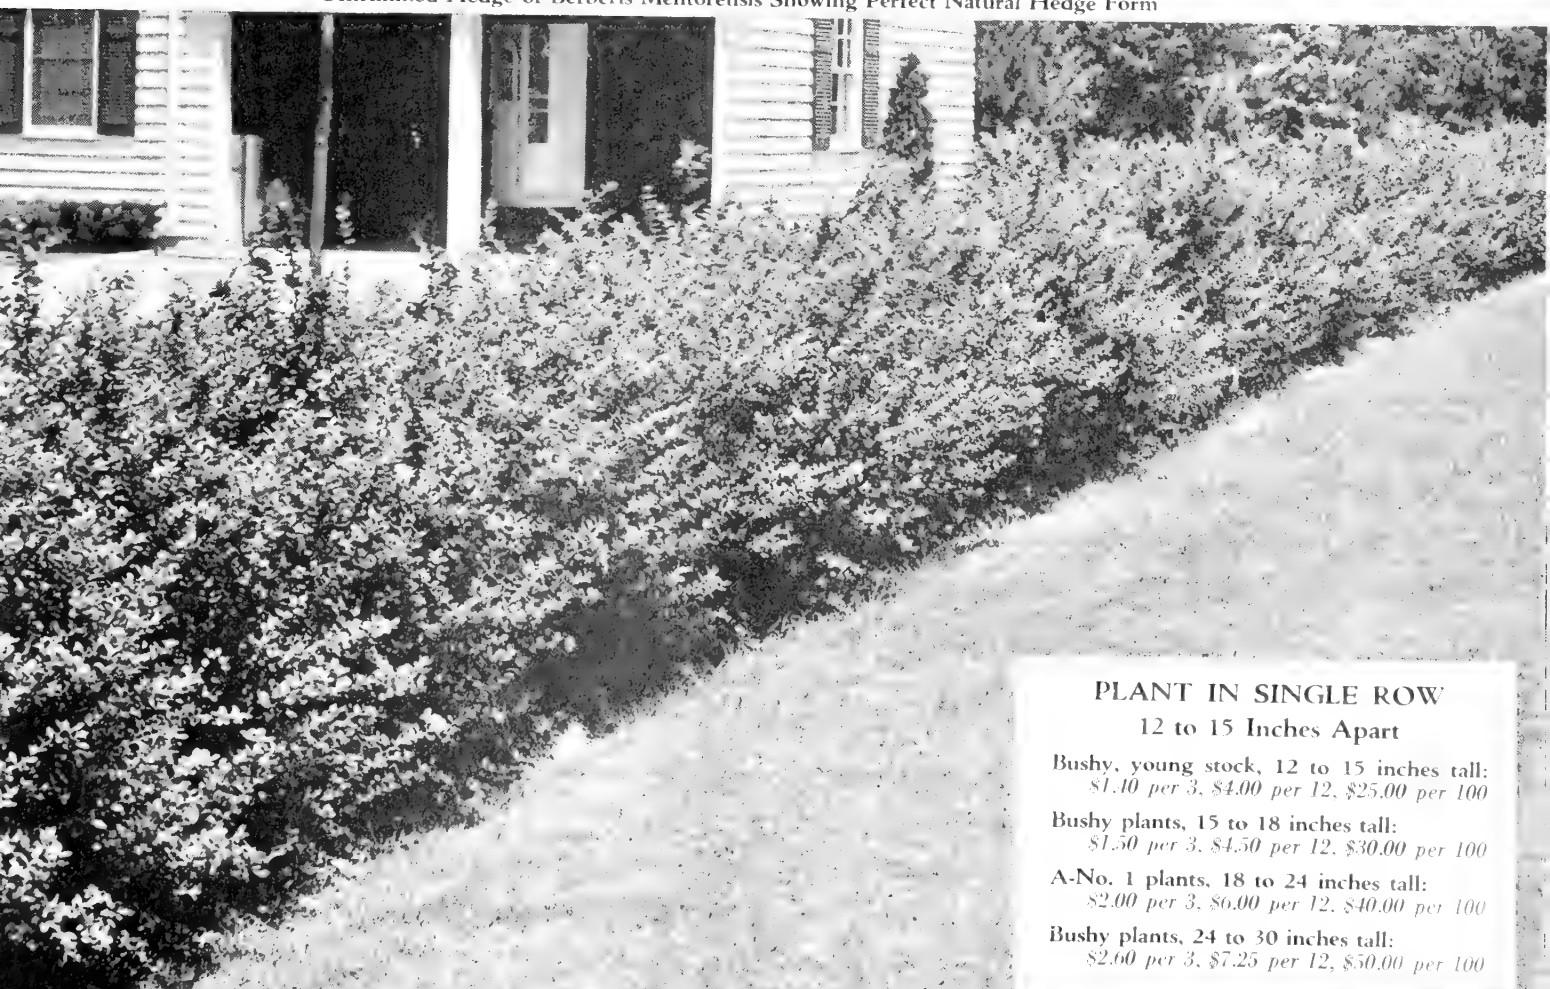

Sixth—Is not "choosy" about where it grows. No matter if you can't make other broad-leaf evergreens, such as Azaleas and Rhododendrons, thrive in your soil, this new Barberry will. It is equally at home whether it is acid or alkaline soil.

Trimmed Hedge of Berberis Mentorensis at the Morton Arboretum

Daphne, Somerset

Daphne

Daphnes are lovely, fragrant plants and the two varieties offered give bloom from very early spring to May and, occasionally, through the summer. Both are of delicious fragrance and dainty, compelling beauty. They are hardy with little protection except in the coldest sections of the country.

Culture. They prefer a sunny position in well drained, sandy soil. In order to keep the evergreen foliage perfect, protect it with a little straw during the coldest part of the winter. The plants will withstand temperatures as low as 10 below zero. Water sparingly in summer. Daphnes will not grow well in cold, poorly drained soil.

*Cneorum

These shrubs are of spreading habit and do not grow over 8 to 12 inches high; producing delicately perfumed rose-pink blossoms. The flowers completely cover the plant not only in spring but again in early autumn. As an edging plant in front of evergreens or shrubs, it is unequalled. It also forms a splendid low hedge along garden walks and around flower beds. (Color illustration, page 53.)

	Each	Three	Doz.
Young, well developed, flowering plants, 6-7 inches	\$0.75	\$2.00	\$7.50
Bushy plants, 7-9 inches	1.00	2.75	10.00
Bushy plants, 9-12 inches	1.25	3.25	12.50
Bushy plants, 12-15 inches	1.75	4.50	17.50

Mezereum

Each \$1.50, Three \$4.00, Doz. \$15.00

This Daphne is also called the February Daphne because it blooms from February to April. Its upright growing branches are literally covered with hundreds of rosy purple flowers, making a rare and delightful sight. A charming addition to the garden. A lovely little shrub to grow with snowdrops, winter aconites, or early spring bulbs. Ultimate height 3 to 4 feet.

Daphne Mezereum

New Hardy Daphne "Somerset"

(Plant Patent No. 315)

This deliciously fragrant and **easy to grow** Hybrid Daphne originated in England a few years ago. It has received the highest honors from The Royal Horticultural Society of Great Britain. When first shown in London, England, it was one of the highlights of the show. It has been on test at Wayside Gardens for five years, and has successfully wintered without protection all kinds of weather that occurred during those several years.

During May and early June the plants are covered with delightfully scented blush-pink, star-shaped flowers in clusters 6 to 8 inches long. The fragrance is not unlike that of Daphne Cneorum.

The foliage is rich dark green, giving the plants the appearance of Boxwood. It remains green in northern Ohio until the beginning of March when the new leaves push the old ones off the branches. In California, Daphne Somerset is evergreen.

Daphne Somerset may be used as a hedge. Spaced 18 inches apart, it will grow into a tight fine mass. It may be clipped formally and can also be pruned informally, if the wavy Boxwood effect is desired.

Left unclipped it grows about 3 feet high and 2½ feet wide. Can be kept 24 inches high and 18 inches wide without difficulty.

It is a lovely low shrub for in front of the shrub border and blends happily with hardy plants in the flower border.

Visitors to our nursery, professional as well as amateur, all have admired it. Mr. F. F. Rockwell, garden expert and writer of many horticultural books and articles, remarked when he saw it in bloom this spring: "Here is one of those rare things that happens once every 25 years or so." It is a choice plant with a great future.

FLOWERING PLANTS

	Each	Three	Doz.
12-15 in.	\$1.00	\$2.75	\$10.00
15-18 in.	2.00	5.75	20.00
18-24 in.	3.00	8.50	30.00
24-30 in.	5.00	14.00	50.00

The above prices are for stock sold east of Rockies. For prices west of Rockies write our distributor, W. B. Clark & Co., San Jose, California. Because of greatly differing climatic conditions and methods of handling, other prices prevail on the west coast.

Choice Flowering Shrubs And Small Ornamental Trees

In most gardens, particularly those started many years ago, one is apt to find big, overgrown shrubs of little value, taking up a lot of room. Their long roots reach out for moisture and plant food needed by more valuable flowers growing nearby. Often, too, their branches cast heavy shade, preventing sun-loving flowers from developing to their full beauty. Such overgrown and out-of-size bushes should be promptly removed and replaced with more suitable kinds.

The removal of overgrown and undesirable material and replacing it with new and appropriate plants is a "face lifting" for a garden. Changes outdoors to give you the pleasant sensation as if you had acquired a new garden and there is nothing like "a change" to boost us along.

The list of shrubs and small flowering trees offered on the following pages is decidedly one suited for the small garden where every square foot counts. It contains the very best and most colorful new things, many not found in the average nursery.

Among them are the remarkable new Cotoneasters brought from China by Wilson, which he called "The Queen of Shrubdom." Interesting in a unique individuality of growth, flowers and colorful fruit.

Another one that's particularly worthy is the Flowering Crab. Far superior in so many ways to the Japanese Cherry trees, which can't approach them in color and beauty of bloom and hardiness.

Lemoine's new Mock Oranges and new Lilacs, as well as the new Weigelas, new Viburnums and Daphnes, make this listing one of the choicest in America.

If you, therefore, seek the newest and finest in flowering shrubs and trees, Wayside has selected them for you.

ALTHEA; HIBISCUS - Rose of Sharon

Erect growing shrubs of stately and formal shape, particularly well suited for screens or specimens in the shrub border. They bloom from July to frost and give color when most other shrubs have finished blooming. We offer three beautiful varieties of recent introduction, practically unknown, and in our estimation the three best. Their ultimate height is about 10 feet.

Celestial Blue Each \$1.00, Three \$2.75, Doz. \$10.00

A magnificent, distinct and truly blue Althea. The gorgeous single disk-like blue flowers are produced in large amounts. Planted with our white variety, Snowdrift, it makes a most handsome color effect in the summer border. Plants we send out will bloom this year.

Snowdrift Each \$0.75, Three \$2.00, Doz. \$7.50

Giant single, disk-like, pure white flowers fully 4 inches across. The flowers open flat and are produced in great numbers from early July until frost. The plants we send out will bloom the first year.

Rubis Each \$0.75, Three \$2.00, Doz. \$7.50

Very large, wide-open, deep rose-pink flowers with deeper center. The best and most brilliant of the pink shaded Althea. Infinitely better than the ordinary double varieties in common use.

CALLICARPA - Violet Jewel Berry

Purpurea Each \$0.75, Three \$2.00, Doz. \$7.50

Gracefully recurving branches, covered in August with thousands of closely set, small, pink tinted flowers. These are followed in late September by masses of violet-purple berries which last until mid-winter. There are few shrubs which give as much pleasure in the garden or which are so satisfactory for cutting. Ultimate height about five feet. We offer nice plants that will bear fruit at once.

CALYCANTHUS

Floridus Each \$0.75, Three \$2.00, Doz. \$7.50

Few shrubs are so well known as the Carolina Allspice. In fact, over a large part of the United States it is called "Shrub" or "Shrub Bush" without any other qualification. In some places it is referred to as the "Sweet-scented Shrub," the "Sweet Shrub," or the "Strawberry Shrub." The handsome, dark red-brown flowers are produced in early spring. They are deliciously fragrant, especially when wilted, and school-boys frequently fill their pockets with them, carrying them about until they are shriveled husks. The curious large pods which follow are full of smooth, brown seeds, like coffee beans, which are elusively aromatic when rubbed in the hands and often used as counters in children's games. During the summer, the plant is neat and very handsome, with glossy, corrugated foliage. It grows 4 to 5 feet high, and in time will spread over an area equally broad.

Azalea Pontica—Hardy Ghent Azaleas

Azaleas

Just as the Rhododendron is the king of the Evergreen Shrubs, so are its cousins, the Azaleas, the aristocrats of the Deciduous Shrubs. In color, the Azaleas give an assortment of hues in much wider range than in the Rhododendrons—and flowering periods from mid-April to early July. While classed as acid soil plants they thrive in soils of considerable range, particularly the Asiatic sorts, which even prefer some lime in the soil. The opportunities for using deciduous Azaleas are almost unlimited. Their graceful habit appears to good advantage in informal plantings either in wooded areas or in shrub borders, while many are most decorative used in the foundation planting where evergreens create a dark background for their vivid colors. They succeed equally well in sun or shade, preferring a moderately moist soil or a mulch of leaf mold.

Culture. Plant in full sun, in the South in light shade, in soil freely mixed with leaf mold and peat in about equal proportions. A yearly top dressing of well-rotted stable manure or one pound of Wayside Gardens Plant Food scattered around each plant in the fall will help to produce abundant blooms. Remove faded flowers at once, do not let plants go to seed; never cultivate. Water freely in dry weather. All the varieties offered here are quite tolerant of lime and do well in alkaline soils.

Mollis Hybrids { 12-15 in. high, Each \$1.25, Three \$3.25, Doz. \$12.50
15-18 in. high, Each \$2.00, Three \$5.75, Doz. \$20.00
18-24 in. high, Each \$3.00, Three \$8.50, Doz. \$30.00

Without exception one of the most satisfactory of all. The color range is through innumerable shades of orange, flame, yellow, and salmon-orange of the most brilliant hues. Like all other Azaleas, it is quite tolerant of lime, and does well most anywhere. It is very hardy, ten degrees below zero does not affect the flower buds. A group of these in bloom in the foreground of the shrub border is a delightful sight. Average height of old plants about 3 to 5 feet.

Mucronulata { 15-18 in. high, Each \$2.00, Three \$5.75, Doz. \$20.00
18-24 in. high, Each \$3.00, Three \$8.50, Doz. \$30.00

One of the very first Azaleas to flower, opening rosy lavender flowers the same time as Forsythia, thus lengthening by several weeks the blooming period of the Azaleas. It will succeed in dry locations and it likes some lime. Can be grown quite successfully in slightly alkaline soils. Planted in front of a Forsythia, it makes a handsome combination.

Pontica, "Golden Yellow"

15-18 inches Each \$2.00, Three \$5.75, Doz. \$20.00

18-24 inches Each \$3.00, Three \$8.50, Doz. \$30.00

Not unlike the Azalea Mollis in habit or appearance but faster and stronger growing, forming perhaps a more compact and bigger plant. Another outstanding feature is the leaves which in autumn turn to richest shades of coppery red and fiery browns, creating an effect as colorful as in the spring when the hundreds of golden yellow flowers transform the plant into a mound of golden yellow. Pontica Azaleas are often called Hardy Ghent Azaleas. You'll enjoy some of them in the shrub border. They are particularly beautiful in combination with spring bulbs.

Poukhanensis

12-15 in. high Each \$2.00, Three \$5.75, Doz. \$20.00

15-18 in. high Each \$3.00, Three \$8.50, Doz. \$30.00

A compact low-growing Azalea which in late May produces such a profusion of fragrant Orchid-lavender flowers. The plant is entirely hidden by its blossoms. It is easily one of the best hardy Azaleas for form as well as color and combines brilliantly with the golden yellow Pontica.

CARYOPTERIS - Hardy Blue Spirea

Blue Mist

Each \$1.50, Three \$4.00, Doz. \$15.00

(*Mastacanthus X Mongolica.*) This charming low growing shrub is a very real contribution to the meager list of summer and fall flowering shrubs. It is covered from August till autumn frost with numerous clusters of powdery blue, fringed flowers. This shrub grows about 18 to 24 inches tall and is perfectly rounded, making a small mound about 2 feet in diameter. The foliage is lanceolate and slightly toothed and silvery green in color. A truly worth-while plant for the flower border as well as for in front of the shrubby border. Perfectly hardy and replaces the tender *Mastacanthus* now in use.

CERCIS

Chinensis

Each \$1.50, Three \$4.00, Doz. \$15.00

This charming brilliantly spring-flowering shrub is a Chinese counterpart of the American Native Redbud. It flowers at the same time, but the quantity and quality of its flowers far surpass those of our common wild form. It is shrublike in growth, and when in bloom, every branch and twig is covered with thousands of bright purple blossoms almost double the size of the common variety and noticeably darker. You will want this in your garden surely. Ultimate height from 6 to 8 feet.

CHIONANTHUS

Virginica

Each \$1.50, Three \$4.00, Doz. \$15.00

One of the most striking of native small trees. Its handsome, oblong leaves turn a bright golden yellow in autumn. In June large masses of loose panicles of feathery petalled, snow-white flowers make it an outstanding garden plant.

CORNUS - Dogwood

Florida rubra (Pink Dogwood)

Each \$4.50, Three \$12.75, Doz. \$45.00

There are no trees or shrubs which possess a larger measure of attractiveness throughout the whole year. The rare pink Dogwood is similar in all respects to the common variety except that the flowers are a beautiful shade of pink. A good specimen in full bloom is a magnificent sight in spring. Does well in shade. We offer plants full of buds, about 4 to 5 feet tall.

DEUTZIA

All Deutzias are showy flowering shrubs of very bushy habit. They have many stems rising directly from the root, arching upward and outward, thickly covered with foliage which almost completely disappears in May under a superabundance of panicles of small, frilled, bell-like flowers. They are hardy throughout most of the country.

Gracilis

Each \$0.75, Three \$2.00, Doz. \$7.50

Seldom more than 2 or 3 feet high. This is one of the prettiest and most graceful of all the Deutzias. The plant makes a fountain-like bush attractive at all times of the year. In May it is covered with an astonishing profusion of delicate snowy white flowers. It does well in light shade and is well adapted for low edgings to walks or paths, excellent in clumps in the foreground in the border.

Lemoine

Each \$0.75, Three \$2.00, Doz. \$7.50

Lemoine's Deutzia is a hybrid variety and not unlike Deutzia Gracilis, but even more floriferous with flowers packed into short, chubby sprays. The color is creamy white and quite distinct.

NEW SNOW-WHITE, UPRIGHT GROWING DEUTZIA

Crenata erecta

Each \$1.50, Three \$4.00, Doz. \$15.00

This beautiful strong, upright growing hybrid came to us from France a few years ago. It produces large, single, milk-white flowers in handsome pyramidal clusters. Shown in England a few years ago, it received an Award of Merit from the Royal Horticultural Society. Its upright growth and modest height, 3 to 4 feet, make it an excellent shrub for foreground planting. Last, but not least, is the enormous amount of flowers which completely cover the bush at flowering time.

EUONYMUS

Alatus compactus (Dwarf Flame)

Each \$2.00, Three \$5.75, Doz. \$20.00

In the Arnold Arboretum in Boston this shrub causes much comment each autumn for its unbelievable brilliance of foliage. Its compact growth, easy culture, and slow growth make it one of the outstanding shrubs for hedges as well as individual specimens in the garden. Its ultimate height is six feet. Be sure to plant one or more of them in your garden for a brilliant autumn foliage display. Does well in shade.

EUONYMUS EUROPAEUS

Intermedia (Macrophylla)

Each \$2.00, Three \$5.75, Doz. \$20.00

Also known as *Fructo-coccineo*. This upright growing small shrub (6 to 7 feet high) should be among the first twelve fruiting ornamentals. The rigid branches are a perfect sight when carrying the extra large rose-red fruits which age to a brilliant red and are retained long after the leaves have dropped. Cut sprays placed in water will last six weeks or more. The tree is easily grown anywhere and free from "bugs" and troubles. Excellent for the small garden.

Patens

Bushy plants, 15-18 inches

Each Three Doz. 100

\$0.75 \$2.00 \$7.50 \$55.00

Bushy plants, 18-24 inches

1.00 2.75 10.00 75.00

This is one of the finest and easiest grown evergreen shrubs. Compact and shapely, and ultimately about six feet tall. Its foliage is rich green, somewhat like that of *Euonymus Vegetus* and remains on the plant practically throughout the entire winter and is quickly replaced by shiny new foliage. In spring it is a plant par excellence for growing in shady places, under tall trees or in sunless corners. It makes a fine hedge and can be pruned any way to suit. Blends beautifully with evergreens, grows equally well on acid or alkaline soils and is iron-clad hardy. In autumn numerous orange berries add to its charm. Transplants easily either in fall or spring. Does excellently in shade.

Euonymus (Evergreen Bittersweet)

The Most Versatile, Hardy, Easily Grown Evergreen Vine and Shrub.

The Plant of 1000 Uses.

Radicans, Wayside Gardens Compact Form

An excellent evergreen, fine in either shade or sun. Its habit is a bushy growth. Foliage a dark shiny green and rather small. This vine may also be trimmed into a small evergreen hedge for formal beds or walk.

	Each	Three	Doz.
12 to 15 inch, bushy plants		\$0.60	\$1.75 \$6.00
15 to 18 inch, bushy plants		.75	2.00 7.50

Radicans vegetus

(Evergreen Bittersweet.) A strong growing variety, with larger leaves than the type, and producing bright orange-red berries, which remain on the plant the greater part of the winter. As an evergreen, absolutely hardy wall cover, this plant is unequalled. Beautiful on big old trees or shady walks. Will grow 25 to 30 feet high.

	Each	Three	Doz.
15 to 18 in., well branched plants		\$1.00	\$2.75 \$10.00
18 to 24 in., well branched plants		1.25	3.25 12.50
24 to 30 in., heavy plants		2.00	5.75 20.00

Kewensis

(Miniature Evergreen Bittersweet.) A variety with very small, dark green foliage. Everyone who has seen this appreciates its value as a rock plant. It grows close to the ground, and is a most valuable plant for a shady place in the garden where a delicate evergreen is needed. Fine ground cover under small trees.

Evergreen Bittersweet—*Euonymus Radicans*

Flowering Quince

CYDONIA (Chaenomeles)

One of the first shrubs to bloom in spring. Their brilliant flowers and shiny foliage place them among the No. 1 plants for the spring garden. They may be allowed to grow into specimen plants or trimmed into hedges. Ultimate height about 5 to 6 feet. We offer here a collection of new hybrids not yet known in this country. These varieties are outstanding. The size of their blooms as well as the quantity in which they are produced is almost unbelievable.

NEW HARDY CYDONIAS

Aurea

Each \$1.00, Three \$2.75, Doz. \$10.00

Many shrubs flower in May and June, but few can surpass the beauty of this lovely dwarf Quince. It is completely covered with rose suffused orange-red flowers from March to May. It is particularly fine for dwarf hedges in its natural form, or it can be clipped if a formal hedge is desired. Growing less than 3 feet high, it is no problem to keep it in form. It makes a perfect picture in front of taller shrubs and looks well in the flower border along with Tulips and other spring flowers.

Kermesina Semi-Plena

Each \$1.00, Three \$2.75, Doz. \$10.00

The semi-double flowers are rose-pink and produced in abundant quantities early in spring. A very attractive early-flowering Quince only found in a few choice gardens.

Nivalis

Each \$1.00, Three \$2.75, Doz. \$10.00

This is the best pure white Quince. The sparkling white flowers contrast well with the dark green foliage. A very handsome flower for cutting as well as a fine early-flowering shrub for the border.

Hydrangeas

Paniculata grandiflora

Each \$0.65, Three \$1.85, Doz. \$6.50

This variety is very well known, being in almost every garden. Its large conical heads, 12 to 18 inches long, become pink and red as the flower ages. If you want very large flowers, be sure to prune very severely each spring, also give it plenty of water during the summer.

Quercifolia

Each \$1.25, Three \$3.25, Doz. \$12.50

The Oakleaf Hydrangea is a rather uncommon bush. It has big, artistic leaves, indented, and somewhat ruffled, resembling in a magnified way the foliage of some gigantic oak. The flowers are not a great deal unlike those of *Hydrangea paniculata*, and are borne in enormous, conical heads which are very majestic and showy. Particularly valuable for the brilliant autumn coloring. Does well in shade.

Hypericums

Attractive and charming low growing, summer-flowering shrubs. Their brilliant flowers are beautifully formed and grow on slender branches from early summer until stopped by frost. Excellent subjects for the flower border or in the foreground of taller shrubs, as well as for ground covering.

Calycinum

Each \$0.60, Three \$1.50, Doz. \$4.50, 100 \$30.00

This is a most valuable variety because it can also be used as a ground cover for both sunny and semi-shady places. The under-ground runners are produced so freely as to completely cover the ground; at the tops the golden yellow flowers shine like jewels. Its height is about 12 to 18 inches. We recommend this as one of the best and hardiest.

Hypericum, Sungold

Forsythia

The name "Golden Bell" has been attached to this family of handsome shrubs, but nobody uses it, and in consequence, the name of William Forsyth, one of the greatest gardeners in history, is perpetuated in common speech through the Forsythia, which have become one of the most popular groups of shrubs grown in gardens. They should be given a place where they can grow untrammeled by restricted space and without pruning. There is nothing so miserable to look at as a Forsythia which has been clipped into some formal shape, or a line of them compelled to serve as a hedge; and there is nothing more beautiful and more expressive of springtime than the early grace of a Forsythia allowed to develop naturally according to its own sweet will.

Giraldiana

Each \$1.50, Three \$4.00, Doz. \$15.00

This is the earliest flowering Forsythia, blooming several days before *Ovata*. Its dainty yellow bell-shaped flowers are a treat so early in the spring. It is an uncommon and attractive, slender, spreading shrub which reaches an ultimate height of 5 to 7 feet and as much wide. Its rounded tapering foliage is dense and tinted a lovely brown which makes it outstanding throughout the summer. Does well in shade. An exceptionally hardy variety.

Ovata

Each \$1.25, Three \$3.25, Doz. \$12.50

(Korea.) Compact growing, seldom more than 4 feet high. The branches bear charming campanulate bright yellow, scented flowers during February and March, even in severe weather. Aside from being a fine flowering plant it is also a splendid shrub for shady places.

FORSYTHIA, SPRING GLORY

This new Forsythia is without question the loveliest of all the Golden Bells.

When seen in bloom, it is a sight not easily forgotten, its large pale yellow flowers completely cover the branches in such masses that they literally bend with their weight.

It would not be far amiss to say that it produces twice the number of blossoms of the common Forsythias. Further, the pale yellow color is very pleasing and brilliant, infinitely more attractive and cheerful than that of the varieties now in general use. If you desire a brilliant and cheerful display in your garden in early spring, plant a few *Forsythia Spring Glory*. There is nothing which will make you forget winter as quickly nor announce spring as flamboyantly.

Each \$1.50, Three \$4.00, Doz. \$15.00

Moserianum

Each \$0.60, Three \$1.50, Doz. \$4.50, 100 \$30.00

A most desirable border shrub, about 20 inches high, of free and graceful habit, producing long, slender stems, drooping, apparently from the weight of the flowers and buds, although the flowers face so none of their beauty is lost. Color a rich golden yellow, and bloom continuously the entire season.

HYPERICUM PATULUM

"Sungold"

(U. S. Plant Patent No. 568)

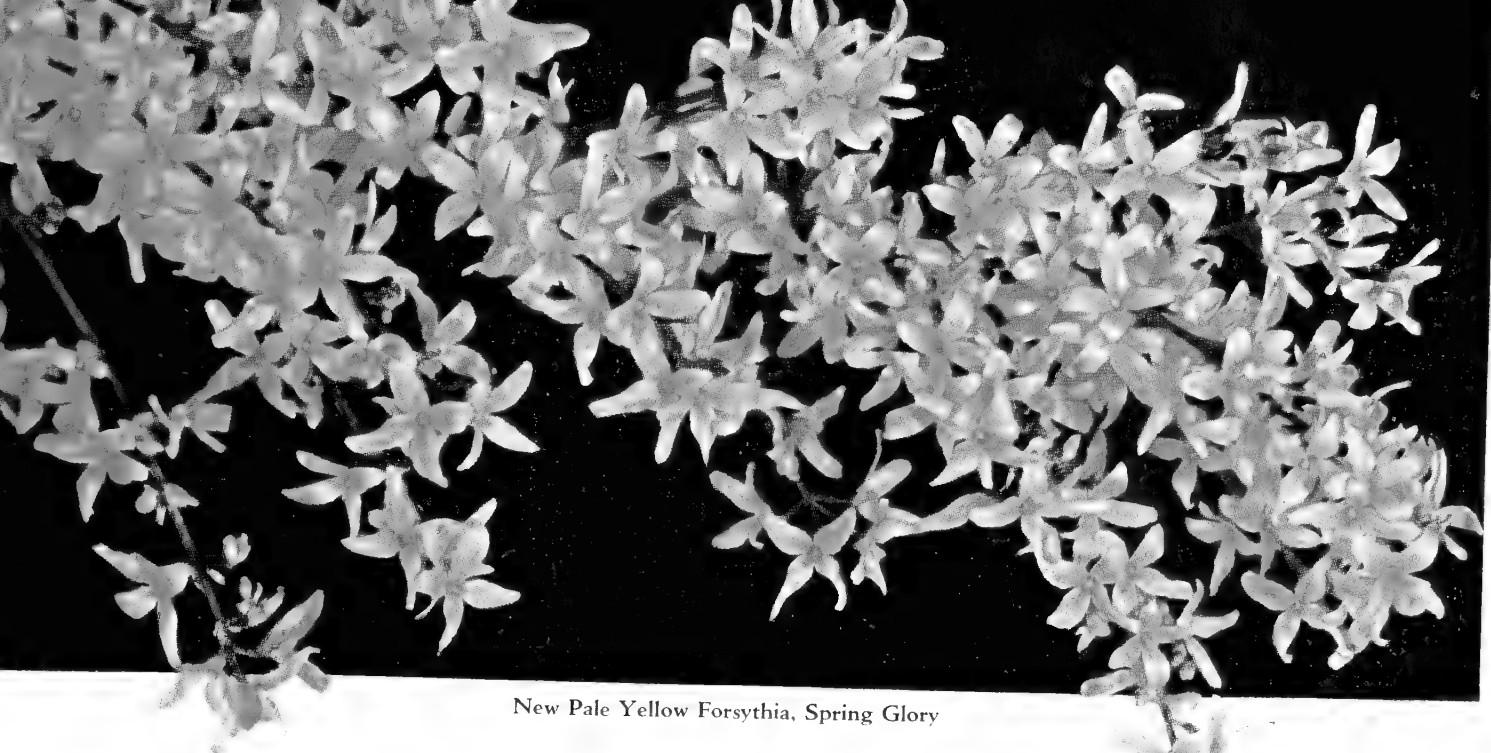

(See color picture, page 54.)

A hardy, shapely, dwarf shrub which grows into an almost completely oval globe of 2½ to 3 feet in diameter, and about 18 to 24 inches in height, densely covered with foliage that is handsome throughout the summer. It bears its cymes of golden flowers at the end of every shoot of the summer's new growth. It flowers more freely and much longer than any of the *Hypericum Patulum* now in general use. Its flowers are bigger and produced in immense quantities, transforming this lovely plant into a small mound of gold when in full bloom.

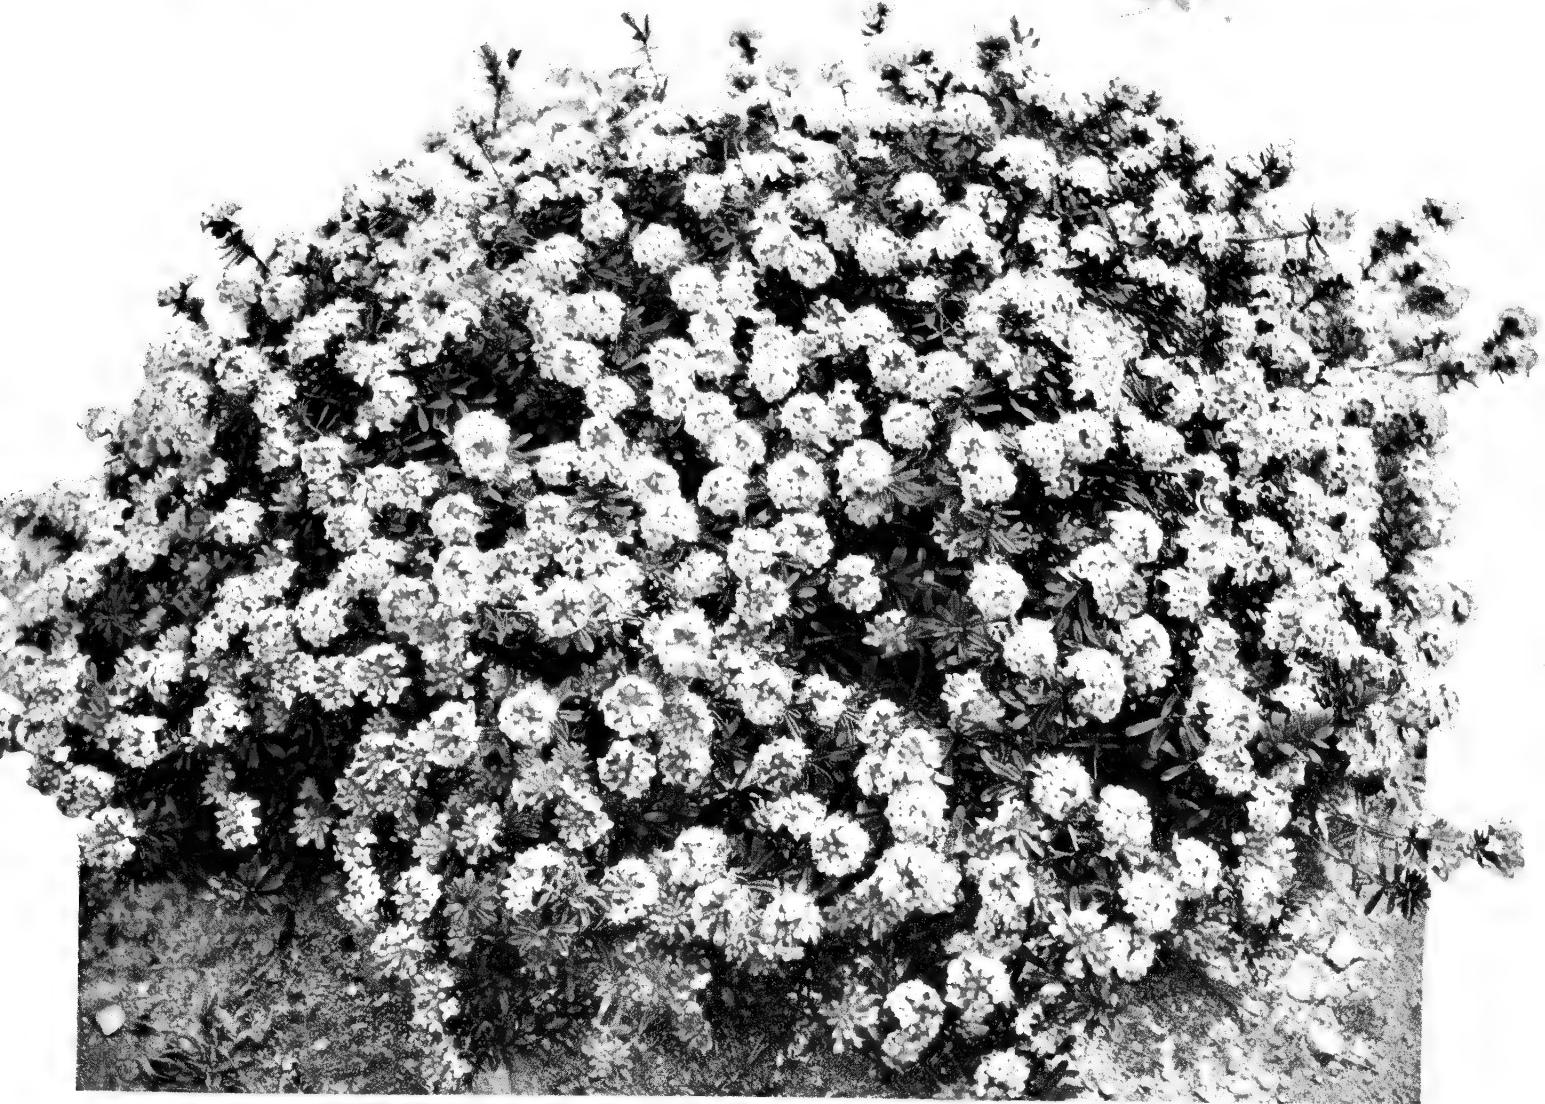

Of particular interest and value is its exceptional hardiness. In our nursery tests over five years it has proven its ability to withstand cold weather as well as outgrow and outbloom any *Hypericum* we have ever seen.

The average size of bloom is from 2½ to 3 inches in diameter.

Each \$2.00, Three \$5.75, Doz. \$20.00

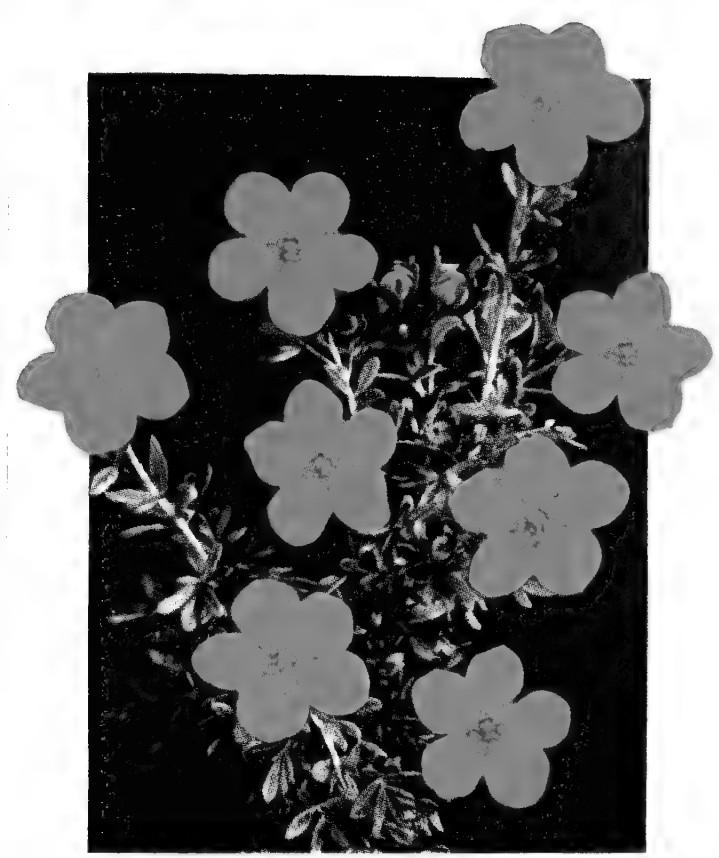

New Pale Yellow Forsythia, Spring Glory

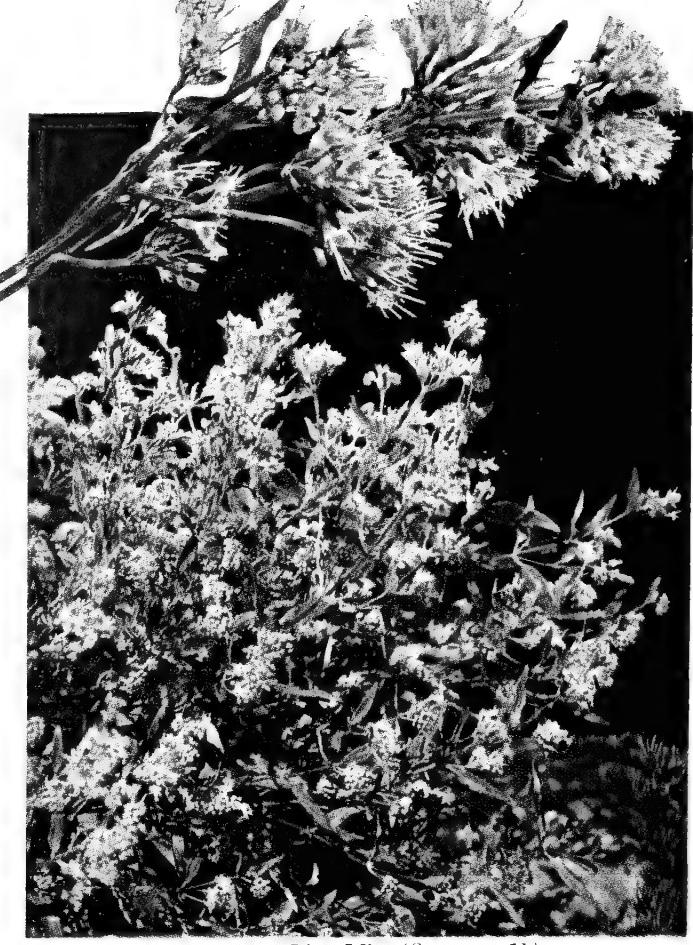

Daphne Cneorum - Garland Flower

A lovely sweet scented shrub which blooms in fall and spring. See page 49.

Potentilla, Gold Drop (See page 58)

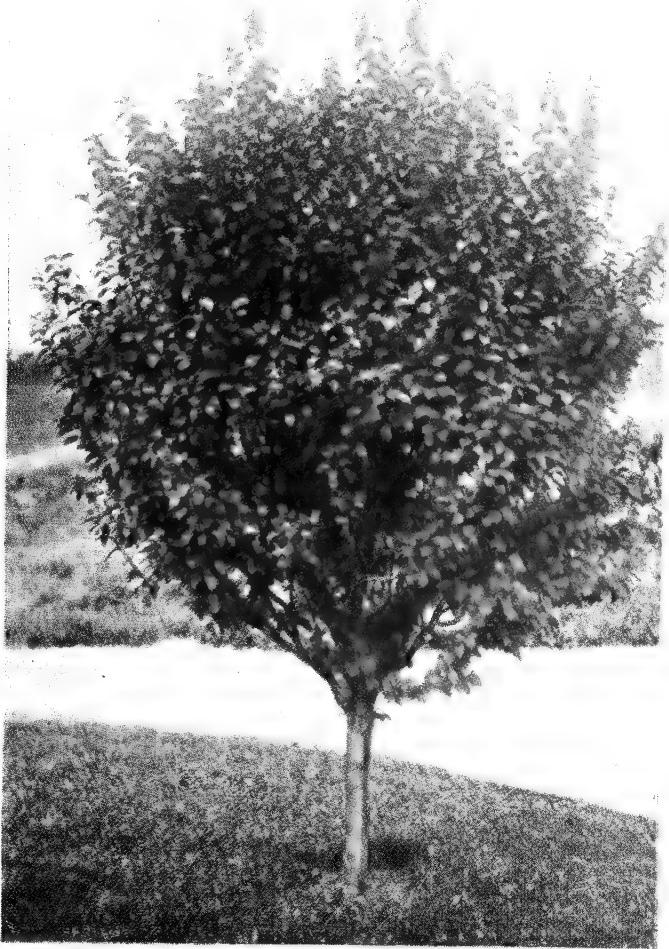

Caryopteris, Blue Mist (See page 51)

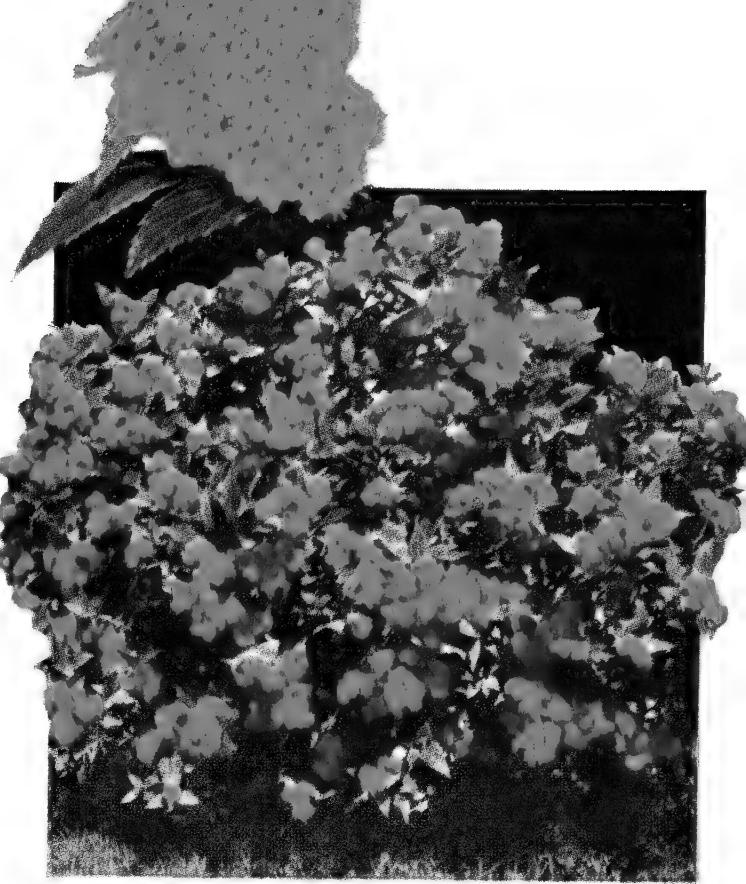

Vitex Macrophylla (See page 60)

Hypericum, Sungold (See page 52)

Prunus Pissardi Rosea (See page 58)

Spirea Japonica Coccinea (See page 60)

Fragrant Viburnum Burkwoodi
(See page 60)

Prunus Triloba (Flowering Plum) (See page 58)

Pink Weeper Crab

Malus Floribunda Atropurpurea

Malus Arnoldiana

Malus Ioensis Plena—Bechtel's Crab

Malus Scheideckeri

Flowering Crabs

Two groups of flowering trees, the Cherries and the Crabs, stand far above all others in daintiness and grace. The Japanese Cherries are well advertised by the spectacular planting in Washington, D. C., but the even lovelier Crab Apples have never received justice at the hands of American planters. Crabs are extremely hardy and will thrive in positions and exposures which would be fatal to the more delicately constituted Cherries. They also exhibit a greater variety in character of tree, wider range of color in their blossoms, and in autumn are adorned with glittering clusters of fruit in shades of green, yellow, orange, scarlet, and crimson. No other flowering trees equal the flowering Crabs in profusion of bloom, and amongst other good qualities, varieties may be selected which have a restricted growth or dwarf habit so that they will never become too large and clumsy.

Malus Floribunda

A magnificent Flowering Crab offered at a special price.

Malus ---

Chinese Flowering Crabs

Two groups of flowering trees, the Cherries and the Crabs, stand far above all others in daintiness and grace. The Japanese Cherries are well advertised by the spectacular planting in Washington, D. C., but the even lovelier Crab Apples have never received justice at the hands of American planters. Crabs are extremely hardy and will thrive in positions and exposures which would be fatal to the more delicately constituted Cherries. They also exhibit a greater variety in character of tree, a wider range of color in their blossoms, and in autumn are adorned with glittering clusters of fruit in shades of green, yellow, orange, scarlet, and crimson. No other flowering trees equal the flowering Crabs in profusion of bloom, and amongst other good qualities, varieties may be selected which have a restricted growth or dwarf habit so that they will never become too large and clumsy.

Arnoldiana

Each \$1.50, Three \$4.00, Doz. \$15.00

Arnold's Crab was originated in the Arnold Arboretum at Boston, and was evidently a seedling from some of the many beautiful varieties which are planted there. The semi-double flowers are pink, turning white after a few days, and droop gracefully in long-stalked clusters. In the autumn the tree is adorned with pendulous clusters of waxy yellow fruits about the size of a cherry. Its habit is compact and it is seldom more than 10 to 12 feet high.

Aldenhamensis

Each \$1.50, Three \$4.00, Doz. \$15.00

A beautiful brilliant kind with rich purple-red foliage. The flowers are semi-double red with purple glow. When in bloom it is a compellingly beautiful plant. Ultimate height 20 feet.

Floribunda

Each \$1.50, Three \$4.00, Doz. \$15.00

Is "the" favorite. It is of spreading growth and prolific flowering. The blossoms are a light pink blending into a white, followed by an abundance of yellowish green fruit relished by the birds. The flower buds are very beautiful, displaying a brilliant pink before bursting into early bloom. It can be grown as a tree, but it is best as a bush—a handsome and very attractive variety. As pink is probably the favorite color in the garden, Floribunda has always enjoyed great popularity. It blooms when about 12 inches high.

Floribunda atropurpurea

Each \$1.50, Three \$4.00, Doz. \$15.00

In habit it exactly resembles Floribunda, but it is much more brilliant than that variety. The flowers are red and when this tree is in bloom it will stop every passer-by. The bronzy red foliage also contributes mightily to its showiness and beauty. In the autumn when the thousands of small apples turn red you again behold a lovely sight. It is a strong grower and will bloom profusely on small plants. In fact, the flowers are so profuse they completely hide all twigs and branches.

Purpurea Lemoinei

Each \$2.00, Three \$5.75, Doz. \$20.00

The bronze-red leaves make an excellent background for huge masses of deep crimson flowers which are followed by small red fruits. This worthy hybrid is considered the best red flowering Crab.

Ioenis plena

Each \$1.75, Three \$4.50, Doz. \$17.50

Bechtel's Crab is a double form of the Wild Crab Apple of the Mississippi Valley. The original plant was discovered near Staunton, Illinois, in 1850, and was brought into cultivation about forty years later by a man named Bechtel. It is a robust, round-headed tree with double, pale pink flowers about 2 inches across, exactly like little roses. They have a delicate violet scent.

Pink Weeper Crab

Each \$2.00, Three \$5.75, Doz. \$20.00

This is an unusually handsome Weeping Flowering Crab. The main stem is upright. The branches are weeping and droop onto the ground. The effect is like a fountain and when in bloom in spring, a picture not easily forgotten. Makes a perfect small specimen tree for the lawn. The flowers are crimson-purple when open; the buds blood-red. A beautiful flowering, small, weeping tree. Its attractiveness is prolonged by its fruit until late in the fall. Ultimate height 12 to 15 feet. We offer nicely shaped trees about 4 to 5 feet.

Scheideckeri

Each \$1.50, Three \$4.00, Doz. \$15.00

The flowers of Scheidecker's Crab are double, bright pink, last a long time, and the fruit, which is produced in great profusion, is waxy yellow. The tree has a regular pyramidal habit, about 15 feet high. Best and easiest to flower.

Theifera

Each \$1.50, Three \$4.00, Doz. \$15.00

One of the favorites of connoisseurs is the Tea Crab, a stiff, erect plant 15 feet or more high, and in spring every limb, branch, twig and branchlet is buried in a cloud of rose-pink blossoms which slowly change to blush-white.

The Oriental Fruit Moth quarantine prohibits the sending of all fruit trees and their flowering horticultural forms such as:		
Apricot	Peach	Flowering Peach
Cherries	Apple	Flowering Cherries
Crataegus	Plum	Malus
Cydonia	Raspberries	All Espalier Fruit Trees
Into Arizona, California, Colorado, Idaho, Nevada, Oregon, Utah, and Washington.		

Flowering Cherries

Very beautiful early spring-flowering small trees, seldom growing over 25 feet tall. From early to late May they are loaded with single or double flowers of great charm and beauty. There are upright growing, spreading, and weeping forms of this lovely tree. Should be grown in every garden where winters permit their planting. We offer only the hardiest varieties which are successfully grown at Highland Park, Rochester, N. Y.

Akebono (Daybreak)

Each \$3.00, Three \$8.50, Doz. \$30.00

Erect growing Single Cherry. In our opinion this is the most beautiful tree in the world or at least the most beautiful we have ever seen. It belongs in the same class as those around the tidal basin in Washington, D. C., but there is considerable variation in those trees. When in bloom this variety is a cloud of pink with not a leaf showing. We get the same old thrill from it every spring as it does not seem possible to remember from one year to another how superbly beautiful it is. Luckily it is one of the best growers and soon makes a good sized and freely blooming tree.

Amanogawa

Each \$3.00, Three \$8.50, Doz. \$30.00

Erect growing, semi-double Cherry. Name means "Milky Way." Unlike all others in its extremely narrow, erect growth, which takes little room. Flowers semi-double, pink, in erect clusters.

Kanzan

Each \$3.00, Three \$8.50, Doz. \$30.00

Also called Kwanzan and Sekiyama. All names mean Gateway to the Mountain. Probably the most common and best known double. Flowers very large, up to 2 inches in diameter with about 30 large petals; deep rosy pink.

Kuramayama

Each \$3.00, Three \$8.50, Doz. \$30.00

A beautiful double late flowering Cherry. Its flowers open flat and wide and are quite full. The flower petals are ruffled and frilled and of a beautiful shade of pink with delicate carmine edges. The center of the blossoms is flesh-pink.

Mt. Fuji

Each \$3.00, Three \$8.50, Doz. \$30.00

A lovely variety highly valued by all who love flowering Cherries. Its double, snowy white flowers are very large and heavy, produced in great abundance. Being the only snow-white, rose-flowering Cherry in cultivation in this country, it is very popular. The Arnold Arboretum Bulletin often mentions it because of its beauty and hardiness.

Paul Wohltert

Each \$3.00, Three \$8.50, Doz. \$30.00

Semi-double, fragrant flowers. The pink petals are boldly edged with rosy red. Outstanding and effective. It is a profusely blooming kind. One of the earliest of the large "hyacinth" flowering varieties.

Shirofugen

Each \$3.00, Three \$8.50, Doz. \$30.00

(Victory.) Color effect very unusual. When first open the large flowers are soft pink, soon becoming white. Then as they get older they turn deep cerise so that the tree always has plenty of both pink and white flowers at one time. It is an extremely profuse bloomer and good grower. New leaves deepest bronzy purple.

Cotoneaster

THE QUEEN
OF SHRUBS

All the species of Cotoneaster will thrive either in shade or full sun, and are very suitable for growing under trees, "clothing" north or other walls, and for covering wet, dry, or shady banks, etc.

The outstanding characteristics of this genus are the beautiful, conspicuous clusters of berries, ranging in color from brilliant orange-scarlet, through varying shades of red to black, all preceded by a profusion of white or pinky white flowers wreathing the branchlets, and also in many species the rich autumnal colorings of their foliage. For hedges they are becoming more and more popular, *Multiflora* being especially well adapted for that purpose. The under-mentioned list contains most of the best recent introductions from China, to which country they are native.

Apiculata (Cranberry Cotoneaster)

Each \$3.00, Three \$8.50, Doz. \$30.00

A beautiful hardy dwarf Cotoneaster from Western China. This little known variety grows about four feet high with arching branches weighed down during autumn with masses of bright crimson sub-globose fruits. The foliage is shiny green and beautiful through the year. Perfectly hardy.

Divaricata

Each \$1.25, Three \$3.25, Doz. \$12.50

From Central and Western China. 5 to 6 feet high, of graceful spreading habit; small green polished leaves and red egg-shaped fruits; few shrubs can equal its glorious scarlet autumn tints.

Floribunda

Each \$1.25, Three \$3.25, Doz. \$12.50

Grows into a beautifully shaped round bush. Branches slightly arching and heavily covered with handsome blue-green foliage. It flowers as freely as the English Hawthorn and in fall is covered with thousands of brilliant small red berries.

Horizontalis

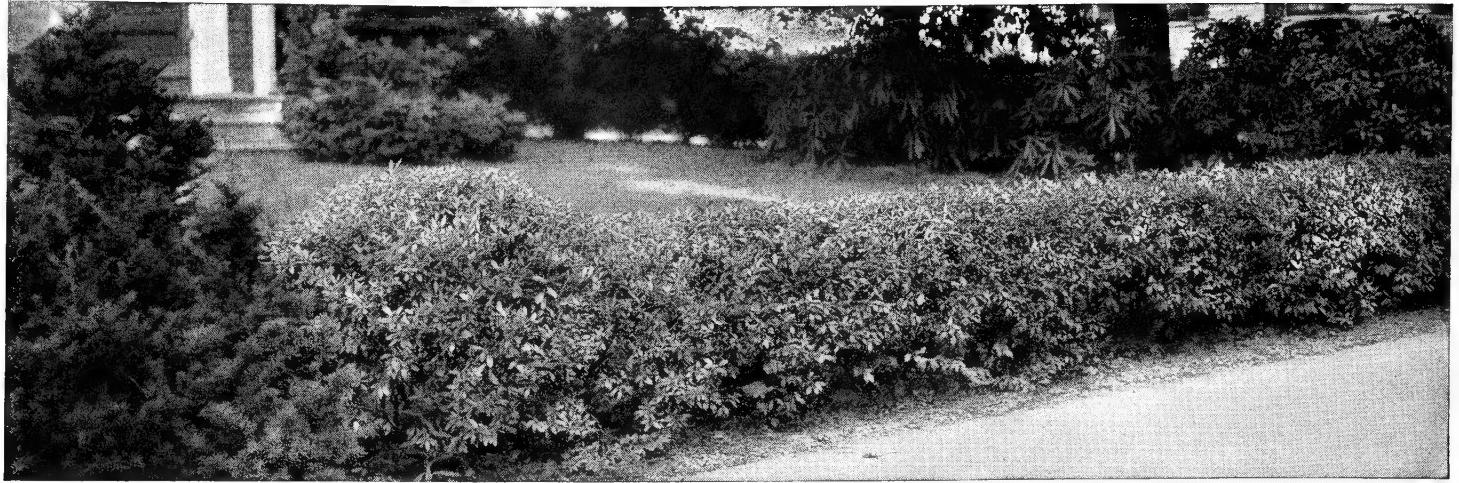

Fine 6-inch pot plants, Each \$1.75, Three \$4.50, Doz. \$17.50

(Prostrate or Rock Cotoneaster.) A low-growing shrub with almost horizontal branches covered with shiny dark green leaves. The fruit, which hangs on until spring, is bright red. It is a most desirable plant for rock garden, in front of shrubbery or at the base of steps near the front door.

Multiflora (Reflexa)

Each \$1.25, Three \$3.25, Doz. \$12.50

From Western China. Thin-branching shrub, 5 to 8 feet high, of elegant habit. As beautiful in bloom as the hawthorn of the hedgerow. The round, bright red fruits ripen in late summer.

Inkberry—*Ilex Glabra* Used as a Hedge

HALESIA

Tetraptera

Each \$1.00, Three \$2.75, Doz. \$10.00

The Silver Bell or Snowdrop Tree, also sometimes called the Lily-of-the-Valley Tree, is a most attractive round-headed, bushy little tree with horizontal branches and rather ordinary foliage. Its beauty consists in the millions of small white bells which dangle in bewildering profusion from the lower side of the branchlets. Certainly no flowering tree is handsomer and daintier than the Silver Bell when in full bloom, and it is always an object of great interest and curiosity.

KOLKWITZIA - Beauty Bush

Amabilis

Each \$1.25, Three \$3.25, Doz. \$12.50

A handsome flowering shrub which came from China. While upright in growth its branches at the ends are arching, almost pendulous, so that they cover the ground about them and never look "leggy" and bare. It is perfectly hardy anywhere, has excellent foliage and in June is a fountain of bell-shaped, light pink flowers not unlike the Weigela. Grows anywhere and does exceedingly well in dry, sandy, poor soil. Kolkwitzias do not bloom the first year or two after planting. Ultimate height about 7 to 8 feet.

ILEX - Holly

Convexa (Crenata bullata)

12 to 15 inch

Each \$2.50, Three \$7.00, Doz. \$25.00

15 to 18 inch

Each \$3.00, Three \$8.50, Doz. \$30.00

This is one of the choicest of evergreens and was introduced into this country in 1919 by E. H. (Chinese) Wilson. It has taken many years of effort to produce this little beauty in quantities, but now it's here for you to enjoy. It is very bushy, has shiny dark green, boxwood-like foliage somewhat convex and it grows about 4 feet high and 3 feet across. The glossy leaves are so profuse that twigs are invisible. Left to itself it grows "informally formal" and blends beautifully with other evergreens. As a small "accent" plant it is faultless. For small hedges it is a jewel, particularly in cold climates where boxwood is impossible but it is much too rare yet to be used for that purpose. An absolute "must" for every garden. Does well in light shade or full sun and is equally happy on alkaline or acid soil, and last but not least, it is as hardy as an oak.

Glabra

Each \$1.50, Three \$4.00, Doz. \$15.00

The Inkberry is a loose, spreading shrub, 4 to 5 feet high at maturity, with shining dark green leaves and a profusion of glittering black berries through the winter. It is an excellent plant for hedges in shady situations. It may also be effectively used as individual plants mixed with evergreens or in front of the shrubbery border.

Serrata (Sieboldii)

Each \$1.00, Three \$2.75, Doz. \$10.00

This is the deciduous Holly. It is slow growing and ultimately reaches a height of about 10 feet. In winter, after the leaves have been shed, it is one of the most showy shrubs because of the persistent brilliant red berries which hang on practically all winter. They make a cheerful showing outside against the snow and are charming for cutting and winter decorations.

MAGNOLIA

Soulangeana

Each \$6.00, Three \$17.00, Doz. \$60.00

Soulange's Magnolia, sometimes called the Saucer Magnolia for no reason at all, is the rather rare Pink Magnolia of city gardens and parks. It makes a small tree with gorgeous shining foliage and in early spring produces its enormous, pinkish white flowers, more or less purplish outside and slightly fragrant. This Magnolia is the showiest of the family for planting in northern gardens, and when in bloom, even one plant will dominate the garden—yes, the neighborhood, if it is a sizeable specimen. A whole street in Rochester, lined with this variety, is a mecca for all enthusiasts every spring. We offer flowering plants with a lot of buds, about 3 to 5 feet tall.

Stellata (Star Magnolia)

Each \$6.00, Three \$17.00, Doz. \$60.00

The rarest of the hardy Magnolias. It grows to a small spreading tree; however, this requires years. Early in spring the plant is covered with a mass of fragrant pure white starlike flowers, which are 3 inches across. The numerous long waxy white petals are held together in a lovely starlike shape. A beautiful thing for a small lawn or any small garden. We offer fine plants about 2½ feet tall with flower buds ready to bloom.

POTENTILLA FRUTICOSA

Snowflake

A graceful, small, 3-ft. high shrub, upright in growth, yet compact. Foliage is dense and fernlike in effect. From early June until October the plants are studded with silvery white, chalice-like blooms. A splendid low-growing and graceful shrub for foreground planting. Fits in perfectly with perennial plants in the hardy border. Prefers a sunny location. Is hardy in below zero temperatures.

Each \$1.00, Three \$2.75, Doz. \$10.00

Gold Drop

A charming small shrub of such compact growth as to resemble a small irregular shaped mound about 2 to 2½ feet high. It is closely and densely covered with small, fernlike leaves and studded with intensely brilliant golden yellow, buttercup-like flowers from early June until October. This delightful small shrub may be used in front of the shrub border or in the foreground of any perennial planting. It does best in full sun and is hardy in below zero temperatures. The original plant we selected from the common *Potentilla Fruticosa*. It is far superior both in flowering qualities, habit and general appearance. We know of no shrubs which flower so consistently and remain so cheerfully brilliant throughout the entire summer and fall. Spaced 12 inches apart in a single row it will make one of the most charming informal hedges that can be imagined. (Color illustration, page 34.)

Each \$2.00, Three \$5.75, Doz. \$20.00

Prunus

FLOWERING ALMOND

Glandulosa alba

Each \$1.25, Three \$3.25, Doz. \$12.50

(Flowering Almond.) The small, very double, white rosettes grow in great quantities along the stem in late April and early May. Lovely when in bloom. Ultimate height about 4 to 5 feet.

Glandulosa rosea

Each \$1.00, Three \$2.75, Doz. \$10.00

Produces very double, rose-colored flowers in great profusion in spring. One of the most charming old-fashioned early flowering shrubs, and is still unsurpassed in beauty in its season. Our plants are grown on their own roots, thus insuring extra vigor and more lasting satisfaction as well as no "wild suckers."

Pissardi rosea (Purple-Leaved Plum "Special Selection")

FLOWERING PLUMS

Each \$2.00, Three \$5.50, Doz. \$20.00

The deep bronzy purple foliage of this small tree is its great attraction; however, the thousands of pink, single flowers in spring are not to be overlooked. Most "purple" leafed trees lose much of their color throughout the summer, but this is not the case with this special selection of ours recently imported from England. Its foliage is of the deepest shade of purplish red imaginable, almost black. It makes a fine contrast plant and helps give variety and color in the garden, easily grown and ideal for the small yard or a special point of interest. Ultimate height about 10 feet. Occasional pruning will keep it in shape desired.

Pissardi Veitchi

Each \$2.00, Three \$5.50, Doz. \$20.00

This small tree grows about 10 feet tall, but can be pruned to smaller size if desired. In early spring it is covered with thousands of large clusters of double pink blossoms not unlike those of the double flowering cherry or peach. It is very hardy and should be used in place of flowering peaches or cherries exclusively in those localities where the latter are not hardy. In addition to the delightful display of double pink flowers you will enjoy the light bronze colored foliage which in late summer turns green. (Color illustration, page 55.)

Triloba

Each \$1.25, Three \$3.25, Doz. \$12.50

(Flowering Plum.) The flowering Plum blooms early in May before the leaves come out. The delightful double, quilled, bright pink flowers stud every twig and branchlet so heavily no wood is visible. Very handsome and should not be left out of any garden. We offer plants growing on their own roots because they are so much more satisfactory. Ultimate height about 8 feet.

Philadelphus - Mockorange

Pekinesis (Brachybotrys)

Each \$1.25, Three \$3.25, Doz. \$12.50

Pekin Mockorange. A beautiful Mockorange from China. In fact, experts claim this to be the finest species from that immense country. Its 5- to 8-foot, slender branches are covered from end to end with racemes of 1-inch, fragrant, creamy flowers. It is one of the showiest of June-flowering shrubs. It has fine, compact habit of growth and is perfectly suited for the shrub border.

Atlas

New Giant Mockorange

This giant-flowered Mockorange, with its pure white blooms as large as those of Dogwoods, will be sensational in your garden and we predict will replace many of the more common and indifferent shrubs. This magnificent hybrid came to us a few years ago from France. It has been carefully tested and not found wanting. Hardy, of easy culture, grows most anywhere, good upright habit, and covered with immense blooms which slightly lack being 3 inches in diameter that are magnificent for cutting. Decidedly a "must" for every shrubbery border.

Each \$2.50, Three \$7.00, Doz. \$25.00

Belle Etoile (Beautiful Star)

New Fragrant Star Mockorange

We, as well as others who have seen and smelled the charming flowers of this Mockorange, consider this one of the finest and choicest. It is an origination of that great Frenchman, Lemoine. The starlike flowers open in Lily-like fashion, the centers showing a decided light purple flush. This extra touch of color, plus its intense and delightful fragrance which can be detected over the entire garden, sets this shrub aside as one in a class by itself. Its growth is orderly, nice and bushy, and grows about 5 feet tall and 4 feet in diameter. It is one of our last importations from France, and a few years ago received the Award of Merit from the Royal Horticultural Society of Great Britain. Dig up an old, unsightly bush and replace it with this beautiful, sweetly smelling Mockorange.

Each \$2.50, Three \$7.00, Doz. \$25.00

Each \$1.25, Three \$3.25, Doz. \$12.50

Zeyheri

The Snowstorm Mockorange. Few shrubs produce as many flowers as does this Mock Orange. In early June it is a veritable hill of snow. When the blooming period is over, it is a showy shrub with good, clean, bold foliage. Altogether a very worth-while, rare plant you will be proud to point out to your friends. Ultimate height 6 to 8 feet.

NEW FRENCH MOCKORANGES

Enchantment

New Tall-Growing Double Mockorange

Tall double Mockorange, a gorgeous shrub. Has erect branches furnished with long thick panicles of double white flowers. The blossoms are set very closely, creating a most striking effect. Sweetly fragrant. Does quite well in light shade. Very hardy and easily grown. As its name implies, it will enchant you. Ultimate height about 6 to 7 feet. Each \$2.00, Three \$5.75, Doz. \$20.00

Innocence

New Alabaster-White Mockorange

The long arching branches carry a wealth of large single alabaster-white flowers. So heavily loaded with flowers are the slender branches as to assume the appearance of sheaves of bloom. They are of such purity of whiteness as to make all other Mockoranges seem gray by comparison. The fragrance is delightful, more delicate, yet more penetrating than that of Jasmine. There is no doubt or question as to the superb quality of this shrub. Its flowers are so intensely white, one constantly marvels at its ethereal effect. A "must" in every garden. Ultimate height about 6 feet.

Each \$2.00, Three \$5.75, Doz. \$20.00

Norma

New Lace Mockorange

Handsome lacy edged star-like single flowers are produced on a tall plant literally by the thousands. It is an outstanding Mockorange growing 10 feet tall. A superb plant for background or screen planting as well as a fine windbreak. Its unusual freedom of bloom and other fine qualities earned for it the Award of Merit of the Royal Horticultural Society of Great Britain.

Each \$2.00, Three \$5.75, Doz. \$20.00

Syringa — Lilacs

THE CREAM OF THE NEW FRENCH HYBRIDS

The following are the "cream" of the cream of Lilacs. They stand out above other varieties because of their enormous trusses and exquisite colors, as well as their fragrance. No more need be said than "these are the best to date." Although our collection of French Lilacs comprises only a limited number of varieties, the purpose of this list is to bring to your attention the very newest and most interesting developments.

Ami Schott

Each \$3.50, Three \$10.00, Doz. \$35.00

Magnificent double deep cobalt-blue flowers with paler reverse. The panicles are dense and broad. This is a superb novelty.

Etna

Each \$3.50, Three \$10.00, Doz. \$35.00

Broad panicles of medium sized regular flowers, deep claret-purple, late. Practically the most approaching to red. Double.

Capitaine Perrault

Each \$2.50, Three \$7.00, Doz. \$25.00

Immense spikes of large, full, double flowers of a superb rosy mauve, buds of the same color. A magnificent late flowering variety.

General Pershing

Each \$2.25, Three \$6.00, Doz. \$22.50

Double flowers of a quite unusual size, broad lobes of a rich purplish violet, paler underneath, big purple buds. Late. Very beautiful.

La Vestale

Each \$3.00, Three \$8.50, Doz. \$30.00

Immense trusses in great abundance of purest white; single.

Marechal Foch

Each \$3.00, Three \$8.50, Doz. \$30.00

A sensational new Lilac. The expert horticulturist, Felix Crousse, pronounced this to be the handsomest of all single Lilacs. The high panicles, carried by long, straight stems, are truly immense and very light. The individual flowers, fully one inch in diameter, perfectly shaped, are of a bright carmine-rose with a pink eye when opening, contrasting with the mauve of the older flowers and the deep carmine of the buds. Early.

Massena

Each \$3.00, Three \$8.50, Doz. \$30.00

Strong, upright spikes, individual flowers over one inch across, of the deepest pure red.

Miss Ellen Willmott

Each \$2.25, Three \$6.00, Doz. \$22.50

Extremely floriferous, immense double flowers of purest alabaster-white. Large branched panicle, round flowers.

Mrs. Edward Harding

Each \$2.50, Three \$7.00, Doz. \$25.00

This variety was awarded in 1921 the special prize founded by Mrs. Edward Harding for the best double red Lilac. Large panicles of large, full flowers of the brightest carmine.

Paul Deschanel

Each \$3.50, Three \$10.00, Doz. \$35.00

Has immense panicles composed of broad individual flowers of charming tints of rosy lilac. The buds are deep in color, almost ruby-red, creating a fine contrast full of color and life. It is a very free flowering variety, fine for cutting also.

President Lincoln

Each \$2.25, Three \$6.00, Doz. \$22.50

Single flowers three-fourths to seven-eighths inch across, purplish lilac in bud, Wedgwood-blue when fully open, large clusters. Branches ascending and habit somewhat compact. Very vigorous and early in bloom.

THE DAPHNE LILAC

Microphylla

Each \$3.00, Three \$8.50, Doz. \$30.00

A remarkably lovely shrub, deliciously fragrant, introduced from China. Graceful, slender stems; pinkish red buds opening to pale pink, loose panicles of small individual florets. The flowers produce a two-tone effect that is very pleasing and novel. The main truss is on top of each stem and smaller trusses are set down the branches, so that the entire plant forms one large bouquet. The foliage is very pretty, about one inch long and three-fourths inch wide. Blooms again in the fall. The fragrance of this Lilac is something never to be forgotten. More like that of Daphne and Gardenia blended than the Lilac fragrance we are familiar with.

HYBRID HUNGARIAN LILAC

Henri Lutece

Each \$1.50, Three \$4.00, Doz. \$15.00

A hybrid between S. Villosa and S. Josikae, with a round, shapely bush about midway in size between the two parents. The blooms are enormous panicles, open, plumelike in appearance, held erect and of beautiful light violet in color. Has the heavy foliage of Josikae. A fine ornamental shrub coming into bloom about a week after the French Lilac. This variety deserves a place in all Lilac plantings. One who has never seen one of these hybrid Lilacs cannot imagine how beautiful they are and how different from other Lilacs.

SALIX - Willow

French Pussy Willow

Each 75c, Three \$2.00, Doz. \$7.50

Not the wild Pussy Willow but a fine cultivated French variety. Branches of this variety have been selling at retail during the winter months in cities at from \$1.00 to \$2.00 per dozen. You can grow them on your own lawn! Enjoy these dainty silvery pink flowers every winter. A beautiful round shrub in summer or use them for tall screens or backgrounds. Cut the ends of the branches in January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silver-pink, from 1 to 2 inches long. They will repay you many times their cost in pleasure. Ultimate height 10 feet. Cut back branches to 6 inches when planting and each spring after catkins have formed to promote long, vigorous new canes.

Purpurea Nana

Each 55c, Doz. \$4.00, 100 \$25.00, 1000 \$200.00

Dwarf Blue-Leaf Arctic Willow. Discovered north of the Arctic Circle. A charming low-growing Willow excellently suited for edgings. Grows anywhere in wet or heavy soils where other plants perish. It is able to withstand the lowest temperatures encountered in this country, is of easy culture. Just the plant for low edgings, around beds or along walks in difficult soils or localities. The foliage is a lovely gray-blue-green. Can be clipped for formal effects or left natural as desired. Should be planted about 8 inches apart. May also be grown as single specimens in the rock garden.

SORBUS - Mountain Ash

Each \$3.00, Three \$8.50, Doz. \$30.00

This prolifically fruiting variety resembles the well-known Mountain Ash very closely. It does not grow quite as tall, only 20 to 25 feet, but produces twice the amount of flowers and fruit. The branches literally bend under the brilliant loads of orange fruits. This small tree can be grown in every small garden without damaging nearby flowers. Transplants readily. We offer nice young trees about 6 feet tall.

SPIRAEA

A very important family of shrubs. Most Spiraeas are sun-loving, but withstand much abuse in location and soil conditions, and are a source of joy and satisfaction.

Bumalda crispa

Each 75c, Three \$2.00, Doz. \$7.50

The ornamental foliage of this Spirea is crested and covers the plant heavily, giving a most attractive effect. The flowers are deep crimson-red and occur throughout the summer. A choice, low growing shrub for foreground planting or a colorful low hedge which requires no pruning. Ultimate height about 24 to 30 inches.

Japonica coccinea

Each 75c, Three \$2.00, Doz. \$7.50

Similar in growth and habit to the Anthony Waterer Spirea. The flowers of this new variety are much better and richer crimson-red. No one will ever again plant the old Anthony Waterer once they have seen this fine improvement. Ultimate height about 30 to 36 inches. (Color illustration, page 55.)

SNOWBANK SPIREA

Mongolica

Each \$1.50, Three \$4.00, Doz. \$15.00

This is the earliest flowering of the Spiraeas, in full bloom along with the Forsythias. It is a gracefully slender but erect shrub about 4 to 5 feet high at maturity. The branches are thin and arching, plentifully besprinkled with pure white flowers like snow lingering from winter. It is a dainty and very beautiful shrub with feathery fresh green foliage that in autumn turns orange and scarlet. Makes a fine informal hedge or attractive in groups or singly in the border where its early bloom blends beautifully with Daffodils and early blue Scillas.

TAMARIX - Tamarisk

Summer Glow

Each \$2.00, Three \$5.75, Doz. \$20.00

There is a lacy loveliness and charm about this lovely shrub not found in any others. The beautiful silvery blue-green foliage is like a veil. A sharp and delightful contrast is made by the airy wine-red flower spikes which appear on top of the delightful foliage all summer long. The flowers and foliage are lovely for cutting. This shrub is also excellent for seashore or lakeshore gardens, being very tolerant to salt air and wind. The plants we send out will bloom the first year. Ultimate height about 8 feet. Can be pruned and kept to 5 or 6 feet if desired.

Weigela-Diervilla

The Weigelas are an interesting and useful family of shrubs, flowering in May, June and July. The flowers in shape may be likened to those of a foxglove and are borne in immense quantities. They prefer a moist soil and do not like shade or roots of large trees encroaching on them. Otherwise their culture is simple. The average ultimate height of most varieties is about 5 to 6 feet.

Othello (New)

Each \$1.50, Three \$4.00, Doz. \$15.00

A well shaped plant about 4½ to 5 feet ultimately. The branches are covered with rich rose colored flowers closely spaced. This new hybrid is a fine improvement and a most desirable variety because of its fine habit, freedom of bloom, and lovely clear flowers.

Fairy (New)

Each \$1.50, Three \$4.00, Doz. \$15.00

A handsome shrub for any garden, big or small. Grows about 4 feet tall and in spring is completely covered with light pink blooms which possess a great depth of color and sparkle like pearls. It is early flowering but follows Richesse. This is one of the great French hybridist Lemoine's latest and best.

Richesse (New)

Each \$1.50, Three \$4.00, Doz. \$15.00

The flowers are a rich deep pink and produced in amazing quantities. When in full bloom this Weigela is truly a wonderful sight. Its purity of color and early blooming make it an outstanding shrub for the small garden. Ultimate height is about 6 feet and 5-foot spread.

VITEX - Chaste Tree

Macrophylla

Each \$1.00, Three \$2.75, Doz. \$10.00

A graceful shrub with attractive spikes of lovely lavender-blue flowers. Blooms profusely from July until fall and grows more than ten feet high unless pruned back. It is a most desirable summer-flowering shrub of distinctive appearance. Fits in well in the border and is also suitable as a lawn plant. Its form, foliage and lilac flowers are very unusual. (Color illustration, page 54.)

Viburnum - Snowball

Burkwoodi (New English Hybrid)

Bushy plants, 3-4 ft., B&B Each \$3.00, Three \$8.50, Doz. \$30.00

Bare root, 2-3 ft. Each \$2.00, Three \$5.75, Doz. \$20.00

Bare root, 18-24 in. Each \$1.50, Three \$4.00, Doz. \$15.00

Improved Carlesi. Waxy blush-white and delicately fragrant, the flowers of this new fragrant Viburnum are produced in early spring when the leaves are unfolding. They form round, domed clusters, and the gardenia-like fragrance is so sweet as to pervade a large area. The plant grows about .6 feet high and 4 to 5 feet in diameter. It likes a well drained, sunny place, with plenty of moisture. This is a new jewel for the garden—a real aristocrat. For the small garden, the one Viburnum above all others that should be grown, is Viburnum Burkwoodi. Foliage brilliant in autumn, shiny dark green all summer. (Color illustration, page 55.)

Carlesi

Each \$3.00, Three \$8.50, Doz. \$30.00

Waxy white, deliciously fragrant flowers in early spring when the leaves are unfolding. This fragrant Snowball is a great favorite. It is very hardy, easily grown and does well in light shade, as well as in full sun.

Diffatatum

Each \$1.00, Three \$2.75, Doz. \$10.00

This fine Viburnum grows to a height of about 7 or 8 feet. It is considered one of the finest of shrubs. The many valuable characteristics of this plant place it near the top of the list of Viburnums. It is of moderate growth and neat compact habit, bearing 5-inch clusters of white flowers in early June. In the fall it has few equals in adding color to the garden with its heavy, large clusters of scarlet berries. Does well in full sun or semi-shade. The plants we ship are about 3 feet tall.

Tomentosum

Each \$1.25, Three \$3.25, Doz. \$12.50

If all the other Viburnums were thrown into the discard, this one would justify the family. It is a superb flowering shrub and the spectacle of a good Tomentosum in bloom is a sight not ever to be forgotten. In early June the horizontal branches become perfect mosaics of wheel-like clusters ringed with dazzling white flowers, with spidery sunburst centers, resembling a fall of snow. Ultimate height 8 feet.

Tomentosum plicatum

Each \$1.50, Three \$4.00, Doz. \$15.00

The Japanese Snowball has its pure white flowers arranged in a perfectly round ball 3 to 4 inches across. Its clean foliage is quite similar to the Tomentosum. Much neater and in every way superior to the common Snowball which is usually covered with aphids. It makes a commanding specimen and there are few shrubs handsomer than this when well grown.

VIBURNUM OPULUS NANUM

The Hedge Viburnum

A dwarf, stubby plant never over two feet high, particularly well adapted for edgings and hedges in wet or heavy clay ground where it is difficult for other plants to thrive. Does well in light shade. It is extremely hardy. Can be clipped or left natural as desired. In either case it grows into a fine compact and low hedge which requires no care.

Each 75c, Three \$2.00, Doz. \$7.50, 100 \$40.00

Opulus Xanthocarpum (Apricot-Fruited Cranberry Bush)

Each \$2.00, Three \$5.75, Doz. \$20.00

This makes a handsome bush 5 to 7 feet high. It is particularly attractive from July to December after when its beautiful blossoms are replaced by immense clusters of ½-inch apricot-yellow fruits. The clusters of berries are many and heavy, and create a beautiful show against the rich green foliage. The heavily fruited branches may be cut for indoor decoration. They combine stunningly with Gladioli, Dahlias, or Chrysanthemums. The clusters of fruits retain their beautiful apricot-yellow tint for six weeks or more. Easily grown, hardy as an oak. May be planted in fall or spring. The plants we ship are about 3 feet tall.

(Plant Patent
No. 4921)

NEW WEIGELA, BRISTOL RUBY

Spring and Autumn Flowering

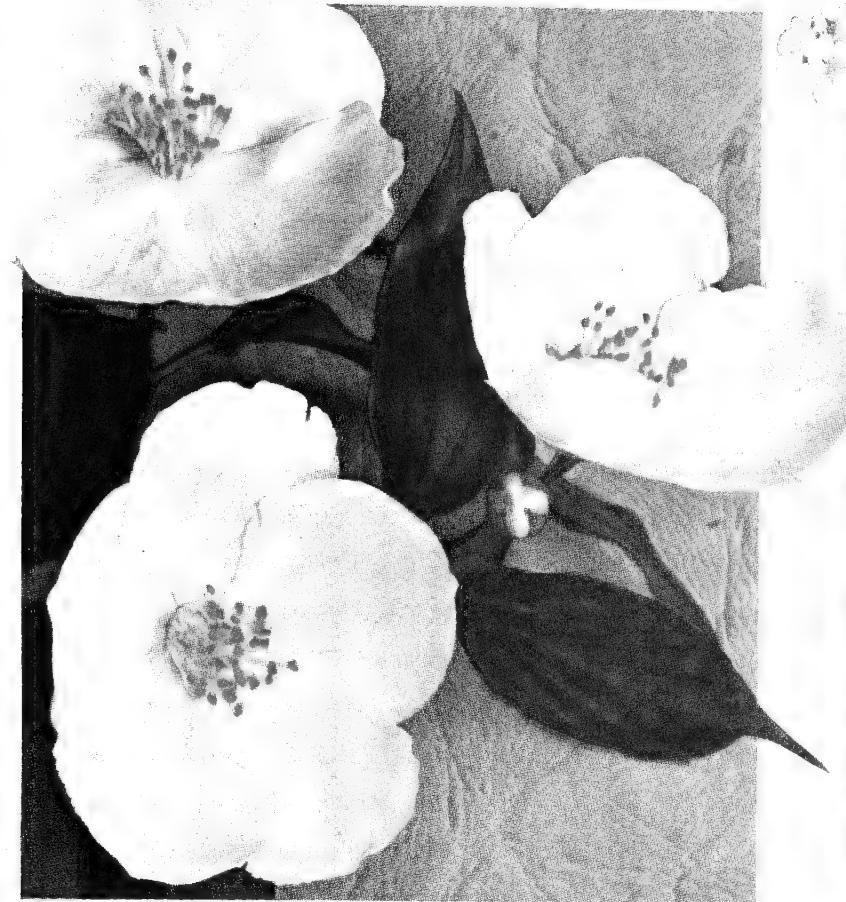

The color of the flowers is a pleasing sparkling ruby-red, shading to garnet-crimson. They are produced in immense quantities and create a wonderful display of colors. After the big spring display is past there is again a fine showing of bloom throughout the late summer and entire autumn. Few shrubs produce flowers as freely and over so long a period as does Bristol Ruby Weigela. It attains a height of 6 to 7 feet at maturity, and grows into a perfectly formed, well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. Excellent reports from Canada and Vermont and other difficult regions fully substantiate our own estimate of its unusual hardiness. Bristol Ruby is definitely superior to any other red Weigela in every respect and visitors here at the nursery are quick to note its better qualities.

New Giant Flowered Mock Orange, *Atlas* (About $\frac{1}{2}$ size)
(See page 59)

Spirea Mongolica

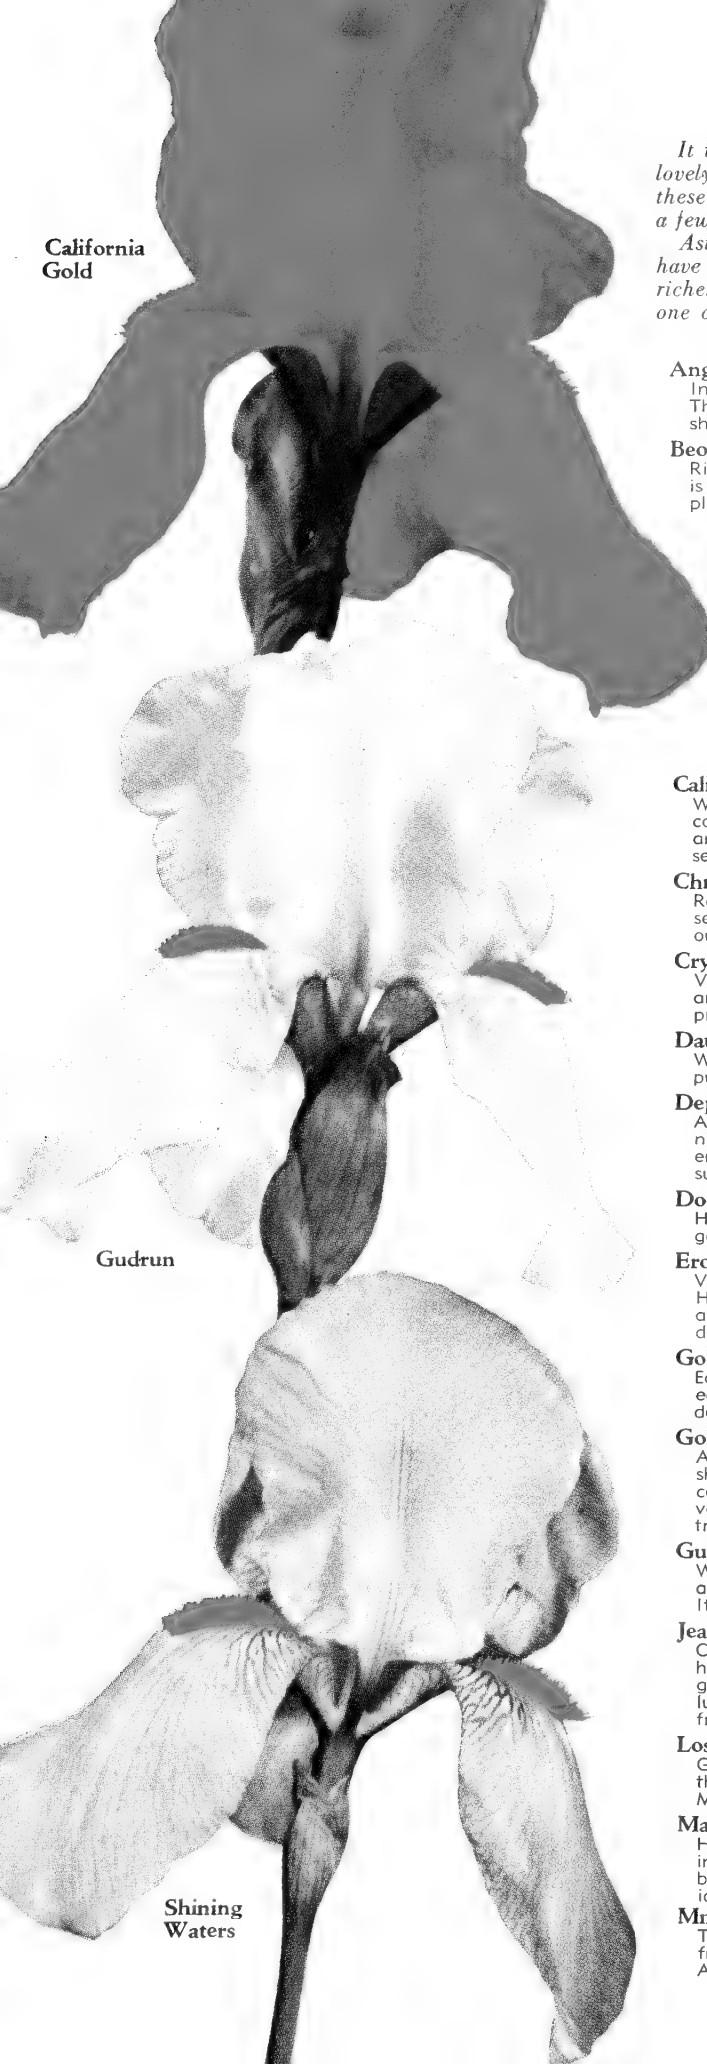

Bearded

It is from the California, Oregon, and French hybridizers' hands that a wealth of lovely new Bearded Iris has come the past few years. So worth-while and insistent have these improvements been that there is very little left of what was considered "tops" a few years ago.

Astonishing new colors and combinations of colors have been created until we now have Iris that rival the extravagant loveliness of the wings of a butterfly. There are richer blues, purer reds, better pinks, finer and larger yellows, other shades remind one of smooth ivory or fine porcelain. So delicate and almost ethereal are some as

California Gold

Gudrun

Shining Waters

Angelus

In color a bright light pink, with slight lavender iridescence just below the lemon beard. Throughout the center there is a delicate infusion of lemon-yellow. Large, beautifully shaped flower, 3 feet tall, and very late.

Beowulf

Rich velvety maroon unmarred by any haft venation. The coppery brown of the standards is repeated in a soft margining on the unusually broad falls. The rich orange beard completes the glowing ensemble. Beowulf is the nearest true maroon of any Iris.

Black Wings

A "black" Iris that is gorgeously deep in tone. S. deep fluorite violet; F. deeper fluorite violet, with black veins, and so very velvety that at some angles they are absolutely black. Blooms of good size, form, and substance, and a hardy plant. Very fragrant, and a great achievement in breeding, as it is very nearly black.

Blue Velvet

Each 75c, Doz. \$7.50
One of the most beautiful and appropriately named, as the entire flower seems to be cut out of velvet and the color is a deep intense blue.

Buechley's Giant

Each 45c, Doz. \$4.50
A truly large flower of silky lavender-blue which because of its superior size, texture, and plant habits has displaced the older "Lord of June." One of the largest of all Irises.

California Gold

Each 60c, Doz. \$6.00
We consider this one of the finest deep yellow Iris introduced to date and think this is the consensus of opinion of others. It is simply superb, having a brilliance and purity of color and perfection of form and finish not approached by any other deep yellow Iris we have seen. The flowers are large and very freely produced.

Christabel

Each 75c, Doz. \$7.50
Red—and it will not disappoint the most exacting critic. For sheer brilliance we rank it second only to the new Red Gleam of which there are only a few plants available. Glorious as a garden clump, almost a self, of large size, over 3 feet tall.

Crystal Beauty

Each 35c, Doz. \$3.50
Very early and very tall. A gorgeous, pure, clear snow-white of huge size on stalks that are shoulder high, being the tallest of all white Iris. Flowers of perfect shape and freely produced.

Dauntless

Each 45c, Doz. \$4.50
Winner of highest international honors, the Dykes Memorial Medal. One of the finest and purest red-toned Iris introduced to date.

Depute Nomblot

Each 45c, Doz. \$4.50
Another Dykes Medal Winner. Of gigantic size and perfect form and texture, on tall, nicely branched stems. S. coppery red, flushed golden bronze; F. rich claret-crimson. The entire flower seems to be lightly dusted with fine golden powder, which sparkles in the sunlight, giving it an unusual richness.

Dore

Each 50c, Doz. \$5.00
Huge flowers of fine form, with lemon-yellow standards and ivory falls, the falls having gold veinings at the throat and orange beards. Height 40 inches.

Eros

Each 60c, Doz. \$6.00
Very fragrant. Award of Merit, American Iris Society, 1936. A delightful new salmon or Hydrangea-pink, with as many as 12 flowers to a stem, now offered for the first time at a modest price. Entirely different from all other pinks. The large shapely flowers have a delightful silky texture.

Golden Light

Each 45c, Doz. \$4.50
Early. The best of the new golden brown blends. Standards delightfully ruffled gold, edged soft lilac. Falls gold, flushed soft lilac at the center and veined brown; flaring, deep orange beard.

Golden Treasure

Each 60c, Doz. \$6.00
A creamy yellow Iris with an elusive charm. Its loveliness seems to lie principally in its shimmering silkiness of texture and in the subtle infusion of golden light throughout the center of the flower. The beard is bright orange. Whites, creams, and yellows are always valuable for "lighting up" an Iris garden, and none more so than this. Truly a "golden treasure" to any landscape artist.

Gudrun

Each 50c, Doz. \$5.00
Winner of the Dykes Memorial Medal by the English Iris Society. A top notch white Iris among so many fine new white ones and by many judges considered the finest of all. It is a massive flower of purest snow-white, undoubtedly the largest and most massive.

Jean Cayeux

Each 50c, Doz. \$5.00
Certainly one of the most beautiful Iris we have ever grown. It has been awarded all honors and justly so. The full-petaled flower with its slight suggestion of a frill has stately grace and opulence of form. Its novel superb coloring of light Havana-brown with a luster of golden biscuit-tan shows up magnificently anywhere in the garden. It flowers freely over a long period. Height 34 inches.

Los Angeles

Each 45c, Doz. \$4.50
Great white flowers of fine shape and substance, the standards faintly edged blue with the blue style arms adding a note of clear blue in the center. Tall and widely branched. Most outstanding. Early. 40 inches.

Mary Geddes

Each 55c, Doz. \$5.50
Had the distinction of being an American introduction that received an Award of Merit in England, where so many fine Irises are produced. An attempt at a description would be a lovely blending of soft pink tones, overlaid Pomeranian red. This gives but a faint idea of its great beauty. There are 8 to 10 flowers to a stem and they are nicely branched.

Mme. Louis Aureau

Each 75c, Doz. \$7.50
This heavily dotted and sanded Plicata from Cayeux is a rival of the series now so popular from the Sasses. It has a ground color of silvery white, closely netted with rosy heliotrope. A very large blossom.

Iris (Fleur de Lis)

to have a true kinship with Orchids. Many are delightfully fragrant. Hundreds of varieties were selected by us from long lists of ardent hybridizers and specialists; were put through the exacting Wayside test and the best only we offer now to you.

Give away some of your old ones and make room for these lovely new kinds. You will marvel at their beauty.

(In our descriptions "S" denotes the standards or upper petals; "F" the falls or lower petals.)

Mrs. J. L. Gibson

Very nearly a self, with inky black, crepy standards, lustrous and silky, and glossy, slightly flaring falls of fine breadth. Your collection will not be complete without this notable Iris.

Ozone

A peculiar and subtle shade of rosy lavender, the same in standards and falls, with a pronounced copper area throughout the center. Large and of ideal shape.

Pallida Dalmatica, Princess Beatrice

This is the true type of Pallida Dalmatica and still one of the most attractive and satisfactory all around varieties. Standards and falls of a clear lavender-blue shading to a pale silvery blue at the base and sweetly scented. Decorative heavy glaucous foliage.

Persia

Its refined and subdued colorings rank it as one of the most pleasing of all. Very large blooms with falls that are a blend of bluish lavender and standards of iridescent steel-blue. Brown haft and yellow beard.

Pink Opal

A fine, tall, large, uniform pink-toned Iris.

President Pilkington

Large, of bold form, well-branched, many buds to stalk, and medium tall. Standards vinaceous buff underlaid old gold, with falls of soft violet faintly edged silvery brown. The dignity of this Iris gives it a charm that is difficult to describe. 40 inches.

Rameses

Winner of the Dykes Medal for 1932. A lovely blend of soft yellow and tourmaline-pink, the flower being suffused with a yellow glow at the center. A perfect flower in every way.

San Diego

One of the finest medium-dark blues. A gigantic Iris of heavy substance and fine flaring form and compelling appearance. Tall and vigorous. 40 inches.

Shah Jehan

A multi-colored Iris with 7 distinct colors, but a flower of the greatest refinement notwithstanding its lavish colors. It is considered by many as one of the greatest achievements of Iris development. Standards, soft creamy buff, flushed soft lavender and suffused gray, fading to almost pure white as the flower ages. Falls, deep, rich ruby-red, with a $\frac{1}{8}$ -inch white border. This is but an inadequate description of this very fine Iris.

Shining Waters

Four to five feet. Early. Very sweet fragrance. On close inspection the surface seems to be studded with tiny jewels, giving an unusual sparkle. A uniform, clear sky-blue, of a most delightful shade.

Siegfried

An Iris they are all talking about, and one which every grower will want to own. A flower of really huge size, pale sulphur-yellow overlaid with a stippling and dotting of purple. A slightly buffy overtone blends the colors together.

Sierra Blue

Winner of the Dykes Memorial Medal in 1935, highest international honors as the best of the year. An exceptionally smooth refined flower of clear blue with heavy substance, immense size, perfect form, and towering over 4 feet high.

Snowking

Regal in bearing with broadly flaring great white blossoms lit with gold at the throat. Heavy of substance, bold and strong in growing habit. 3 feet tall. A wonderful and thoroughly hardy white.

Venus de Milo

Pure white. Honorable Mention American Iris Society. An outstanding good white. A perfect flower in every way.

William Mohr

The foliage and leaves of William Mohr are always small but the blooms are simply immense. The ground color is pale lilac, standards flushed darker, the whole flower beautifully veined manganese-violet. Substance and shape of the very best; a very large flower, actual measurements showing standards $3\frac{1}{4}$ inches by $2\frac{3}{4}$ inches and falls 3 inches by 2 inches. Stems strong and rigid. Rhizomes naturally small. Early.

Winneshiek

We like this best of all the new black Irises, the actual color being the deepest midnight-blue-violet. It is certainly one of the best of this type, if not the best. The flower is large, of lustrous silky texture, of perfect form and freely produced.

The 1944 Iris Collection

For a choice planting of Iris or to "pep up" an old one you will find that the 1944 Collection of Iris offered here is exceptionally fine. Altogether they make a rare combination of colors which are usually lacking in the average planting of Iris.

The Collection consists of the following 12 varieties:

Beowulf
Crystal Beauty
Blue Velvet
California Gold

Depute Nombot
Dauntless
Jean Cayeux
Rameses

William Mohr
Shining Waters
Golden Light
Ethelwyn Dubuar

Iris Collection No. 100—1 each of the above 12, each plant labelled, for \$4.00.

Iris Collection No. 200—3 each of the above 12 (36 plants), each variety labelled, for \$11.00.

Rameses

Iris Kaempferi

The ancient poets called their Iris, Ground Rainbows; also Children of the Gods. A promise from them that beauty on earth would ever be. The finest of all their varieties is the Kaempferi which we offer you in a wide choice of colors. Not the least of their fine points is the graceful foliage. A thing of beauty after the blooms are past.

Planted in a mass, or as a border, they are ideal. A few edging a reflecting pool or stream, is something to remember. No matter how fine your Iris collection may be, not to have these is to deprive yourself of something that will make it complete.

CULTURE. Late plantings should be protected by a light covering of straw or leaves after the ground is permanently frozen to prevent roots from being heaved out of the ground by frost. Plant in spring or September and October. Avoid all lime.

Blue Bird Each 50c, Three \$1.40, Doz. \$4.00
Beautifully formed flower; rich uniform blue.

Columbia Each 60c, Three \$1.50, Doz. \$5.00
Double. Blue with pure white veins, yellow center; a striking variety.

Dominator Each 50c, Three \$1.40, Doz. \$4.00
Single. Rich indigo-blue with narrow white stripes and lighter center. One of the finest and richest colors.

Dream Each 60c, Three \$1.50, Doz. \$5.00
Large single white flowers delicately veined. The standards are a rich reddish violet with white edges.

Eleanor Parry Each 60c, Three \$1.50, Doz. \$5.00
Double. Claret-purple, flaming and blue as flower ages.

Fascination Each 60c, Three \$1.50, Doz. \$5.00
Double. Mauve-pink, lightly veined white. Beautiful variety.

Gold Bound Each 50c, Three \$1.40, Doz. \$4.00
A fine double, pure white; cream glow at the gold-banded center.

Kumo-No-Ibo Each 60c, Three \$1.50, Doz. \$5.00
Lower and upper petals nearly equal size. Bright clear purple, with distinct rays and halo of white surrounding the golden throat, white standards tipped purple.

La Favorite Each 50c, Three \$1.40, Doz. \$4.00
Large, fine; white freely veined blue, and a rich purple center.

La Tosca Each 75c, Three \$2.00, Doz. \$6.00
Immense, double white flowers with pale shadings. A very beautiful, strong growing variety. One of the choicest in this collection.

Iris Ochroleuca Gigantea (See Iris Spuria)

The best of all perennial Iris for cutting. Lasts for a week in water.

A Planting of Iris Kaempfieri

[64]

Rainbow Iris

Lavender Giant *Each 75c, Three \$2.00, Doz. \$6.00*
 Huge single flowers of glistening lavender-blue. Extremely free flowering; stems strong and tall.

Mona-No-Taki *Each 50c, Three \$1.40, Doz. \$4.00*
 A beautiful tall-growing variety with double violet blooms in great abundance.

Mount Hood *Each 50c, Three \$1.40, Doz. \$4.00*
 Double. Light blue shaded darker, bright orange center.

Purple and Gold *Each 50c, Three \$1.40, Doz. \$4.00*
 Double. Rich violet-purple with white petaloids, tipped violet. Conspicuous golden throat with bluish white rays.

Pyramid *Each 50c, Three \$1.40, Doz. \$4.00*
 Double. Violet-purple veined white in center of each petal.

Queen of the Blues *Each 60c, Three \$1.50, Doz. \$5.00*
 Pale Delft-blue veined white. Six petals, handsome flower.

Rose Anna *Each 50c, Three \$1.40, Doz. \$4.00*
 Huge double flowers; light mauve, deeply and heavily veined with purple. Stigmas short, yellow center, quite brilliant and clearly defined.

Red Riding Hood *Each 50c, Three \$1.40, Doz. \$4.00*
 A fine single amaranth, veined and suffused white. A color combination hard to find.

Shadow *Each 50c, Three \$1.40, Doz. \$4.00*
 Single. Self color, reddish purple. Very large fine blossoms that are brilliant and outstanding.

Templeton *Each 50c, Three \$1.40, Doz. \$4.00*
 Double. Reddish violet mottled and marbled with white; of exceedingly fine form.

T. S. Ware *Each 50c, Three \$1.40, Doz. \$4.00*
 Double. Reddish violet flowers of large size, beautiful white center.

White Swan *Each 50c, Three \$1.40, Doz. \$4.00*
 Pure white, single, very free and tall.

Mixed Colors *Three \$1.25, Doz. \$4.00, 100 \$20.00*
 Both single and double varieties. Splendid mixture of the choicest varieties.

Rainbow Collection of Beautiful Colors *\$4.00*
 Twelve Rainbow Iris in twelve distinct varieties, our selection. Varieties taken from above list. Each plant labeled.

IRIS SIBIRICA

Caesar's Brother *Each 69c, Three \$1.50, Doz. \$5.00*
 A stately plant not too tall, 30 inches high. It is the best of the entire lot of dark blue Siberian Iris and was given Honorable Mention by the American Iris Society. The flowers are on unusually rich black Pansy-violet of a beautiful depth of color. A superb plant for any flower garden.

Perry's Blue *Each 55c, Three \$1.45, Doz. \$4.75*
 A beautiful sky-blue variety. It is one of the most popular in this class. Grows 48 inches tall and blooms freely.

Snow Queen *Each 55c, Three \$1.45, Doz. \$4.75*
 An exquisite hardy Iris; the flowers are of a snowy whiteness, large and well formed, produced in great abundance; foliage light and graceful. A gem for flower border or waterside. 3 feet high.

IRIS SPURIA

(Finest Iris for cut flowers.) These are so different from all other Beardless Species and Hybrids as to deserve a separate sub-division. The flowers are quite unlike all other Irises, and are very artistic, making exquisite cut flowers for which purpose they are used extensively by florists. They are hardy anywhere. While not indispensable to their success, they prefer a moist spot and make a most imposing effect in the garden.

Lord Wolseley *Sold out for this season*
 A beautiful clean-cut, stiff flower, rich violet-blue with yellow spot on center of each fall. It will grow 3 feet tall, forms a good clump of nice clean foliage. A fine plant for a damp spot in the border. Excellent for cutting also.

Ochroleuca gigantea *Each 55c, Three \$1.45, Doz. \$4.75*
 A stately garden plant and a beautiful long lasting cut flower. In good rich moist soil it will grow 5 feet or more. The flowers have pure white standards while the falls are yellow with a quarter-inch margin of white. An A-1 plant for garden or cutting.

Ochroleuca gigantea, Golden Standard *Each 60c, Three \$1.50, Doz. \$5.00*
 This is a fine golden yellow selection from the type. Grows same height and size except its flowers are rich golden yellow. A beautiful plant for the garden and superb for cutting.

Shelford Giant *Sold out for this season*
 Under favorable conditions (rich moist soil) this variety will grow as much as 6 feet tall. It produces giant flowers of creamy white, with orange spot on the fall. A magnificent and stately plant near pool or in background of border. A-1 for cutting.

Iris Pumila, Excelsa

Early Flowering Miniature Iris

These beautiful little Irises do not grow over 4 inches high and bloom in April and May. They are fine for bordering flower beds or planting in the rock garden.

Atroviolacea *Three \$1.25, Doz. \$4.00*
 Wine colored; very dwarf, free blooming.

Excelsa *Three \$1.15, Doz. \$3.75*
 A splendid pale lemon-yellow, very free.

Fairy (Coerulea) *Three \$1.25, Doz. \$4.00*
 Pale blue; very dwarf. A dainty little Iris.

Midget *Three \$1.25, Doz. \$4.00*
 A very small deep purplish red. One of the smallest.

Sambo *Three \$1.15, Doz. \$3.75*
 Dark violet-blue; very distinct and showy.

Schneecuppe *Three \$1.15, Doz. \$3.75*
 A large, showy, pure white; very floriferous.

Spring Skies *Three \$1.25, Doz. \$4.00*
 A charming small deep blue variety of neat habit.

Autumn Flowering Iris Pumila

Flowering Two or More Times Each Season

We Furnish Substantial Clumps With Several Crowns

These autumn-flowering Irises have two or more normal flowering seasons each year. They blossom in the spring along with other early flowering varieties and again in the autumn, beginning in September and continuing until killed by heavy frosts. Some of them also flower intermittently throughout the year.

Autumn Queen *Three \$1.45, Doz. \$4.75*
 This is a reliable spring and fall bloomer. A pure snow-white. It belongs in almost the same class as Jean Siret and Lieut. Chavagnac so far as size and height is concerned, but is a little larger and a little taller.

Golden Harvest *Three \$1.45, Doz. \$4.75*
 A fine large deep yellow veined with red-gold on the falls. A reliable spring and fall bloomer everywhere. This variety is quite scarce.

Jean Siret *Three \$1.45, Doz. \$4.75*
 This variety and Lieut. Chavagnac are the most persistent bloomers of the Iris family. They begin to flower quite early in the spring with the earliest miniatures and have a long spring-flowering season. They also have an equally long autumn-flowering season. Clear chrome-yellow.

Olive White *Three \$1.45, Doz. \$4.75*
 This is a good cream-colored spring and fall bloomer.

Paeonias - Peonies

The numbers or RATINGS given immediately below the name are the averages tabulated from the votes of the members of the American Peony Society throughout America and Canada. Ten is highest possible score; none under seven are offered. This list contains the best only.

Albert Crousse

3-5 Eyes, Each 90c, Doz. \$9.00
(8.6.) Very fresh salmon-pink, delicate color. Large compact bomb shape; fragrant; erect; medium height. Late.

Auguste Dessert

3-5 Eyes, Each \$1.00, Doz. \$10.00
(8.7.) A large midseason rose-red, with large round petals, each edged with a distinct narrow silver border. Plant of medium height and a prolific bloomer. A brilliant light rose-red that is very distinct in color and form, and a most desirable sort.

Baroness Schroeder

3-5 Eyes, Each \$1.00, Doz. \$10.00
(9.0.) Rose type; late. White with shadings of flesh. This is one of the finest Peonies. Its immense flowers of great substance with high chalice-shaped center are freely produced, lasting a long time. Very fragrant.

Edulis Superba

3-5 Eyes, Each 80c, Doz. \$8.00
(7.6.) Dark pink, even color; large, loose, flat crown when fully open. Very fragrant; upright growth; early bloomer. One of the best commercial Peonies. There is much confusion over this variety being sold under twenty or more different names.

Felix Crousse

3-5 Eyes, Each 90c, Doz. \$9.00
(8.4.) A deep rose-red showing no stamens. Consists of a central bomb of incurved petals surrounded by broad, prominent guard petals. A good all-purpose late red, the same type as the early red, Richard Carvel.

Frances Willard

Sold out for this season.
(9.1.) Rose type; opens an exquisite blush-white, with an occasional carmine touch, changing to pure white. Listed among the world's twenty most beautiful Peonies.

Festiva Maxima

3-5 Eyes, Each 90c, Doz. \$9.00
(9.3.) Paper-white, crimson markings in center. Very large and full rose type; very tall, strong growth. Early.

Karl Rosenfield

3-5 Eyes, Each 90c, Doz. \$9.00
(8.8.) Very large flower; globular, semi-rose type. Extremely vigorous grower, tall, and free flowering. As an early red it has no equal.

Kelway's Glorious

3-5 Eyes, Each \$2.00, Doz. \$20.00
(Kelway 1909.) (9.8.) Buds slightly tinted pink, opening into large blossoms of iridescent white. Fragrant. Late midseason. This is undoubtedly one of the finest Peonies.

Kelway's Queen

Sold out for this season.
(8.8.) Pink. A large, compact, rose type flower of uniform mauve, with center flecked crimson. A tall, strong grower, very profuse bloomer. Late midseason. One of Kelway's finest. Very distinct color, a great show flower.

Lady Alexandra Duff

3-5 Eyes, Each \$1.00, Doz. \$10.00
(9.1.) An immense, loosely built flower with great broad rounded petals. A pale blush-pink, fading to white, with yellow stamens. When not disbudded, the central flower is loosely double, of a rather flattened, circular form; central petals touched with carmine. A beautifully formed flower; sweet scented. Very floriferous. Very showy. Opening after the central flower, the side flowers come semi-double.

Anemone-Flowered Peony

Le Cygne

Sold out for this season.
(9.9.) Very large, perfectly formed flower, freely produced; cream-white with a touch of green at the heart. The finest white. Received the highest rating of any Peony.

Longfellow

3-5 Eyes, Each \$1.00, Doz. \$10.00
(9.0.) Everyone concedes Longfellow one of the most popular red Peonies because of its distinct, fadeless color and general dependability, both for cutting and garden decoration. It is as striking in the field as in the show room. It comes into bloom early midseason. The plant has excellent foliage and strong, stiff stems. The flower is a bright crimson and is always found among the winning classes.

Marie Crousse

3-5 Eyes, Each 90c, Doz. \$9.00
(8.9.) The nearest to salmon-pink in Peonies. A most lovely variety. Tall stem and beautifully formed flowers of a charming shade of salmon-pink. Blooms midseason.

Mary Brand

3-5 Eyes, Each 90c, Doz. \$9.00
(8.7.) No red Peony ever won favor so quickly as Mary Brand. Always found among the winning reds in every show room. Comes into bloom with Frances Willard. Color so distinct it is easily recognized by amateurs, no matter how often they find it in our fields. A red in which there is little trace of purple. One of the most satisfactory reds as a cut flower as it will last a week if cut in the bud.

Mons. Martin Cahuzac

Sold out for this season.
(8.8.) Medium size, globular, semi-rose type. Dark purple-garnet with black reflex. The darkest Peony known. Strong, vigorous grower, free bloomer; midseason.

Mons. Jules Elie

3-5 Eyes, Each \$1.25, Doz. \$12.50
(9.2.) A beautiful silvery pink. Broad reflexing guards with a high pyramidal body of semi-quilled petals converging to an apex. One of the largest, handsomest and most lasting cutting sorts in existence.

Martha Bulloch

3-5 Eyes, Each \$1.50, Doz. \$15.00
Mammoth cup-shaped blossoms often 9 to 12 inches across. The largest of the good Peonies. Deep rose-pink in the center, shading to silvery shell-pink in the outer petals. Stalks strong and erect.

Philippe Rivoire

Sold out for this season.
(9.2.) A very bright rich crimson coming into bloom late midseason. The beautiful form of this flower and its uniform soft rich color make it a flower loved by all who see it. This is a fine show flower and is absolutely void of stamens. It has a pleasing fragrance and is the highest rated of any red Peony.

President Roosevelt

3-5 Eyes, Each 90c, Doz. \$9.00
(8.8.) A brilliant and striking variety, coming into bloom early midseason. Flowers very large, semi-rose type, and richly fragrant. Desirable as a cut flower, a garden variety, and a show flower.

Primevere

Sold out for this season.
(Lemoine 1907.) (8.6.) Guard petals deep creamy yellow and center petals sulphur-yellow. If not exposed to the full sun the flowers will hold a canary-yellow which is most attractive. Very fine. Midseason.

Reine Hortense

3-5 Eyes, Each 90c, Doz. \$9.00
(8.7.) A uniform Hydrangea-pink, with guard and center petals marked crimson. This is a variety that gives universal satisfaction and is both a show and garden variety. The plant is tall with long stiff stems. The flowers are slightly fragrant. A midseason variety.

Richard Carvel

3-5 Eyes, Each \$1.25, Doz. \$12.50
One of the best early reds which we have. Large, bomb-shaped blooms of the same style as Felix Crousse but better in color.

Sarah Bernhardt

3-5 Eyes, Each \$1.00, Doz. \$10.00
(9.0.) Apple-blossom-pink, very free blooming and flowers of perfect form on graceful stems. This is the ideal pink cut flower Peony.

Solange

3-5 Eyes, Each \$1.25, Doz. \$12.50
(9.7.) Flower very large, compact; rose type; outer petals delicate waxy white, deepening toward the center with shades of orange and golden brown. One of the most beautiful Peonies in existence; a strong grower and a late, free bloomer.

Therese

Sold out for this season.
(9.8.) A most desirable variety of a charming shade of violet-rose, changing to lilac-white. Develops a high crown; strong grower and very free bloomer. One of the best midseason sorts.

Walter Faxon

3-5 Eyes, Each \$1.25, Doz. \$12.50
(9.3.) Semi-rose type; midseason. A very distinct, delicate rose-colored flower. Tall, free bloomer. Those who know this variety consider it one of the best pure pinks.

PAEONIA OFFICINALIS (Early Peony)

Officinalis Albo-Plena

Each \$1.50, Doz. \$15.00

Officinalis Rosea Superba

Each \$1.25, Doz. \$12.50

Brilliant deep rose-pink fragrant flowers; one of the earliest to bloom.

Officinalis Rubra Fl.-Pl.

Each \$1.00, Doz. \$10.00

The old-fashioned early red, that even in our latitude blooms before Decoration Day.

PAEONIA MOUTAN - Chinese Tree Peonies

The Tree Peony is really one of the finest plants available for the garden. It is quite hardy, and does well under the simplest treatment. It flourishes in the most astonishing manner, bearing blossoms from 6 to 8 inches across, which increase every year in beauty and size. They are a grand addition to the garden, as they do not die down to the ground like the herbaceous sorts, but make fine bushes 3 to 4 feet in height, covered every spring with elegant flowers.

Culture. It is advisable to avoid wind-swept locations and to protect the early bloom buds in case of late spring frosts. The south or east side of a planting of evergreens, shrubs, wall or building, is a very good location for Tree Peonies. Mulching is advisable the first winter after transplanting. Apply mulch of light material after ground is frozen solid. Any good well drained garden soil is satisfactory. Never cut back woody branches.

Archduke Ludovico

Each, pot \$2.00, field \$4.00
Enormous wide flower, double, flesh-pink, turning soft lilac.

Athlete

Each, pot \$3.00, field \$6.00
Immense double flower of fine glazed mauve, shaded rose; vigorous and prolific grower. Blooms very freely.

Banksi

Each, pot \$2.00, field \$4.00
Semi-double; pale lilac-rose. Very free-flowering variety. Easily grown.

Chromatella

Each, pot \$15.00, field \$25.00
This striking novelty is a sport from the beautiful variety Souvenir de Maxime Cornu. Color, a pure sulphur-yellow without any shade of salmon or buff. The flower is full double. One of the choicest plants for the garden in existence.

Comtesse de Tudor

Each, pot \$3.50, field \$7.00
Lively salmon, petals tipped satiny white; fine full double flower; free bloomer. Lovely sparkling variety.

La Lorraine

Each, pot \$5.00, field \$10.00
A cross between Paeonia Lutea and a variety of Paeonia Moutan. Large, well-expanded full double flowers of good substance; the petals nearly imbricated, being of a soft sulphur-yellow with a salmon tinge when opening, becoming lighter and purer when fully expanded. (Awarded a Work of Art at the Paris Horticultural Exhibition in 1909, awarded first-class silver medal at the Ghent Quinquennial Exhibition 1913, first-class certificate from the Royal Horticultural Society, May 14, 1913.) A true jewel for the garden.

Mme. de Vatry

Each, pot \$3.50, field \$7.00
Very large globular bloom; satiny pink, shaded lilac, vigorous grower.

Reine Elizabeth

Each, pot \$3.00, field \$6.00
Flower perfect in shape, vivid salmon-pink. A brilliant color; considered amongst the finest of all double Tree Peonies. A-1 plant.

Souvenir de Ducher

Each, pot \$3.50, field \$7.00
Large, globular bloom; bright reddish violet with silvery reflex.

Souvenir de Maxime Cornu

Sold out for this season
A vigorous variety, raised by L. Henry at the Paris Museum from Paeonia Lutea hybridized with Paeonia Moutan, Ville de Saint-Denis. It forms a bush 3 to 4 feet high with abundant and healthy foliage, every stem carries 2 or 3 full flowers, 8 inches or more across, with crowned and wrinkled petals, of a deep yellow, heavily shaded orange.

Surprise

Each, pot \$7.00, field \$15.00
A tall vigorous variety; flowers carried by strong stalks, very large and full; the color is a combination of straw-yellow, pale salmon and rosy purple, of a very novel character. Fragrant.

Paeonia Moutan (Tree Peony), Reine Elizabeth

Tree Peonies furnished growing in 5-inch pots: The pot-grown plants establish quickly and usually bloom the second year after planting. They are now 2 years old. Field-grown plants are 4 years old. Avoid commercial chemical fertilizers.

Graceful Anemone-Flowered Peonies

A type not very generally known, but awakening great interest and enthusiasm. The opened flowers are of extra wide spread, with one or more layers of broad guard petals which act as a cup to the mounted center. In place of the pollen-bearing stamens, the stamens and anthers are greatly enlarged into narrow, thick, twisted petaloids of various colors, forming a dense cushion. They produce an enormous amount of flowers, creating a riot of color in the garden and are superb for cutting, lasting longer than the double flowers.

Camille

Each 90c, Doz. \$9.00
Deep Oriental red with violet sheen. Flower of very large proportions, semi-double to single in appearance. Striking center of golden stamens. Robust grower and extremely free flowering. Great for cutting and colorful garden effects.

Dai-Jo-Kuhan

Each 90c, Doz. \$9.00
A wonderfully graceful Peony. The large flowers are deep rose paling at the edges with bright yellow crest, giving a fine contrast. It is an outstanding flower of lasting qualities. As many as 4 to 6 on one stem. It makes a beautiful show in the garden and one of the best for cutting.

Eva

Each 90c, Doz. \$9.00
Bright light crimson flowers with lilac overtone. A very lively and artistic shade. Outstanding are the large round petals, making the flower look like a large Tulip. It flowers unusually free and is an outstanding kind for garden planting, not too tall. It fits well in the hardy border.

Francoise

Sold out for this season
Each 90c, Doz. \$9.00
Bright rose. Two rows of petals. Center composed of petaloids which, when the flower opens, are of a yellowish white shade, edged yellow. While the flower develops, the petaloids take on the same shade as the guard petals. An excellent variety.

La Fraicheur

Each \$1.25, Doz. \$12.50
Produces clusters of fine and substantial flowers. Often 5 to 6 on a single stem. They are clear blush-pink with fine center of yellow stamens. Excellent cut flower variety, lasting well in water. In the garden it makes an attractive colorful effect, good grower and fine habit.

L'Etincelante

Each \$1.00, Doz. \$10.00
Semi-double to single in appearance with petals deep rose, inner petals pale rose, white at edges, golden crest of stamens. Large blooms, in clusters of 4 or 5 on one stem, a bouquet in itself. A very showy variety for the garden and handsome as a cut flower.

Lucienne

Each \$1.00, Doz. \$10.00
White flowers with purple reflex and golden yellow center. The four to five flowers on a single stem make a wonderful show in the garden as well as cut. An unusually free bloomer and rugged grower.

Mikado

Each \$1.00, Doz. \$10.00
A rich red with long, rounded petals of brilliant red surrounding a great dome of golden staminodes. Exceedingly brilliant.

Nagasaki

Each \$1.00, Doz. \$10.00
Handsome light pink flowers in clusters of 4 to 6 on a single stem. Its dark foliage and robust growth make this a favorite for garden planting as well as for cutting.

Nympha

Each 90c, Doz. \$9.00
Bright flesh-pink flowers of unusually large size made very handsome by the fine center cluster of golden stamens. A-one for cutting and garden use.

Ruigegno

Each 90c, Doz. \$9.00
A double row of clear red petals with a large center of golden petaloids make this an outstanding kind. There are four to five big blooms on a single stem so that a well established clump makes a magnificent show in the garden. It is rugged and very free blooming.

Shi-Pen-Kue

Each 90c, Doz. \$9.00
A handsome and distinct Peony. The flowers are made up from heavy round petals of a most unusual purplish blue tint which serve as an artistic background for the large clusters of thick golden petaloids in the center of the flower. Several flowers occur on one stem and the plant is exceedingly free flowering, creating quite an effect in the garden. Handsome for cutting as well.

Taikoon

Each \$1.00, Doz. \$10.00
The blood-red flowers and their showy centers are very effective, particularly against a background of evergreens or dark foliage. Make a striking show always because it is a free bloomer and strong grower.

Leonian Hybrid Hemerocallis

If the value of a plant is to be judged by the aggregate qualities of hardiness, floriferousness, beauty and complaisance under almost any circumstances, then the Day Lily must be placed among the elect.

By crossing numerous species and hybrids, and recrossing and reselecting the plants produced in an almost endless process into fourth and fifth generations, Dr. Leonian has created the most remarkable series now in existence.

In height they vary from 3 to 4 feet. They stand on stalwart stems. Their flowers are of every shade, from deepest burnt orange through flaming orange-red into amazing tints of pastel old rose and maroon shades, all with a clean and pleasant fragrance.

This marvelous collection of Hybrid Day Lilies has been growing and increasing at Wayside for 3 years, and we are now ready to

offer some of these plants to our customers. We are going to distribute them unnamed and in units of 6 hybrid plants, 12 hybrid plants and 25 hybrid plants. The price asked will permit you to buy freely. They will be carefully dug and bundled so as to avoid duplication. What you now own in Day Lilies does not matter. What you will receive will be entirely different in color. Dr. Leonian's Hybrids contain no yellows but are a fine lot of seedlings of fascinating colors. And it is almost certain you will find several amongst those you buy that your friends and neighbors will want to purchase divisions of at a substantial profit to you.

Unit of 6 plants Leonian Hybrid Hemerocallis for \$4.00

Unit of 12 plants Leonian Hybrid Hemerocallis for 7.50

Unit of 25 plants Leonian Hybrid Hemerocallis for 14.00

Helleborus

CHRISTMAS ROSE and LENTEN ROSE

There are two distinct types, one, Christmas Rose, flowering in late winter, and the other, Lenten Rose, in spring. Both are valuable for garden decoration because of their flowering during the dull period of the year.

Helleborus altifolius (Improved Niger)

Each \$1.20, Three \$3.30, Doz. \$10.00

Helleborus grow about 12 to 16 inches high and have handsome evergreen palmlike foliage. Very leathery in texture and dark green in color. During December, January, or February depending on the locality where grown, they have large single white bell-like flowers which frost does not affect. They last for a month or more and are produced regardless of cold or snow. For hardiness they cannot be improved upon and are able to withstand many degrees below zero. Helleborus are frequently grown in small cold frames on which the glass is placed only from November until after flowering sometime in February, the glass covering keeping the white flowers spotlessly clean. We offer nice 2-year-old plants of this rare variety.

Orientalis (Mixed Colors) Each \$1.00, Three \$2.75, Doz. \$8.50

Orientalis is known as the "Lenten Rose." The colors of its flowers range from pale green through white from pale brown to the deepest tones of chocolate-red. Very interesting plants for shady nooks. Can be supplied in mixed colors only.

Curtis Giant Poppies

FLOWERS 10 TO 12 INCHES ACROSS ON STEMS 3½ TO 4 FEET TALL

Mr. E. A. Curtis of Cincinnati, Ohio, the originator of these Giants, has arranged with us for the exclusive distribution of his plants. Only a limited number are available for this season. Therefore order promptly.

Much careful breeding and selecting has resulted in the development of this wonderful strain of hardy Oriental Poppies and we predict they will replace now existing varieties of similar color. Their growth, requirements, habits, and flowering time are the same as all other hardy Poppies, only they are almost twice as large and tall.

Curtis Giant Flesh-Pink Each \$1.25

A magnificent robust plant with numerous giant flesh-pink flowers.

Curtis Giant Salmon-Pink Each \$1.25

A mammoth flower of beautiful salmon-pink.

Curtis Giant Mulberry Each \$1.25

Just as the name states, giant blooms of a most unusual mulberry-rose.

Curtis Giant Watermelon-Pink Each \$1.25

Rich watermelon-pink.

Curtis Giant Mahogany Each \$1.25

Deep mahogany-red.

Hemerocallis - Lemon Lilies

Beautiful hardy perennials belonging to the Lily order. For generations great favorites in all gardens, both here and abroad. The numerous species have long, narrow leaves and yellow or orange flowers, many of which possess a delicious fragrance. Very graceful and stately plants for the waterside, naturalizing in grass, or growing in the partially shaded border.

Culture. Any kind of soil will grow these plants successfully. They prefer partial shade, but do excellently in full sun. May be grown singly or in masses. Plant one to two feet apart in autumn or spring. Lift, divide and replant every third year to ensure the plants flowering freely.

Hyperion

The giant Amaryllis-like flowers of Hyperion are citron-yellow and delightfully fragrant. It is one of the most prolific flowering plants ever seen. The stems are gracefully thin and have exceptional substance, about 40 inches tall, carrying delicately sparkling clusters of flowers, the soft color of which "carries" great distance. Experts, as well as amateurs, consider Hyperion the finest pale yellow Hemerocallis available at a moderate price. Few plants surpass the beauty and vigor of a well-flowered clump of this wonderful Day Lily. It received an Award of Merit of the Royal Horticultural Society of Great Britain. Its graceful arching foliage always looks handsome. The flower buds open well in water. It is perfectly hardy, grows in dry, wet, sunny, or shady places. Blooms in July and August. Plant it any time, anywhere!

Dr. Regel

Each \$1.00, Three \$2.75, Doz. \$8.50
Handsome, rich orange-yellow flowers in early May and June. Very fragrant. Fine for cutting. 1½ feet.

Flava

Three \$1.25, Doz. \$4.00, 100 \$20.00
Sweet-scented, clear full yellow; 2½ feet. Flower in June in great profusion.

J. A. Crawford

Three \$1.45, Doz. \$4.75, 100 \$25.00
Rich apricot-yellow shaded with light cadmium. Many flowers on 4-foot stems; at their best about late June, flowering until end of July. A lovely plant which looks well in light shade.

Lemon

Three \$1.45, Doz. \$4.75, 100 \$25.00
Delicate and pale lemon-yellow flowers on 4½-foot stems. Blooms are at their best July 1st. One of the finest large blooms, much like a large Japanese Iris in form.

Mrs. W. H. Wyman

Each 60c, Three \$1.50, Doz. \$5.00, 100 \$30.00
Lovely light pale lemon-yellow flowers on 4-foot stems. In full bloom August 1st. Very free flowering and lasts a long time. One of the latest to bloom.

The Gem

Three \$1.45, Doz. \$4.75, 100 \$25.00
Rich, deep orange-yellow flowers on 3½- to 4-foot stems. In full bloom June 20th. Very finely formed bloom, equal to the best Lilies; truly a gem.

FOOD FOR THOUGHT

As Well as For Your Flowers

Plants, anything that grows in the soil, are exactly the same in their food needs as humans. There are plenty of what might be called the shot-in-the-arm kinds of ready mixed fertilizers. But, they are mostly only stimulants.

What your plants need is a balanced organic food. Not just a stimulant. They need one containing in right amounts, those things that make plenty of strong roots, produce good sturdy stalks, thrifty foliage and an abundance of good sized blooms.

That's exactly the kind of Plant Food we use at Wayside. Much of our success in growing such unfailingly fine plants is due to it.

What it has done, and is doing for our 600 miles of plants, it will do for your garden.

Turn to page 23 and get the full facts about it.

Leonian Hybrid Hemerocallis

The flowers illustrated above portray only in a very limited way the riot of colors and variations of the Leonian Hybrid Hemerocallis. There are hardly any two alike, but we can not pick out any specific colors or forms for you, so please do not ask us to do so. We can supply them only in a mixture. Beautiful though they will be the first year, you will be amazed at their magnificence the second and third year when the well-established plants come to perfection.

Papaver Orientale - Oriental Poppy

Oriental Poppies are the regal representatives of this popular genus, growing 3 to 3½ feet high, and far surpassing in splendor of bloom all the annual kinds. For a gorgeous display of rich and brilliant coloring nothing equals them during their period of flowering in May and June, and whether planted singly or in masses, their large flowers and freedom of bloom render them conspicuous in any position.

Oriente

Three \$1.25, Doz. \$4.00, 100 \$20.00

(Oriental Poppy). Tremendous cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these throughout the border add a brilliancy that no other flower can provide.

Australia

Each \$1.00, Three \$2.85, Doz. \$10.00

Large massive and substantial flowers of oxblood or spectrum-red on rigid tall 42-inch stems. This fine red variety is an Australian introduction.

Barr's White

Each 75c, Three \$2.00, Doz. \$6.00

Large pure white flowers with purplish black spots. This is a free blooming and healthy grower.

Beauty of Livermore

Each 55c, Three \$1.45, Doz. \$4.75

The finest dark crimson with black blotch; fine flowers freely produced.

Cavalier

Each 75c, Three \$2.00, Doz. \$6.00

One of Dr. Neeley's latest and best. Strong grower and free bloomer. Flowers are crinkly and deep scarlet-red.

Enchantress

Each 60c, Three \$1.50, Doz. \$5.00

A lovely soft rose, an enchanting delicate shade. Here again one of the best and possibly "tops" in this color which comes to perfection if the plant is grown in light shade. Very good grower and free flowering.

Gold of Ophir

Each 60c, Three \$1.50, Doz. \$5.00

A Poppy of medium height, about 24 to 28 inches, coming to perfection when two years old or more. The flowers are golden orange. This tone of golden orange becomes more pronounced as the plant grows older. Unique.

Helen Elizabeth

Each 60c, Three \$1.50, Doz. \$5.00

Considered by many as the best pink. It is a rugged grower. The straight 34-inch stems are topped by La-France-pink flowers without dark spots. We also think it one of the best.

Henri Cayeux Improved

Each 60c, Three \$1.50, Doz. \$5.00

Much larger flowers than Henri Cayeux but otherwise similar. The big blooms are a peculiar tint of ashes of roses or an old rose shaded burgundy. If grown in light shade this flower really comes to perfection.

Jeanne Mawson

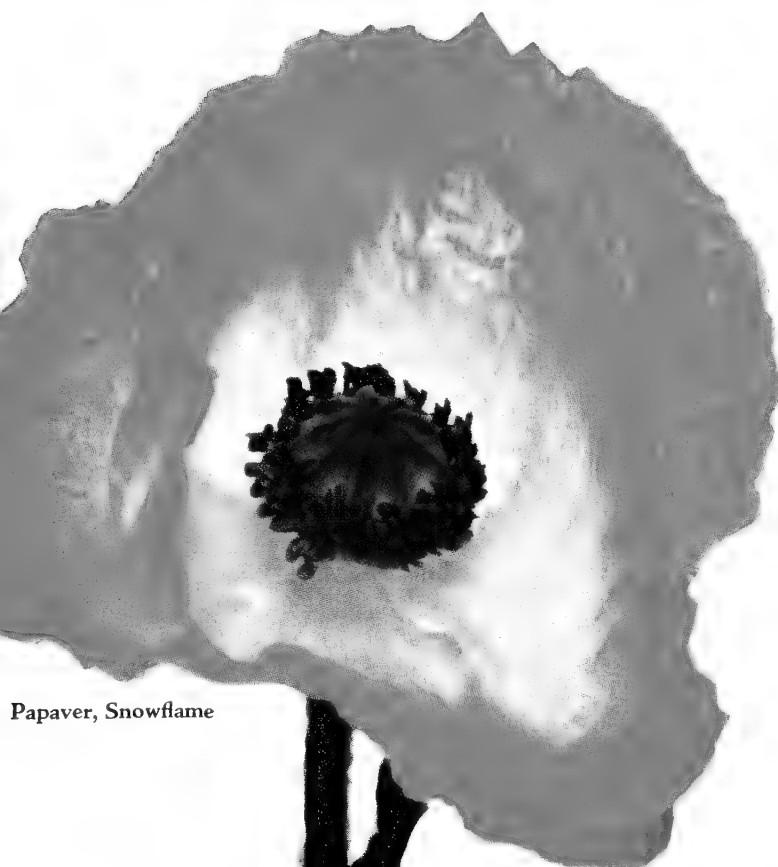

Each 60c, Three \$1.50, Doz. \$5.00

Tall, erect growing variety. Flowers are large and sparkling geranium-pink. Unquestionably a beauty.

Joyce

Each 55c, Three \$1.45, Doz. \$4.75

Charming soft red flowers in great abundance on 48-inch stems of exceptionally sturdy growth.

Papaver, Snowflake

CULTURE: Almost any kind of soil suits them, but they do best in deep, rich loam. Set the plants out in the fall or early spring before the first of May, twelve inches apart. Give them water occasionally during dry spells in the early part of the season. Mulch with dry litter to prevent crown rot in the fall; and they will increase in size and floriferousness for several years. The proper planting season for field-grown roots of Poppies is during the last of August, September and October. In spring, strong plants are supplied in pots to insure success.

Lula A. Neeley

Each 55c, Three \$1.45, Doz. \$4.75

Good strong stems support flowers of brilliant oxblood-red, the color holding until the last. This variety is becoming most popular.

May Sadler

Each 55c, Three \$1.45, Doz. \$4.75

Salmon-pink with black markings. We believe it one of the finest of the pink sorts because of its large flowers and robust growth.

Mrs. Perry

Each \$1.25, Doz. \$4.00, 100 \$20.00

Orange-apricot; a very fine variety.

Orange Perfection

Each 60c, Three \$1.50, Doz. \$5.00

A new variety from Europe. A strong grower with orange-tinted flame-red flowers; very free flowering.

Perry's White

Each 75c, Three \$2.00, Doz. \$6.00

The flowers are a fine satiny white with a crimson-maroon blotch at the base of each petal.

Pink Radiance

Each 60c, Three \$1.50, Doz. \$5.00

A delightfully fine radiant pink flower on stiff stem. It is a free bloomer and of easy culture. Height 30 inches.

Purity

Each 75c, Three \$2.00, Doz. \$6.00

Considered by many to be the finest of all pink Poppies. Color pure soft pink without any spots or markings. Very free flowering.

Salmon Glow (Double)

Each 75c, Three \$2.00, Doz. \$6.00

A fine double salmon-orange not to be confused with Olympia. The flowers are exceptionally large, fully 8 inches across. It is a Dutch origination and selected for the Wisley trials. It received a first-class certificate in Holland and is spoken of as a beautiful double salmon-orange. Strong, upright growing Poppy. It was much admired in our nursery.

Sass Pink (True)

Each 75c, Three \$2.00, Doz. \$6.00

No doubt one of the finest and largest pink Poppies. The immense blooms are of fine crepy texture and of a lovely light delicate flesh-pink shade with gray-mauve center.

Toreador

Each 60c, Three \$1.50, Doz. \$5.00

Beautiful crinkly carmine-red flowers 9 inches across, handsome marking at the base. Good grower, one of the best of the dark red Poppies. Grows about 30 inches tall.

Wunderkind (True)

Each 75c, Three \$2.00, Doz. \$6.00

Considered the finest cerise colored Poppy, true Begonia-rose. Strong grower with very large flowers on 33- to 35-inch stems. The plant looks sturdy and is a good grower. Flowers keep well when cut.

Wurtembergia

Each 55c, Three \$1.45, Doz. \$4.75

A striking flower of great size and substance. Brilliant glowing rose-red.

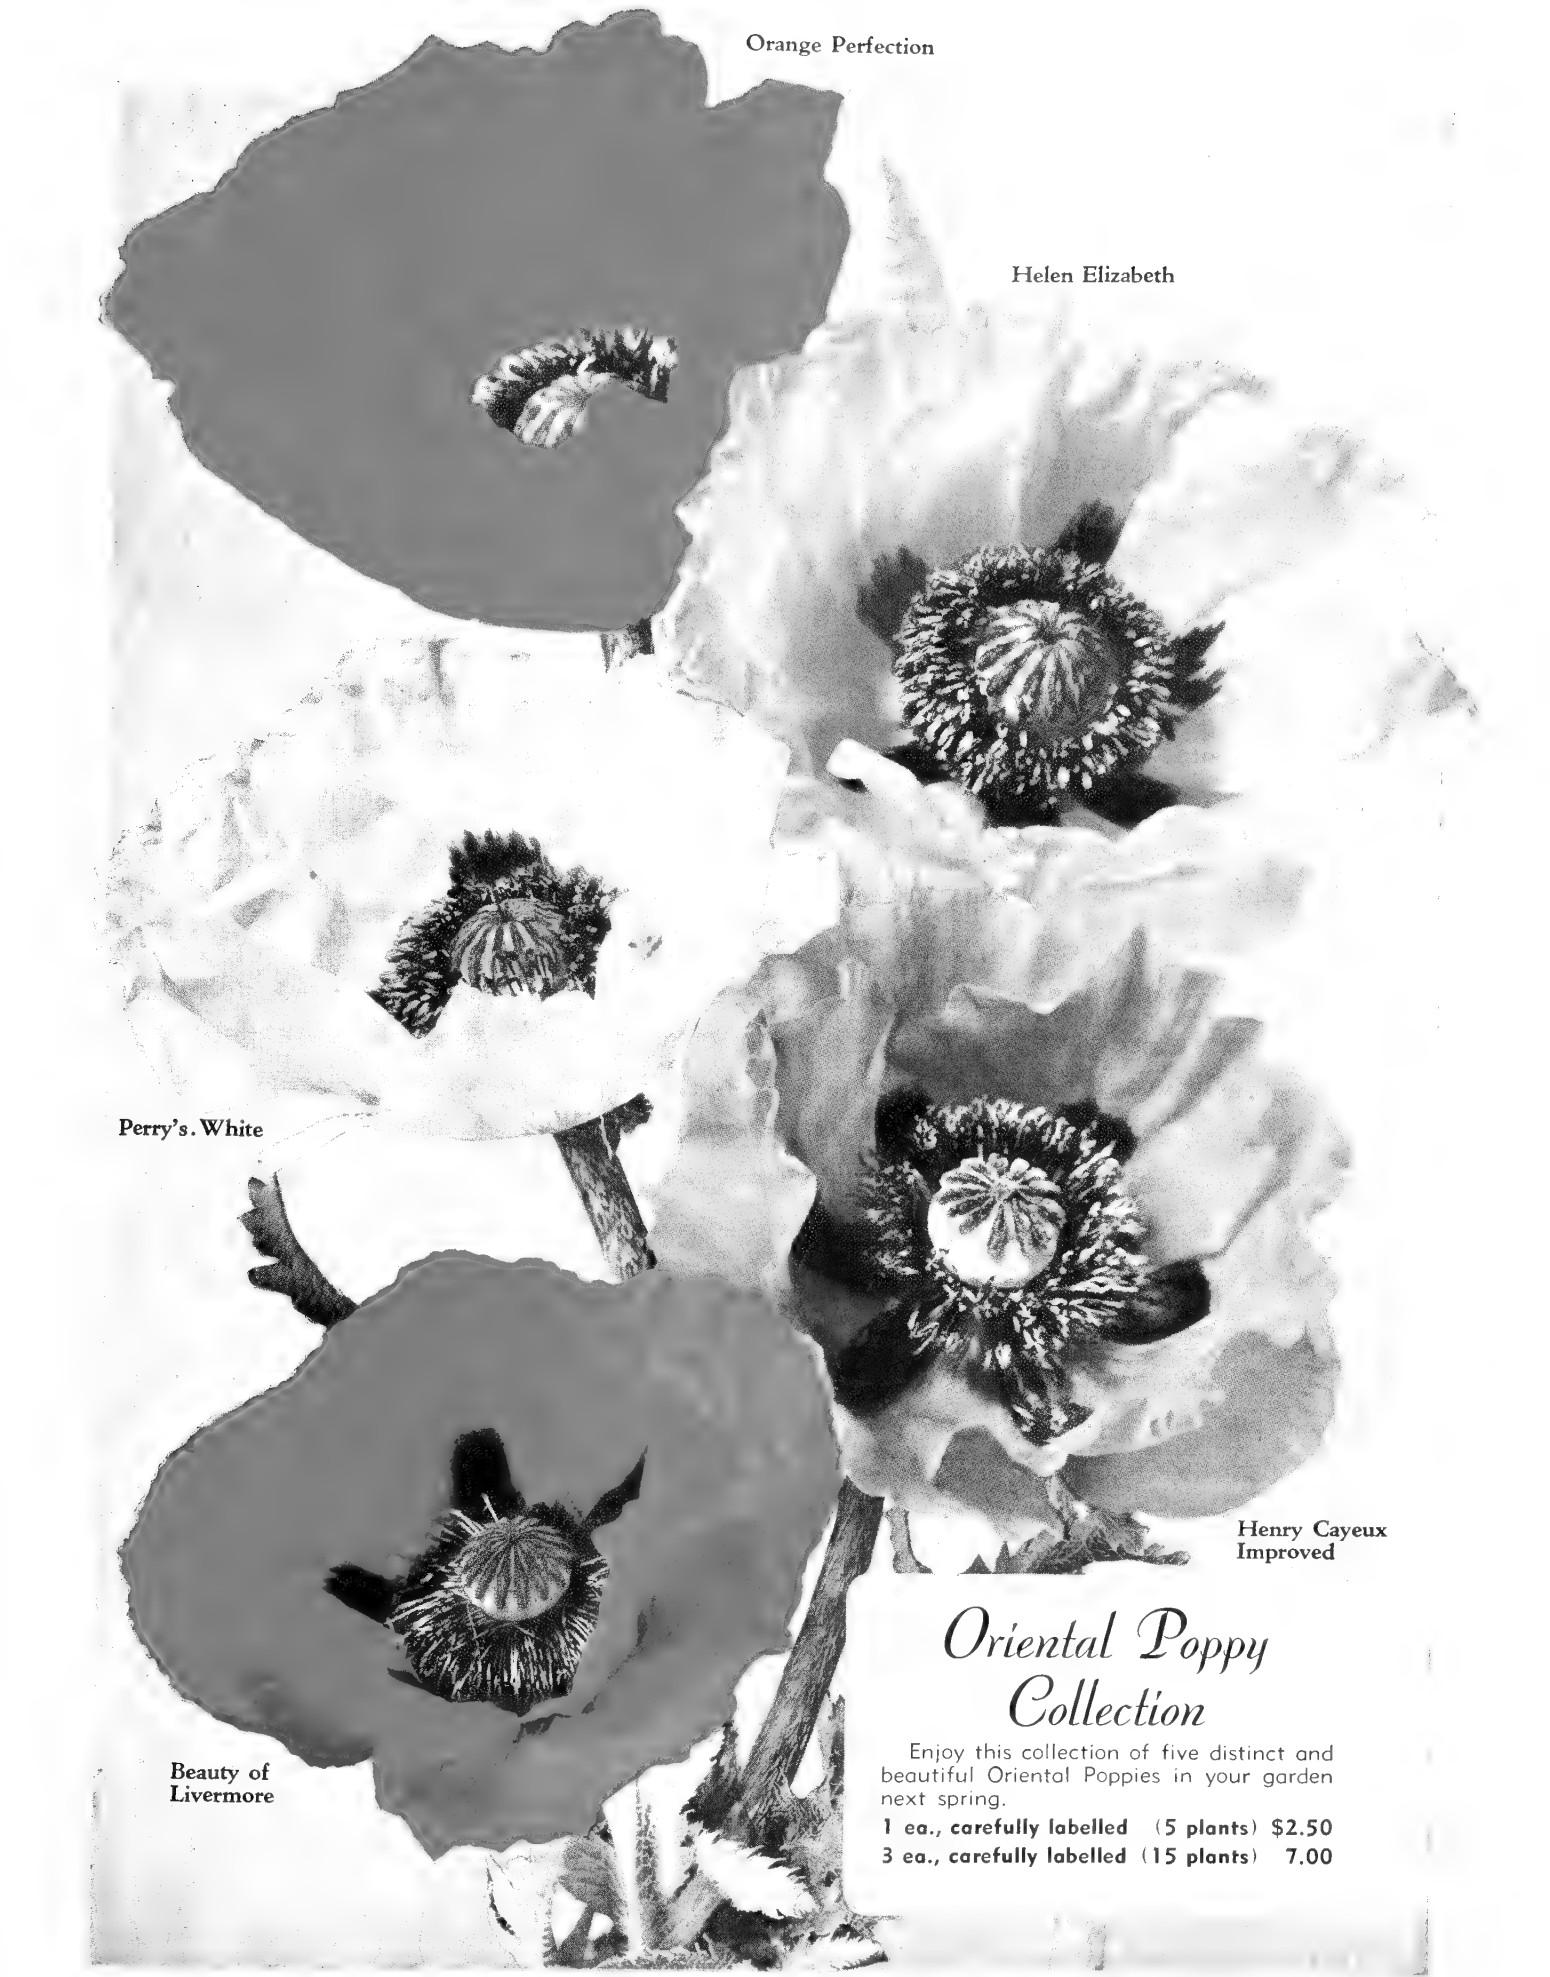

SENSATIONAL NEW BICOLOR POPPY

Snowflake

(Plant Patent No. 365)

"A sensational break in Poppies" is what an expert said when he saw Snowflake in bloom the first time in our nursery. The lower half of the flower is pure white; the upper half a flame-orange, creating a most unusual and brilliant effect. The orange band of the upper half of the petals varies considerably in width with each flower, helping to increase the charm of this rare variety. Happily, Snowflake is a very strong grower, and blooms freely. It is not subject to any ailments or insect pests. In fact, it is one of the strongest growing varieties we have. The flowers are large and grow on stiff stems. A few clumps of Poppy Snowflake in your garden will create nothing short of a sensation. We send, in the spring, strong plants in 2½-inch pots. From August until end of fall planting season, we send field-grown roots. The pot plants are vigorous and most of them will bloom the first year.

Each 65c, Three \$1.75, Doz. \$5.50

Oriental Poppy Collection

Enjoy this collection of five distinct and beautiful Oriental Poppies in your garden next spring.

1 ea., carefully labelled (5 plants) \$2.50
3 ea., carefully labelled (15 plants) 7.00

Delphinium - Larkspur

Try as you will, one can hardly say enough for these regal midsummer favorites. None quite equal them in the commanding stateliness of their profusely bloom-laden stalks. Their gamut of colors ranging from exquisitely delicate pastel blues, whites and lavenders to those of the deep solid colors, in violet and indigo-blue, is but one of their charms.

The giant varieties make an admirable background for any planting. They are the English varieties that are so intriguing as over there, they peep atop garden walls and hedges.

CULTURE: Delphiniums require a rich, generous and well-drained soil. On soils of a light or medium nature dig in plenty of well-decayed manure. In those of a heavy nature it is desirable to fork up the subsoil and compost of two parts loam and one of equal proportions of decayed manure and sand. The plants are best grown in groups of three or six. Allow a distance of at least 18 inches to 2 feet between the plants. Planting may be done in autumn or early spring. Remove that part of the stem containing the faded flowers, leaving the lower part of the stem containing the foliage and on no account allow seeds to develop, then a second crop of flowers may be expected later on.

DELPHINIUM BELLADONNA

The Belladonna Delphinium does not grow quite as tall as the popular English Hybrids but they produce more spikes and are more graceful, therefore, more useful for cutting. In fact, they are our loveliest early blue flowers for that purpose. They require the same care and treatment as suggested for the English Hybrids, but may be planted a little closer together, 12 inches apart is sufficient space for them. Their lovely blue spikes are about 3 or 4 feet high and produced in June and again in September.

Belladonna. Light sky-blue. A great favorite for cutting.	
1-year-old plants	Three \$1.25, Doz. \$4.00, 100 \$20.00
2-year-old plants	Three \$1.45, Doz. \$4.75, 100 \$25.00

Bellamosa. A dark blue form of Belladonna.	
1-year-old plants	Three \$1.25, Doz. \$4.00, 100 \$20.00
2-year-old plants	Three \$1.45, Doz. \$4.75, 100 \$25.00

Belladonna, Cliveden Beauty	Three \$1.45, Doz. \$4.75, 100 \$25.00
This is a fine English improvement over the common Belladonna, growing much taller, many more flowers to each spike and of a brighter color. A fine form for garden as well as for cutting.	

Belladonna, Lamartine	Three \$1.45, Doz. \$4.75, 100 \$25.00
The rich indigo-blue flowers are freely produced on branching stems. Excellently suited for cutting as well as for colorful effects in the garden.	

Wayside Gardens Hybrid Delphiniums

GIANT PACIFIC HYBRID DELPHINIUMS

Here offered are the newest, the best, and the finest colors and forms to be secured anywhere. The range of colors varies from the palest shade of blue to the deepest indigo-blue and royal purple with many intermediary pastel tones of mauve, pink and lavender blendlings. Among these new hybrids are flowers of huge size and fully double. They are particularly fine for cutting but not as long lived as the Wayside Gardens Hybrids which are particularly fine for garden planting.

Many experts prefer to set out Hybrid Delphiniums in early fall. These young plants were started by us last summer and have developed into nice vigorous plants that will flower next summer for you with magnificent spikes of blooms. Space them 18 inches apart and plant in groups of three or more for stunning effects.

Pure White Shades	Each 75c, Three \$2.00, Doz. \$6.00
Giant pure white glistening flowers with white bees often reach three inches in diameter, and are of beautiful heavy texture on 5- to 6-ft. stems.	

Dark Blue Shades	Each 75c, Three \$2.00, Doz. \$6.00
The color of this series is a rich purple with velvety texture and large white bee. The flowers are beautifully formed and carried on stiff thin woody stems. We consider these the most brilliant of Delphiniums.	

Light Blue Shades	Each 75c, Three \$2.00, Doz. \$6.00
As the name indicates, this is the blue of a summer sky, with white bees representing fleecy clouds; a color long sought in the Hybrid Delphiniums.	

All Colors Mixed	Each 75c, Three \$2.00, Doz. \$6.00
This is a superb mixture comprising all available shades in Delphinium. Nothing yet has been created that equals them for sheer beauty, vigor, and quality.	

ENGLISH DELPHINIUMS

Wayside Gardens Hybrids Three \$1.50, Doz. \$5.00, 100 \$30.00

For Permanent Plantings in the Garden

This is one of the most permanent and at present the most popular strains of the garden Delphinium. It is distinct because of its broad, conical spike and enormous individual flowers, 1½ to 2 inches in diameter, in all shades of blue blended with mauve and violet. Also contains some fine clear white types. For permanent groups in the garden this mixture has no equal.

Gold Medal Hybrids

Three \$1.45, Doz. \$4.75, 100 \$25.00
This English strain belongs among the finest developments in the Delphinium family. The flowers are enormous, produced on solid, erect spikes of great height and rigidity. The colors lie in delicate shades of blue, mauve, and pink. Combines landscape value with a grace and elegance for cutting unsurpassed in this family of plants.

Dicentra - Bleeding Heart

Old-fashioned perennials; also known under the name of Dielytra. The species named below have fleshy, brittle stems and finely cut, fernlike foliage.

Culture. Spectabilis should be grown in a partially shady border. Eximia will do well in a similar position, or in the woodland garden, or in a shady nook of the rockery. Plant in fall or very early spring, 8 to 12 inches apart.

***Eximia** (Plumy Bleeding Heart.) A dwarf-growing sort, with beautiful, finely cut foliage and showy racemes of pretty pink flowers throughout the season. Too much cannot be said for this fine border plant as it is equally at home in full shade or sun and perfectly hardy anywhere.

Spectabilis (Bleeding Heart or Seal Flower.) An old-fashioned favorite; its long racemes of graceful heart-shaped pink flowers are always attractive; it is used also for forcing in the house, and is perfectly at home in any part of the hardy border, and especially valuable for planting in clumps.

It's Easy to Order by Mail from Wayside

NEW CUSTOMERS ARE INVITED TO READ THIS PAGE BEFORE ORDERING

The business of Wayside Gardens is conducted each year with many customers—and is based upon confidence and co-operation. By its very nature most of our shipping must be done during only a few weeks in each year. At the peak, hundreds of orders are filled daily.

Your Confidence in Wayside

We appreciate your confidence in ordering from us—and will do our utmost to merit your trust. Based on many years' experience we have worked out systems for handling orders expeditiously and correctly with a minimum of trouble to the customer.

However, you can help us, and enable us to give you the best possible service, if you will order early.

When to Order

Send us your order as soon as you have made your selection. Do not delay mailing it to us! Much preliminary work must be done before the actual shipping of bulbs or plants is possible.

In case of "short crops" early orders have first consideration. It is always good judgment on your part to have your order "in" early, as well as it is helpful to us.

The Time to Plant

One of the most often asked questions is: "When is the right time to plant, the autumn or the spring?" The answer to this question depends entirely on the material to be planted, the location it is to be planted in, and the time when the question is asked.

The autumn is the better time to handle all plant material of unquestioned hardiness. In the fall weather and soil conditions, as a rule, are better than in the early spring. Here is a good suggestion:

Plant Alpine and Herbaceous Plants from September 1st to November 1st. Roses from October 15th to December 1st. Peonies, German and Japanese Iris from September 1st to frost. Oriental Poppies from August 15th to October 15th. Spring flowering bulbs from October 1st until ground is frozen hard.

It is our practice to ship no plants or bulbs except at the season when they will give best results.

Every order in the autumn is carefully examined, material and location carefully considered, and shipment is made only of such material as can be transplanted in that part of the country at that particular time, the balance is carried over by us and sent to you in the spring. This work of examining is not left to employees; it is done by a responsible official of the company. It is part of our service to our customers.

Shipping Directions are Desirable

All plants, roses or shrubs and bulbs will be shipped at the proper time for planting in your locality. This often requires two or more shipments. If there is a special date on which you would like to receive your order, mention it on the order blank. Shipments will be made by parcel post or express, at our option, unless specific instructions are received.

Small Purchases

We have based our prices of plants, roses, shrubs and bulbs in this catalog on the assumption that orders received will be \$3.00 in value or more. If your purchase is for a lesser amount, it will be a privilege to serve you, but please add 35 cents service charge to your remittance. Handling small orders in any nursery

requires a great amount of labor and is very expensive. Orders for less than \$3.00 for seeds, sundries, or books do not require this extra 35-cent service charge.

Remittances Must Accompany Order

Your remittance and your order will be acknowledged when received. Checks, money orders or bank drafts may be used. Currency should be sent only by registered mail. We cannot be responsible otherwise.

C. O. D.: We will gladly forward your purchase collect on delivery, if desired.

Wayside's Guarantee

We guarantee each order we send out to be filled with stock of superior quality.

We guarantee each shipment to reach you safely and undamaged.

We guarantee to replace any of our products that do not reach you in first-class condition or refund your money in full, including any and all transportation charges paid by you.

We guarantee the accuracy of our shipping dates for your order and your own particular garden. Your order is a matter of personal and individual concern with Wayside.

Report Errors Promptly (Always Give Date of Order)

It is impossible to avoid or escape rush periods in the nursery business. Errors are possible at such times. Therefore, check over your order as soon as you receive it. Remember that shrubs, roses, bulbs and plants, etc., are sent in separate packages sometimes several weeks apart. Consult your order acknowledgement. If you receive anything which has been damaged in transit, advise us at once. Be sure to always state the variety name and quantity of damaged goods. With that information at hand we are able to immediately send you a free replacement for that which was received damaged. For prompt replacement it is important we have complete information.

Replacements

We guarantee our plants, rose, shrubs and bulbs to bloom if given intelligent and reasonable care. Of course, you would not expect us to replace stock lost due to freezing, bad drainage, drought, heat, carelessness, neglect or lack of experience on the part of the planter. The above mentioned conditions are entirely beyond our control and we cannot be held responsible for stock when lost because of them. No complaints can be entertained more than one month after delivery.

Transportation Charges

It is impossible to predetermine the size and weight of bulbs, roses, shrubs or hardy plants; therefore, transportation charges are not included in the purchase price. All seeds are delivered free.

A notice of the correct amount of postage we have advanced will be found inside the package, which you can refund us in postage stamps, or any other way, at your convenience.

Unlike Other Commodities, Nursery Products are Ordered in Advance

Garden Blox A Happy Solution To Your Gardening Problems

Published Price, \$2.00, postpaid
Wayside Gardens Customers, \$1.00

"I love flowers but have no real knowledge of them. Can't you help me to arrange my garden and make it more attractive and beautiful? I wish merely to know **WHAT** to plant, and **WHERE** and when to plant it."

Hundreds of such letters come to WAYSIDE. We knew that something should be done about this simple appeal. Anxious to help our customers, at the same time preserve and create more beauty in the New World, we called upon noted landscape architects and garden experts of the country.

Let the Experts Help You

At a cost of thousands of dollars to us, we bring you this expert knowledge in a simple, practical and condensed form. Easy to understand and follow, the Garden-Blox plans or maps show you how to get the maximum amount of beauty in your garden for the least possible time, expense and trouble.

There are 14 sheets of these fascinating maps, 18 x 24

inches in size. They come to you in bound form, enabling you to take them right out into your garden and follow their simple instructions. The plans or maps come in two sizes, 5 x 5 feet, and 10 x 5 feet, making them adaptable to different size locations. Like playing with blocks, you can make your garden any size or shape and each block is complete in itself.

Like Magic in Your Garden

Garden-Blox show you how to obtain the very finest and most efficient results. They point out your general directions and show the proper course to follow, but are flexible and adaptable enough to enable you to depart on flowery bypaths and carry out your own personal ideas. Thus you retain the stamp of your own personality on your garden; the Blox actually assist you in carrying out your own desires for your garden, and are made to fit all sections of

the country. These beautiful plans give you information you have long sought about color arrangements, artistic and harmonious designs, where to place plants of certain size and height, showing you flowers that thrive, flourish, and grow even lovelier when planted alongside each other. Of even more importance is the fact that the Blox may reveal any mistakes you may now be making in your garden.

Garden Blox Highly Popular

Thousands of garden lovers have purchased these plans. Many are the letters of praise we have received. These artistic maps represent the cumulative knowledge—the result of a lifetime of study—of some of the noted garden-planning experts of the land.

These Garden-Blox plans are yours for a mere dollar. The published price is just double that amount. The low price of a dollar does not begin to cover the cost of them. If your order for nursery products amounts to ten dollars or more, we send the Blox to you free, if you request them.

Satisfaction Guaranteed

Be assured that if you are not more than pleased your dollar will be very promptly returned. (We underestimated the demand in our last printing and it is extremely doubtful if we have enough of the Blox plans on hand to fill all of the orders we are certain to receive.) Order today.
